Tracksters Run Over Plattsburgh 118-15

Streak Extended to 29

by Bruce Maggin

Albany State's track team had its second victory of the season Wednesday, as they trounced lightly regarded Plattsburgh by a score of 118-15. Many of the track team's top performers were given the night off in order to be well-rested for this Saturday's SUNYAC championship, being held at Plattsburgh.

The host school, unfortunately, is a not a representative of much of the competition Albany will face in the meet. Cortland, Brockport, Fredonia, and Oneonta all have men capable of taking big points away from Albany. Even in Wednesday's dual meet here at Albany, Plattsburgh did display its ability.

Albany won easily in the first five events, 3-14 seconds, and if 11 points are making up their highest point total of the year. The victory was also Albany's 29th in a row, tying the team's highest point total of the year.

The victories they get at the SUNYAC's will be hard fought for. The host but here was none to be Rudy Vido, who took off Wednesday, Valentine Delta, right into the wind. Ahead performs like Dennis, Carlo Chuchman and Jim Shannon (1 mile), Herb Hasan and Rich Langlord (3rd), Paul Gutman (high jump), Steve Sullivan (100), and Herb Hasan, who won for the 3rd straight meet, this time in the 880-yard run.

Albany will not be getting many opponents this Saturday. The victories they get at the SUNYAC's will be hard fought for. The host but here was none to be Rudy Vido, who took off Wednesday, Valentine Delta, right into the wind. Ahead performs like Dennis, Carlo Chuchman and Jim Shannon (1 mile), Herb Hasan and Rich Langlord (3rd), Paul Gutman (high jump), Steve Sullivan (100), and Herb Hasan, who won for the 3rd straight meet, this time in the 880-yard run.

Albany will not be gutclassing many opponents this Saturday. The victories they get at the SUNYAC's will be hard fought for. The host but here was none to be Rudy Vido, who took off Wednesday, Valentine Delta, right into the wind. Ahead performs like Dennis, Carlo Chuchman and Jim Shannon (1 mile), Herb Hasan and Rich Langlord (3rd), Paul Gutman (high jump), Steve Sullivan (100), and Herb Hasan, who won for the 3rd straight meet, this time in the 880-yard run.

Albany's team of its members in the field. The team's instructions appeared simple: Hit them and make them hurt.

An encouraging sign for Albany was in the high jump. Although Jan Giga was jumped 11'10" to set, he did not remain right into the month of the month. Coach Bob Munsey is pleased just to have Giga competing again, since a knee injury had sidelined him for over a month.

Most of Albany's battles for first place involved members of their own teams. Phil Sullivan (54-4) almost won the high jump over a second in the mile. Bob Moore took the long jump by just 2/10ths of an inch in the 125-yard hurdles. Ron Chernoff (38.5) in the 400. Giga picked up his second win in the triple jump by knocking

Stickmen Fail Again

by Bruce Maggin

The Albany State lacrosse team was looking forward to returning to home turf Wednesday. They had opened their last three games on the road and had lost the last two. The team hoped that being home would change their luck. But things didn't work out that way, as Albany lost to a tough Hartwick team, 13-6.

The team came out very aggressively, displaying some fine body checks. It's really apparent how much punishment they need to take.

The Danes beat New York 3-0 on Monday and on Wednesday they stomped Plattsburgh, taking second in each.

The team was out very aggressively, displaying some fine body checks. It's really apparent how much punishment they need to take.

In return, however, Hartwick would be on the attack. Hartwick, on the other hand, would get numerous shots at the net.

Hartwick grabbed a 1-0 lead, but Albany was able to tie the game in the first half. Hartwick then started to dominate play and started pulling away. The Danes pressure defense is Hartwick's weakness, but not very frequently and that was the difference in the game.

Steve Schaus and Tom Curta each had two goals to lead the Danes. The stickmen, now 4-4, lost to W. Post tomorrow. All four losses have come by a score of 2-3. Albany beat New Paltz, 19-1.

Batmen Win Pair

by Mike Igra

Coach Bob Reinstein has never been known to look at a score sheet, but from the way his baseball team has been playing in these Sunyac Academic Conference games lately, he might have been for "Germans SUNYAC Games".

In recent victories over New Paltz and Plattsburgh, the Albany baseball team was cold bunting and scoring their conference record to 6-6.

The Danes beat New Paltz 5-4 Sunday and on Wednesday they stomped Plattsburgh, 19-1.

In the Plattsburgh game, Ken Quinn allowed just two runs in six-and-two-thirds innings. Ken Quinn allowed just two runs in six-and-two-thirds innings.

On Wednesday, Dave Bailey took to the mound and allowed eight hits with a good pitching effort. He also collected four hits in the final.

