AND NOW—CHESTERFIELD FIRST TO GIVE YOU SCIENTIFIC FACTS IN SUPPORT OF SMOKING

A responsible consulting organization reports a study by a computer medical research and staff on the effects of smoking Chesterfields. For six months a group of men and women smoked only Chesterfield—10 to 20 a day—normal amount. 45 percent of the group have smoked Chesterfields from one to thirteen years for an average of seven years each.

At the beginning and end of the six months, each smoker was given a thorough examination, including X-rays, and xerograms, nerve, blood and thorough. After these examinations, the medical specialist stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."

COMMUNICATIONS

To the Editor:

In answering the letter to the Editor of the News of November 17, in which Mr. Hoekstra expressed his concern over the lack of cooperation between the athletic teams and the Academic Board, it is necessary to point out that the Academic Board did not make a definite statement expressing the co-operation of football in the revision of the academic calendar.

The Academic Board, however, has indicated its willingness to open a discussion of suitable changes in the football schedule in the near future.

Mr. Hoekstra might write to the Athletic Board to express his desire for a change in the schedule, and the Athletic Board can then take the necessary steps to work out a schedule which will be acceptable to both the Academic Board and the football team.

Yours sincerely,

ATHLETIC BOARD PROPOSALS

Planned by the Athletic Board, the proposals are designed to work out the details of the football schedule, and to provide for the opportunity for the teams to practice and to play against each other.

The proposals are as follows:

1. The football team will meet the Academic Board to discuss the possibilities of changing the schedule.

2. The Academic Board will then decide whether or not to change the schedule.

3. If the Academic Board decides to change the schedule, the football team will then meet with the Athletic Board to work out the details of the new schedule.

4. If the Academic Board decides not to change the schedule, the football team will then meet with the Athletic Board to work out the details of the existing schedule.

The proposals are designed to work out the details of the football schedule, and to provide for the opportunity for the teams to practice and to play against each other.

Yours sincerely,
