Harriers Place Second at LeMoyne; Robinson Takes 3rd in Close Race

State's varsity cross-country team barely missed taking first place at the LeMoyne Invitational Meet in Syracuse last Saturday. Finishing four men in the first thirteen men in a field of over 100 runners, the Albany team scored 71 points to 41 for Robert Wesley College. Washington won the meet for the third consecutive year. Last year at LeMoyne the Peds finished third in the meet competition with a total score of 115 points.

Bill Ripple, LeMoyne College, captured individual honors in twenty minutes, seven seconds (20:07) six seconds adavant the next man and was the most improved. He stopped five possible scores, had a time of 20:07, and fifty-third and fifty-fourth respectively.

The race was a three-man battle for the beginning until Washington, who had a perfect start, opened up and by the two-mile mark was way out in front, and was able to increase his lead to the finish.

Coach Munsey added, "the entire squad of '69, are the first from State to participate." Munsey stated to his runners that they would have to compete with the state's freshman team that was sixth and thirtieth respectively.

Tennis Club Selects Players for Tourney

Women's Tennis Team, 30, has announced that the annual College Tennis Tournament, held at the State University of New York, will take place at the Saratoga Plaza.

The tournament will be open to all college students and will consist of singles and doubles matches. The tournament will be held over three days, the first day of which will be designated as the singles match, the second day for doubles matches, and the third day for the finals.

The tournament will feature matches between the best players from various colleges, including the Saratoga Plaza, Le Moyne, and the Albany State University. The tournament will be held under the supervision of the Saratoga Plaza Tennis Committee and will be judged by a panel of experienced tennis players.

The winners of the tournament will receive trophies and prizes, as well as recognition for their achievements. The tournament will be a great opportunity for students to compete and showcase their skills in tennis.

The Saratoga Plaza Tennis Committee is looking forward to a successful and exciting tournament. They encourage all students to participate and support the event.

The Siena College chapter of Sigma Phi Sigma, the national Catholic honor society, has been asked to participate in the Siena College Recruitment Week, according to the Siena College office of Student Services. The chapter will present a reception for prospective students on Wednesday, November 21, with a focus on their work in the area of education.

At the reception, members of the chapter will discuss their involvement in community service projects, their work on campus, and their role in recruiting new members.

In addition to the reception, the chapter will also hold a series of workshops and events throughout the week. These events will be open to all interested students, and will provide an opportunity for them to learn more about Sigma Phi Sigma and its activities.

The chapter is also encouraging all members to participate in the recruitment efforts, either by attending the reception or by participating in the workshops and events. Members who are interested in participating should contact the Siena College Student Services office for more information.

**Outing Club Invades Lake George**

With Six Hundred Brave Campers

By Mathew Smith

The Outing Club of Siena College has embarked on a new mission: to conquer Lake George with 600 brave campers. The adventure began on Saturday, September 25, when the club members set sail in search of adventure and camaraderie.

The trip, which took place over three days, was filled with outdoor activities such as kayaking, hiking, and swimming. The campers were divided into small groups for a more intimate experience, and they were encouraged to explore the natural beauty of the lake.

The highlight of the trip was the overnight stay on a secluded island in the middle of the lake. The campers were able to experience the tranquility of the outdoors and the peacefulness of nature.

The trip was a great success, and the club members are already looking forward to their next adventure. With their passion for outdoor recreation and their thirst for new experiences, the Outing Club continues to thrive.

**Faculty Questions College Purpose**

Dr. Robert L. Briscoe, President of Siena College, addressed the college community last week to discuss the college's purpose and the goals for the upcoming academic year.

In his speech, Dr. Briscoe emphasized the importance of education and the need to provide a quality learning environment for all students. He also highlighted the college's commitment to research and the importance of supporting faculty in their scholarly endeavors.

Dr. Briscoe encouraged the college community to work together to achieve the college's goals and to strive for excellence in all aspects of the college's mission.

Emphasis on Property Complements Individual

by Pacifica Pinnock

Atomic property is a necessary safeguard to protect the property of our country, for there are many people who are not aware of the importance of property rights. The law protects property in its entirety, and this includes things like a house, a car, and even the air we breathe. Property rights are a fundamental right that protects the interests of property owners.

However, the fact that debate has so far been carried out in special meetings shows, we hope, as increasing maturity on the part of Senators.

The meetings have also been short and usually to the point this year. There has been a trend to quibble over parliamentary technicalities, and most of the operations and debate have been reported in the newspapers.

If this trend continues, it will be a great thing that has happened to Senate in a long time. When Senators report the bare facts of their argument clearly, it can be helpful to the average citizen to understand what is happening at Senate.

Arsenal is going to be

for the concert portion of weekdays, and when an effort is made to make the formula far more effective.

The Florin Society and the Folk Club would like to point out that the formula was effective in the last semester when a total of 200 tickets were sold for this week's concert at the main auditorium.

In addition to the ticket sales, there has been a significant increase in the number of students interested in attending the concerts. The entire audience of the state university at New York at Albany has increased by 10% in the past semester. The ASP may be able to increase this number even further.

Hypocrisy versus Integrity

by A. Roger Lee

The capital tax on the cornucopia is a matter of some urgency, and the problems which such a tax might create are numerous. In the first place, the tax would discourage saving, thereby reducing the amount of capital available for investment. In the second place, the tax would be regressive, as it would fall more heavily on the lower-income groups. Finally, the tax would be difficult to administer, as it would be difficult to determine the tax base for each individual.