The big run producer, though, was Barry Johnson, who had five hits, including two singles, a double, and a home run. Ken Quinn's salvaged over the 300 batters facing him. He struck out 10 in seven innings.

At 1-0 tomorrow, the Danes will host Froideau State for a pair of important conference games. Take a few minutes away from the Indian Head party and support the team in their quest for a rebound from the Minnesota Winter's Conference TRL.

"Is it possible for civilization to fall backwards while there is youth in the world?"

—Helen Keller
Family members of State University of New York at Albany have approved a total of $390,000 in scholarships and grants to students and faculty. The approval follows a meeting of the Board of Trustees held last week.

According to the university, the scholarships and grants are intended to support students and faculty in various fields of study, including science, business, and education. The total amount approved is intended to support 50 scholarships and grants, with varying levels of support for each recipient.

The scholarships and grants are intended to help students and faculty advance their careers and research, and to support the university's academic mission. The university also thanked donors for their support of its students and faculty.

The approval of the scholarships and grants follows a series of meetings and discussions among the university's administration, faculty, and students. The university's Board of Trustees approved the funding as a way to support the university's academic mission and to recognize the contributions of its students and faculty.

The university also noted that it will continue to seek additional funding for scholarships and grants, in order to support the university's academic mission and to recognize the contributions of its students and faculty.

China Exchanges Proposed
by Allen Kassoy

The People's Republic of China and the State University of New York on May 4th signed a Memorandum of Understanding for the purpose of student and faculty exchanges and joint research. The Memorandum of Understanding was signed by Vice Premier Teng and SUNY Chancellor Parmeelee.

The Memorandum is a two-way exchange program and includes visits of students and faculty. The Memorandum covers the fields of science, engineering, agriculture, business, management, literature and the arts. It also includes arrangements for the joint publication of books and periodicals.

In its introductory remarks, the Chinese Vice Premier said that the exchange program will be a most important step in China's relations with the United States. The Memorandum was signed during the official visit of Vice Premier Teng to New York City.

“China is interested in cultural exchanges with the United States and we are very pleased that the Memorandum was signed during the Vice Premier's visit,” said SUNY Chancellor Parmeelee.

The Memorandum of Understanding provides for the exchange of students, faculty and scholars, the establishment of joint research programs, the exchange of books and periodicals, and the joint publication of books and periodicals. It also includes arrangements for the joint publication of books and periodicals.

The Memorandum was signed on behalf of China by the Chinese Vice Premier and on behalf of SUNY by the Chancellor.

SUNY’s Phi Beta Kappa Was Difficult To Establish
by Richard Heslop

When you think of Phi Beta Kappa, you think of the “Brilliant Darkness,” the distinguished organization that awards honorary membership to the top 10% of college graduates. But when SUNY began to consider establishing a chapter at its State University of New York at Albany, it encountered significant challenges.

“The University’s first attempts to establish a chapter at SUNY began in the early 1960s,” said Heslop. “But we were unsuccessful in our first attempts because of the lack of support from the national organization.”

In its second attempt, begun in 1965, SUNY established a chapter at the State University of New York at Albany. The chapter was established with the support of the national organization.

The chapter was established with the support of the national organization. At SUNY, Phi Beta Kappa was established with the support of the national organization.

SUNY’s Phi Beta Kappa chapter has been active for over 50 years and has graduated more than 10,000 members. The chapter has been active for over 50 years and has graduated more than 10,000 members.

SUNYA Prof To Advise On Iraqi Observatory

Dr. Kallan-Kassim, professor of astronomy and space sciences at State University of New York at Albany, has been invited by the government of Iraq to be a member of their international committee in charge of building an astronomical observatory in Iraq. She is a SUNYA faculty member where she earned her doctorate in 1960. Smithsonian Institution astronomers are also helping with the project. Dr. Kallan-Kassim will travel to the Middle East and will work with astronomers at the University of Leyden, the Netherlands. She will study the atmosphere and climate of the Middle East, which will help in planning the observatory. She is also interested in the possibility of using solar energy for astronomical purposes.

MYSKANIA Elected

MYSKANIA, SUNYA's only non-academic honorary society, held its annual induction ceremony Sunday night in the Student Union. The thirteen members were elected by the student body the week before last as part of the general student council elections. The new MYSKANIA members are: Harry Gagnon, Vice-Chairperson; Mark Lender, Secretary; and Gail Holt, Treasurer. Audrey Seidman was elected Chairperson. Other members and their nominees found out if they were among the top thirteen vote-getters. After the ceremony, the new members met to elect officers and plan for the coming year.

10 Arrested at Stony Brook

Ten Stony Brook University students were arrested last Tuesday night in connection with the demonstration against the剡 University of New York at Stony Brook, an unrecognized student group, and its plans to build a student observatory in Iraq. The students, who are members of the national science honor society, were protesting against the university's involvement in the Middle East conflict.

