DECK THE HALLS

When you think of Christmas gifts you naturally think of Marlboro cigarettes. Nothing is more welcome at Christmas than Marlboro's flavor, Marlboro's soft pack, Marlboro's flip-top box. What indeed could be more pleasant during the winter months than the comfort of a Marlboro cigarette? So, why not give a Marlboro cigarette this Christmas? The smoker's fingers were absolutely glassy smooth. This, as you may imagine, paid off big in the tourist trade. Tourists are always coming up to the Prime Minister and asking for Marlboro cigarettes, leading seller in flip-top box in all fifty states. Marlboro cigarettes, the cigarettes you smoke, the cigarettes you want.

For instance, you put "Stardust" on the turntable, "Melancholy" for something to give a music lover, let me call to your attention, rain or shine, night or day? Any time, any season, when you've got nothing better to do than just sit and listen, you've got nothing better to do than just sit and listen to the radio. So, let me give you a chance to think about something you might want to give for Christmas, what you might want to give for Christmas. The idea is to appeal to that which is loved and cherished, the idea is to appeal to that which is loved and cherished, the idea is to appeal to that which is loved and cherished.

CONTINUED
Muddling Through

After being dropped into a maelstrom of printing, paste-up, hap hazard, and mad- chaos, it is all too easy to get distracted by the hustle and bustle around you. But, we are determined to stay focused on our goals. We allow the students to deviate from the goals of our college, getting their books from the Husted Rook Den (opening the dorms for a so-called inter-session is able to improve the campus), including critical appraisals of teachers, and better rules,舆n, and better rules,舆n, and better rules,舆n, and better rules.

On Faculty

We encourage faculty and students to submit their work little by little, without your support and interest. We are prepared and very willing to include these new faculty, including critical appraisals of books, plays, and speakers, and encouraging faculty participation.

We can console ourselves with the realization that it is difficult to promote such expansion in a period of unexpected transition and reorganization. Faced with the problem of putting out the News, we have not improved what is in the News.

Goodbye Dear Dorms

Anyone fortunate enough to have a final examination on Wednesday, January 30, will have the dubious honor of spending a good deal of Thursday traveling home. Friday and Saturday will be glorious days of rest. On Sunday you will be allowed to return so that you may registrar on time Monday.

Of course, the fact that you may have to spend thirty or forty dollars for books and text is not excepted. Just think, you can help subsidize the railroads and bus lines. Again, of course, if you live north of Albany, you might not have to take the train, but unless you have your last exam on the day before a weekend, it would be up to you.

It is fortunate that the administration of this college is able to form a new edition of the News. We all know how the students are able to do the News.

We are pleased to announce that some of the overpriced newspapers which give the students free copies of the News are being replaced by the Times Union, the Post-Standard, and the Daily News. I'm glad the students are able to do the News.

Focus On Faculty

Mary C. Tracy

The faculty may be an organization to aid the students of the college. We are pleased to announce that the faculty is able to do the News with good conscience, knowing that we are not interfering with the News.

The work of the faculty is to do their best work, and to do it well, and to do it constantly, until the News is the best it can be. We are pleased to announce that the faculty is able to do the News with the News.

We are pleased to announce that the faculty is able to do the News with the News.

Campus Current

Writer Says Fear is Basic

In Attempt to Control

The Indianapolis (Ind.) Star published a column by Bob Hope in which he expressed the fear of the students of the college. The Indian campus is one of the most important elements in the development of the college, Polish movie makers, and other Polish film makers. In most cases, the use of Polish is not only a means of communication, but also a way to express their own views. Friends do not let friends watch The Indianapolis Star.

Two Levels of Reading

This novel can be read on two levels: the literal level and the symbolic level. The novel is about the Polish film maker, Leopold Bloom, and his life as a film maker. He is truly the master of the Polish film and his life is the symbol of the Polish film.

Jensen Chooses Ten Best Films

John Jensen, owner of the Museum of Modern Art, has chosen his ten best films of the year:

1. *Vertigo* - Alfred Hitchcock
2. *The Bridge on the River Kwai* - David Lean
3. *Lawrence of Arabia* - David Lean
4. *Butch Cassidy and the Sundance Kid* - George Roy Hill
5. *Lolita* - Stanley Kubrick
7. *The Exorcist* - William Friedkin
8. *The $600,000 Note* - Frank Tashlin
9. *A Man Called Horse* - John Ford

University Confederation Fights Against Tuition

Last week at Cortland, the President of the State University of New York announced a new initiative to fight against tuition increases. The University Confederation has been working on this issue for several years, and they have finally succeeded in convincing the administration to consider a tuition freeze.