Power

The capital tax is not the only way to increase government revenue. The government could also raise taxes on income, property, and sales. However, these taxes would be more regressive than the capital tax, and they would be more difficult to administer. A better way to increase revenue would be to cut government spending. This would not only free up more money for investment, but it would also reduce the size of the government.

Huckleberry Road

by The Newell

A bunch of the guys were hanging out at the W. T. Ford store. Each one had their own idea about how to get into the store. One guy was thinking about breaking in the window, while another was thinking about stealing a car. The third guy was thinking about using a fake ID to buy beer. They were all having a good time, but they were also getting a little rowdy. A cop showed up and told them to leave. The guys laughed and told the cop to go back to his own business. Just then, a car pulled up and the cop got in. The guys all looked at each other and said, "Well, we tried."
The Observer Continues Italian Neo-Cinematic Tradition

by Brian Knowles

"Tarzan" is synchronally and metaphorically interwoven with many of the major trends of contemporary Italian cinema. The success of the film is predicated on the fullness of human experience and the seductive world that, for the principal characters create a charming element in the enchanting, picturesque scenery. Certainly, the film contains 24 Tarzan books and 10 Edgar Rice Burroughs' adventures, which is supposedly being thwarted to achieve "total victory over the Communist". The author claims that the film's success has been more than a reading of his catalogue of human misery, but it is definitely not the only thing that makes it interesting. The film's usage, without the laughter which, so far as we know, is the only thing that makes it laughable, is at least extremely naive. The author's glasses are knocked off. Very definitely, in full color, with all the scenes. The spectators are forced to think of gags, and effects, that it often seems like the story is being told in a more artificial way. The spectators are forced to think of gags, and effects, that it often seems like the story is being told in a more artificial way. The spectators are forced to think of gags, and effects, that it often seems like the story is being told in a more artificial way. The spectators are forced to think of gags, and effects, that it often seems like the story is being told in a more artificial way."
Trinity Tops W’bury, KB Loses
To SLS 25-7, APA 'Pygmies' 6-0

SLS, with a fine passing game, dominated Trinity, with a strong running half, to win the game, 25-7. Although most of the action occurred in the first half, both teams scored in the second half. The Trinity line was able to stop the SLS offense in the first quarter, and when quarterback Ron Walker left Alan Allin for a 67 yard touchdown to open the scoring in the second quarter, after a spectacular run. The SLS offense then was stopped, and Trinity gained the advantage in the second half.

In the second half, Trinity continued to dominate, and SLS was unable to score. Although SLS had some chances, their offense was unable to capitalize on them.

The game was highlighted by the performance of Trinity's Ray McCollum, who was quickly surrounded by Trinity's Ken Walker and Gary Penfield after a two-yard pass.

I'll make darn Deansh's light dish shemesh. You jus wait.

Soccer Team Edges Oneonta As Tsododo, Guddat Pace Attack

Led by Maurice Tsododo's two goals, and Udo Guddat's head-bashing tally late in the final period, Coach Joe Garcia's first-up Peds scored a 3-2 triumph over the Oneonta State last Wednesday on the loser's field. Fred Rawe and Ron Hamilton were standouts for State's defense, as Rawe time and again single-handedly halted the Peds offensive forays and Hamilton came up with 22 saves, many at crucial moments to keep his team in the game.

Booey UdoGuudat heads ball toward goal in a scrimmage last week.

Fresh Booters Tie Hudson Valley; LaReau, Glaser Star in Comeback

by Mike Farrell

Puy Glaser scored with 4:35 gone by in the final overtime period enabled State's frosh to tie a strong Hudson Valley adv. by 4-3 in the Peds opening game against Brooklyn College, Friday night at the Homecoming Game.

Game highlights were Glaser's goal, the final period, Coach Joe Garcia's fired-up Peds scored a 3-2 triumph over Oneonta State last Wednesday on the loser's field. Fred Rawe and Ron Hamilton were standouts for State's defense, as Rawe time and again single-handedly halted the Peds offensive forays and Hamilton came up with 22 saves, many at crucial moments to keep his team in the game.

ASP ****

Ospina, Rawe Give Booters Leadership, Confidence, Spirit

by Ray McClure

Soccer Coach Joe Garcia has decided that the technique of modern dance steps in the calisthenics drill will make the game easier for his players. Garcia said that this drill will improve the team's coordination and agility. Since coordination and agility are very important aspects of soccer, these drills will prove worthwhile.

However, Garcia said that modern dancing is not the only answer to the soccer team's problems. Two weeks ago in the bowling game against Brooklyn College, the Peds' greatest weakness was an inability to sustain an offensive attack. Strong passing and the absence of teamwork were the main reasons for the losing effort.

In the Brooklyn College game, the opposition was able to dominate control of the ball throughout, allowing the Peds' great offensive potential to remain unfulfilled. But the Booters were back on top last year's only loss the Peds' season occured at the hands of the Peds, who were able to run an unchallenged attack.

Active in School Affairs

Even though he doesn't have a job to work on campus, Fred has been very active on school activities. He is a member of the Student Council, the Literary Society, and the Debate Club. He also belongs to the Drama Club and has been engaged in several school productions in the past.

Fred's favorite hobbies are playing sports, watching baseball, and working on his model trains. He plans to continue his education at the University of St. Louis where he plans to major in History.

Fourth Year of Soccer

Since the beginning of the season, the Peds have been looking for a win. They have been playing well, but have yet to score a point. Coach Garcia has been working hard to improve the team's performance. He has been implementing new tactics and strategies to help the team win.

The Peds have been practicing hard, and are looking forward to their next game. They are confident that they can turn their season around and achieve their goal of winning a game.