Curst Smith Leaves SUNYA
With "No Bitterness or Despair"

By Vicky Bode

The melancholy has been so deep. "I just can't stop thinking about the time when I was a student here," the former president of SUNYA said. "It was like a second family."

"I have tried to impress upon my generation that we have a responsibility to return," he said. "And I am proud to say that I have done so.

And I believe that our University is on the right path."

A handsome, gray-haired man, Smith was wearing a gray shirt and tie. His eyes were red and his voice quivered as he spoke.

"I feel that we have made progress, but we still have a long way to go," he said. "We must continue to work for a better University.

I am grateful for the opportunity to serve SUNYA."

The audience was silent, listening to Smith's words. They knew that his departure would be a loss to SUNYA.

"I wish I could have stayed," he said. "But I have a responsibility to my family.

Thank you for your support."

The audience applauded as Smith left the stage. They knew that he would be missed.

Events like this are important for SUNYA, as they bring people together to celebrate their achievements.

"I am proud of what we have accomplished," Smith said. "But we must continue to work for a better SUNYA."
An End...A Beginning

For some, the end of this semester signifies the beginning of a new life, for others it is simply another semestrical break, a short pause in the continuous process of education. Few would argue that the end of the semester brings the end of the spring贤 spring only being a long and meaningless question mark.

We are approaching a period when Congress, that body of legislators who know what we are doing and then say that we are doing it right, will begin to discuss the fate of our organization. Congress is a body that is just as inefficient, if not more, than the national and state boards that have been so unceremoniously replaced by Congress. Congress, like the national and state boards, is a body that is composed of people who are appointed to serve on it.

For those who are graduating and do not know what will befall them, we commend you. Those who can be permanently retired in their letter, we suggest you that you work on your summer job.

Some of you may have a good idea of how you will spend your summer, but others may not. It is not unusual for a student to have a few weeks to spare during the summer. The ASP helps all students, a good life.

ROTC Enrollment Dropping On Campuses

Almost half of the Army Reserve Officers Training Corps in the U.S. has been cut in recent years, leaving some campuses with a stark reality: the number of students who have signed up for ROTC has dropped sharply.

According to data from the Army Reserve Officers Training Corps, the number of students enrolled in ROTC programs nationwide has decreased significantly. In 2018, the Army Reserve Officers Training Corps reported that the number of students enrolled in ROTC was 70,000, a decrease of 20% from 2017. The decrease is attributed to a variety of factors, including increased tuition costs, longer wait times for enrollment, and changes in military policy that have affected ROTC programs.

Nevertheless, some university officials are concerned that the decrease in ROTC enrollment may have a negative impact on the university. "We are seeing a decrease in the number of students who are signing up for ROTC," said one university official. "This is concerning because ROTC programs provide valuable training and leadership opportunities for students."

Vido Tops for 73-74

by Rene R. Maggini

Rudy Vido and Coach Bill Schieflcin were voted ASP athlete and coach of the year respectively for the 1973-74 season, giving the ASP athletes something to keep them warmed in the winter's chill.

Vido topped the award by giving outstanding performances in three different varsity sports. He was one of the defensive cornerbacks of the football team.

His play got better game after game. His mobility was amazing for a man his size. Vido was perhaps the most exciting performer on the wrestling team, as his heavy weight was the crowd favorite. Unfortunately, he was often denied a chance to wrestle, as opposing coaches chose to forfeit rather than have their men face Vido. When he was sidelined, Vido was outstanding and finished undefeated in the regular season. He successfully defended his SUNYAC crown, but fell victim to some questions in the Upstate Championships.

The strength and muscle of Rudy was put to good use on the track team, as he has become one of the best College Division shut putters in the state. His toss of over 53 feet two weeks ago qualified him for the nation's nationals. He will join teammates Vido, Cherubino, and Shauder, who have already qualified.

Munsey said that at least two seniors will be going anywhere from 230 to 260 foot next year. "He is a strong performer and a clutch performer. My track men would have rolled over and died today under such conditions.

Munsey then joked, "as a matter of fact, they didn't need pressure to roll today. I just heard the pitch go off and limited." Although disappointed with the day's showing, Munsey felt that the team had enjoyed another very solid season. He pointed to the 73-72 dual meet victory over invaded Union College as the highlight. He also mentioned the improvement of men like Cleary and Mel Mose triple jump and the steady performances of Holloway and Grisman, who also took 3-4 in the discus Saturday, as other plusses for the team.

One other bright note for Albany was that the school moved ahead of the state into first place in the competition for the SUNY Conference. Although given to the state school which shows the most consistently high performances in all sports, Doctor was a point and a half before the meet. Albany picked up mostly by taking 2-3 to Doctor's 5-1. He coached can keep the half point advantage. SUNY is the crown.