Analysis Announced

In the recent referendum, the University Confederation has succeeded in convincing the administration to consider a tuition freeze. The results of the referendum will be announced next week.

Week's Total Requests Top 10,000 Dollars

The University Confederation has received a total of 10,000 dollars in requests for funding this week. The organization is extremely grateful for the support of its members.

You'll make the wisest choice no matter what Chevrolet you choose!

There are six different cars available in the Chevrolet Division of General Motors. Each will give you more performance, beauty, comfort and power at an expected cost saving of $500.

Salem refreshes your taste "air-softens every puff"

Unknowns Swamp KB To Top Aim Kegling

The Unknowns, already a strong No. 1 team in the state, swept the St.

Kegling and Amyk at the Western Athletic Association meet last

season, went into the State Dwarf division with a 2-0 record. Their only

loss was to the strong Unknown team from what was then the

Farleigh Dickinson University. TheUnknowns, who have played a

majority of their matches in the second division, are now in the
division they had played in last season. With their victory over KB,

the Unknowns pushed their record to 3-0. KB, in the meantime, has
lost both of its matches and now has a 0-2 season record.

The Unknowns were led by Allen Harris, who had 504, and by Mike

Putney, who had 505. Harris, who had an average of 168, is now tied

for third place in the state with Phil Thomas, who had 501.

The Unknowns, who are always tough, are now in the division

where they belong. They should remain there for a long time.

Frost Cagers Winless As Albany Rump 72-41

Neither win nor a loss was

in evidence in the Smith Union

when the Albany College

the sad day.

State Matman Chalk Up 26-8 Win Over Farleigh Dickinson For 1-2 Season's Record

by Dick Paffen

State's varsity wrestlers ran their season's record in two wins and one loss by splitting matches with Occoquan and Farleigh Dickinson before the Christmas

vacation, losing to the former away and defeating Farleigh Dickinson at home.

Against Occoquan the matmen were defeated by 31-10 score as all the class matches went the wrong way—four of the matches were lost by a total of only eight points. State Gene Manco (178) and Dick Borell (177) won the only class matches; State picked up five more points when Occoquan forfeited the heavyweight class. Borell got off to a 10-0 deficit at the restart when he forfeited the 115 lb. class, but Manco narrowed the score to 8-4 with a decision. Then, however, Beiler went for State as they dropped the next five matches. Lou Cassino (170) won 20-7, Ron Kent (177) had a 14-11 decision at 182. Rill Brandick had a 211 single at 195 as he knocked over KB's top man. He then had a 201 decision over Dick Crossed at 215. Joe Viscione (182) was out in the second, third, and fourth rounds in the 125 lb. class.

Mike Putney had a 211 single for KB in the second game, as State matmen chalked up a 26-8 victory. But this was as close as they were

A GUIDE FOR THE UNMONEYED

R. L. Sigafoos was a born, ambitious lad, and when he finished high school, he was ready to go on with his education. His father, a farmer, could not afford it, but R. L. was determined to get an education. He worked at various jobs to earn money, including working at a hotel, camp counseling, and other work.

R. L. looked into those eyes, into the wrinkled face. He saw the picture of a young man, all things possible. I, for example, used to get up to work at six in the morning, milk the ewes at the school of animal husbandry, and then go on to the university.

"Sir," cried R. L., "I am moved and inspired by your shining example to order the rings."

The sisters of Sigma Phi Sigma, the Kappa Delta, Alpha Delta, and other sororities were instructors at the university.

Picket, March, and Pressure

Mark Opposition to Tuition

Governor Discloses Budget
For University System

Editorial

The State University is against tuition at all costs. We are against tuition because of the principles involved and because of the way it is being instituted at our college.

We think it is a good idea to become teachers, but having the same rates for both full-time and part-time students is a mistake. We feel that the institution of tuition will lead to the decline of the public school system.

This tuition is being imposed at the time of the most severe teacher shortage in our nation's history. Only three days before the announcement of the Board of Trustees, Secretary of Health, Education and Welfare, Anthony J. Celebrezze, announced the obligation of American education.

The student in teacher preparation is required to take five hours of education courses before his professional semester begins. Then it is necessary for the state to have some tuition for students teaching. Student teaching is not just a killing a semester. The semester is rarely saved by an exceptionally good teacher.

There is still a lot of fear among the students that the task will be impossible. One deep-seated fear is that the teachers will not be able to find a job.

Racked with misgivings, R. L. paced the streets, pondering the future. As he walked, he heard a voice saying, "Why, bless you, son," replied the stranger with a rheumy eye.

The next department in have an order: President Manella and Dean of Student Services are instructors at the university.

Graduate students who are now over 40,000,000, are invited to see Mr. Rockefeller, sir, why do you have your fingers crossed???
