**Trackmen Finish Season with Union, RPI Wins**

By Marc Wehrle

The Albany track and field team wrapped a successful RPI Invitational with a first place finish in the 4-4400 meter relay. The winning time of 3:26.1 Milazzo and Cooney set a new school record.

Mike Morten, an assistant to the coach, said this was the second to last of the school's season and that they will be looking forward to next year.

Siena Sweeps Day-Night Doubleheader

But Five-Run Eighth Dumps RPI, 6-1

The Siena men's baseball team defeated Albany, 99-55, on Wednesday night.

But Five-Run Eighth Dumps RPI, 6-1

The Danes managed to scrape three runs off of the bases and add another run to the tally in the top of the fifth inning. They left men on second base and third base but failed to score any runs in the inning.

In the top of the sixth inning, they tried again to get on the board but failed to do so.

However, the Siena offense exploded in the bottom of the sixth inning, scoring five runs. They finished the game with 15 total runs, which is a significant increase from the previous game where they only scored 1-2 runs.

**Students Boycott Partially Enforced Bus Policy**

**ID Boycott Is Called Successful**

By Ruth Briner

Students who did not show their ID when boarding the campus buses were able to do so after a successful boycott last week.

The Siena Student Government Association (SSGA) called for the boycott after the university announced that it would begin requiring ID checks on all campus buses.

The boycott lasted for two days and was successful in persuading the university to delay the implementation of the policy.

**Mandatory Students Course Evaluation Delayed**

A proposal has been made to delay the mandatory students' course evaluation delayed indefinitely. The proposal was introduced by University Senator Eric Koli.

The proposal was intended to delay the mandatory students' course evaluation system in order to give the university more time to consider the implications of the new policy.

**London Calling**

Robert Schneider

The band is a very impressive musical group. They were based on their music and their personal style. The band has been very successful due to their unique sound and their ability to attract a large audience.

They played their new album, "London Calling," which was well-received by the audience. The band's music is a mixture of rock and roll, punk, and reggae. They use instruments such as guitars, keyboards, and drums to create a unique sound.

The show was held at the University Community Orchestra, and it was a great experience. The audience was dancing and singing along with the band, and the energy in the room was electric.

The band's lead singer, Luciano Reich, trained at Juilliard and Mills College. He is known for his powerful voice and his ability to connect with the audience.

The band also has a战略合作, The Minister. The Minister is a group of local musicians who have been playing together for several years. They have a similar sound and style, which complements the band's music.

The show was a success, and the band received a lot of positive feedback from the audience. They played several of their new songs, as well as some of their older hits, which were well-received by the crowd.

The show was sponsored by the local music studio, Original Composition, and it was held at the Albany Symphony Orchestra venue.

**And The Movies Are Easy**

Jim Dixon

The movie is a very impressive work of art. It was directed by Tube Hooper, director of the Academy Award-winning film "Driving Miss Daisy." The movie tells the story of a woman named Annie, who is a successful businesswoman in New York City.

The story is set in the 1920s and follows Annie as she navigates the world of business and society. The movie is a classic example of the "woman's picture," and it is a must-see for anyone who loves the film industry.

The movie was a hit when it was released, and it has since become a classic. It is a timeless story that continues to resonate with audiences today.

SA Elections

It is Never Too Late to Change

Michael Grenfell

There are the usual set of stories that support the overall trend exhibited by the Board of Student Assembly candidates. Their recent claims, that by no stretch of words are they going to pull in any new students, are just that. By no stretch of words. Students enter SUNYA as freshmen, and seniors, and juniors, and have no real understanding of what is going on at SUNYA. The usual candidate's promise, "If elected, I will make an attempt to correct them," we have heard before and I'm sure we will hear again. We have heard the "If elected, I will" speech for the last 10 years. So why do we continue to waste our time and votes on these political charlatans? Whatever the outcome of this election will be, I am not going to give up my dream of democracy. I dream of what the candidates stand for, or even the prospect of learning and experiencing life for office. The student government, because we are all members of this institution elections are for the whole student body, because we are all members of this institution. We have the right to choose and the right to be chosen. We have the right to be the "winner." Just like the trivial matters. Most students do not really care who the top candidates are, or even who has the best ideas. What is so bad about a little unfair play? What is so bad about a little compromise, conceding one's ideals in exchange for the reward. It is Never Too Late to Change.
**Students Migrate South for Jobs**

Champaign-Urbana has been one of the least affected areas in the nation by the unemployment crisis. Still, the very well-paying, well-publicized petroleum jobs which once drew students here have been taken by others. Students have turned to the south in despair.

Last year, an estimated 20,000 students migrated south to find employment. It was the first wave. This year more are expected. Most students now believe that the oil companies will simply not be able to provide the quality of employment they once did.

A year ago, the oil companies still could not get enough students from the north. Now, they are having a hard time getting enough students from the south. This is in addition to the thousands of students who will be attending such schools as the University of Texas, which is currently north of 100,000.

Many of these students, most of whom are from the middle class, will be forced to stay in the state for a year or two before seeking work in the city. This will be a blow to the economy of the state, which has been the largest in the nation for the past 10 years.

It is estimated that the state will lose several hundred million dollars this year due to the unemployment crisis. This is in addition to the billions of dollars lost in the past year.

**Ground Zero Popular with Faculty, Students**

The ground zero, in the center of the city, is now the place to be. Students and faculty are flocking to this area to escape the unemployment crisis. The area is now a virtual ghost town with most of the students and faculty leaving the city.

Women's Track Places Ninth in N.Y. State Meet

By DEE PRATTINS

The State championships provided some tough competition for the women's track team. The meet was held at Ithaca College on May 3rd, 1982.

The team performed well, with many members setting new personal bests. Among the highlights were John's, who placed first with 124 points, and Barnard, who was out of 24 teams. The meet against some even tougher competition was held against some even tougher teams.

John's, who placed first with 124 points, and Barnard, out of 24 teams which still pointed toward her goal of the school record of 2:16.02. However, her later supreme effort in the finals fell short of this record.

Julie Smyth ran a personal best in the 200-meter dash and placed third in the 200-meter dash.
