caused anti-suffrage sentiment. Miss Grant attacked change and saying that it were not enough. The early suffragettes fought for higher education for women, therefore, college women and the Civic Club have a duty to the vote. Miss Grant pleaded for a college pro-suffrage league. The establishment of the Suffrage League at S. C. Propelled. Miss Louise Grant, who spoke on the Suffrage movement before the College Club last Friday afternoon, called attention to the rapid strides the movement has made in the western part of the Union and, in fact, over all the United States and Canada. Of late Canada, she said, has largely granted suffrage to the women, and anti-suffrage sentiment has practically disappeared there.

The speaker said that in the readjustment coming after the war the influence of women would be needed. Some readjustment in this country will be necessary in order that we come up to the new ideals of a new Europe.

Miss Grant pleaded for a more efficient and centralized campaign in the conservative eastern states. The women of California succeeded, she said, through the influence of the college women and the Civic League.

The speaker said we live in a tremendous age and do not understand it. "The ballot is the one thing necessary whereby all other things may be obtained. The early suffragettes worked for higher education for women, therefore, college women owe a debt to the movement. Miss Grant attacked conservatism, calling it fear of change and saying that it caused anti-suffrage sentiment.

COLLEGE CLUB HEARS TALK ON SUFFRAGE MOVEMENT.

Establishment of Suffrage League at S. C. Proposed.

Miss Louise Grant, who spoke on the Women Suffrage movement before the College Club last Friday afternoon, called attention to the rapid strides the movement has made in the western part of the Union and, in fact, over all the United States and Canada. Of late Canada, she said, has largely granted suffrage to the women, and anti-suffrage sentiment has practically disappeared there.

The speaker said that in the readjustment coming after the war the influence of women would be needed. Some readjustment in this country will be necessary in order that we come up to the new ideals of a new Europe.

Miss Grant pleaded for a more efficient and centralized campaign in the conservative eastern states. The women of California succeeded, she said, through the influence of the college women and the Civic League.

The speaker said we live in a tremendous age and do not understand it. "The ballot is the one thing necessary whereby all other things may be obtained. The early suffragettes worked for higher education for women, therefore, college women owe a debt to the movement. Miss Grant attacked conservatism, calling it fear of change and saying that it caused anti-suffrage sentiment.

FRESHMEN WIN INTER-COLLEGE CHAMPIONSHIP.

Defeat Sophs in Deciding Game 65:12

The Freshmen basketball team last won the inter-college basketball championship of State College when they defeated the Sophomores in the second game of their series by a score of 126:12. Since it was the second game they had won, and only a series of three games had been planned it was not necessary to play another game.

In the first half of the game the Frosh, led by Captain Springmann, ran away from the Sophs and piled up a lead of 19:3. Holt and Merchant, the two Frosh forwards, broke away time and again for baskets, but almost always were their scoring a direct result of the clever floor work and passing of Springmann at center. The second half was marked by a stubborn attempt on the part of the Sophs to regain lost ground, but the best they could accomplish was to hold the Frosh even, this half ending with a score of 7:7. Springmann's playing was easy to feature of the contest, the big center having complete control of his team at all times.

The scores:

A movement was launched at a meeting attended by all the men of State College last Friday morning, which promises to bring there a permanent and organized military company on the plan of those organized at various other American colleges.

President Brubacher was the principal speaker at the meeting, which was called to order by Kolm Haeger, President of the Sophomore class. Dr. Brubacher said that he was strongly in favor of a military company at State College, so that if the need should arise, State College might take her place.

SENIOR PRACTICE TEACHERS DEFEAT MILNE H. S.

The Milne H. S. team gave their faculty team a big surprise by holding it to a score of 19:7 in a game played last Wednesday afternoon in the college gym. On the faculty team were several college varsity players, but the High School boys made the heavier team light every minute.

The score at half-time was 11 to 9. Professors Hoek and Fitzgerald starred for the winners, while Ward excelled for the High School team.

JUNIOR GIRLS DEFEAT FROSH 20:8.

The Junior Girls' B. B. team defeated the Frosh Friday noon. The Frosh team promised to make the game interesting for the Juniors until Dorothy Austin entered the game, and then there was "nothing doing" for the Freshmen and everything was in the Junior's favor. Everyone played well and hard, but Junior team-work and experience proved very effective—so effective that the final score was 20:8 in their favor.

Military Company Planned for State College

President Brubacher Brings Matter Before Meeting

PROPOSITION UNIVERSALLY FAVORED.

A movement was launched at a meeting attended by all the men of State College last Friday morning, which promises to bring there a permanent and organized military company on the plan of those organized at various other American colleges.

President Brubacher was the principal speaker at the meeting, which was called to order by Kolm Haeger, President of the Sophomore class. Dr. Brubacher said that he was strongly in favor of a military company at State College, so that if the need should arise, State College might take her place.

VOTE "YES" FRIDAY MORNING.

Friday morning the proposition of a tax on the students will be brought up before the student assembly. The students will be asked to express by vote whether or not they favor such a tax. The vote will in no way hold any one responsible and is not final, since no amount will be decided upon, that phase of the proposition having been deferred until later.

So much has been said and written about the proposed tax that any additional argument seems superfluous. However, we want to point once more to the votes taken in the Junior and Sophomore classes recently, both of whom were overwhelmingly in favor of it. We are sure that the student assembly will deal likewise with the proposition, which promises to revolutionize conditions in the student body at State College. Friday morning's gathering will make State College history. Be present and vote "yes."

MILITARY COMPANY AT STATE COLLEGE.

The action taken by the men of State College last Friday morning, when a committee was appointed which is to take steps leading to the establishment of a military company here, is in keeping with their standing as college men. Records show that college men have always been among the first to respond to the President's call in time of need. For instance, it is known that over twenty-three hundred University of Pennsylvania men took part in the civil war. Again today, as another serious crisis is threatening the peace and safety of our country, the college men are making the most determined demand for universal military training. The men in all the universities, great and small, have drawn a valuable lesson from the great war in Europe. They are willing to sacrifice their lives for their flag, demanding at the same time, however, that they be not needlessly slaughtered by unpreparedness. They ask for the protection which training and the guidance by trained officers give. If ever there will have to fight they will have to fight a trained enemy. They have a right to expect enough training before the battle to make the odds even, man for man, when the fight begins.

College men are expecting Congress to act. They are expecting Congress to pass an act providing for universal military training. In the meantime, however, many colleges are taking the initiative, in that there are being formed among the students military companies, designed to train them for active service.

The men of State College are proud of the part they are taking in this movement. They are grateful for the chance that has been promised them, which will enable them to do their bit if the need arises. The hope for peace, but if it is to be war they will go in a body and fight as did the men who left this institution a half century ago for southern battlefields.

We hope that the "Committee on a Military Company," appointed last Friday, will, with the aid and advice of President Brubacher, be able soon to give us means to train.

Editor, State College News:

There are many things for which the student body of a college is responsible. Its good sportsmanship often forms the basis for judgment from outsiders. Is it not poor sportsmanship for the students to applaud at a basketball game when the opposing team fails to score a foul? At the game with Hobart the poor spirit of several S. C. T. students led them to cheer when a Hobart man was called out. The student body as a whole undoubtedly disapproves of such a demonstration. We hope that, during the coming baseball season, the general spirit of good sportsmanship will prevent any student from cheering at the hard luck of our opponents.

March 6, 1917.

The following is the report of the manager of basketball of the New York State College for the season of 1916-17. All receipts and disbursements are entered according to vouchers on file with the secretary of the Men's Athletic Association.

with the State militia.
praised the building-up powers

Military Company for State College

and that additional salaries of from $400 to $800 are offered regular teachers who are qualified to train boys along the lines required. Also the speaker praised the building-up powers of the military training, he having experienced its beneficial effects upon his own body while with the State militia.

Alfred Miller '19 then also spoke in favor of the proposition. The speaker said that since it was he who had recently distributed the pamph­
ets of the "Collegiate Anti­
Militarism League" he was glad to be able to speak now for the other side. He com­
pared the warring masses of men in Europe with the in­
ates of inanimate machines who have broken out, and said this
would have to be ready
to use force in order to prevent those "wild men turned loose"
from disturbing our peace.

Joseph A. Walker '19 was the last speaker. He endorsed the stand taken by the previous speakers and added the wish that State College might at
once go on record as favoring military training and thus fol­
lowing the example of Colgate. Cornell, Middlebury and other
colleges, he prepared to answer the faculty call at any time.
Action was then taken and a committee appointed by Pres.
Hager consisting of Vernon
C. A. Walker, and Al­
fred Miller. This committee is to take further steps leading toward the perfection of a mili­
tary organization at State Col­
lege. Since all three members are much interested, early re­
results of their work are looked for.

Class in Dramatics to give four 1-act

Continued from Page 1

out. The evening's entertain­
ment will consist of four one­
act plays instead of one long
play. These have been chosen
with much care and thought so
that there is a mixture of good
without the protection of plays
more serious nature. The
plays which have been picked
from the "Magic Company" by
Lady Gregory, "Riders to the Sea"
by Yeats, and "Indian Summer"
by Malhew, and Helpe. While the members of the class are trying out for the parts and definite assignments will be made soon.

CONSUMERS' LEAGUE
FOR SHORTER HOURS
FOR WAITRESSSES.

The Consumers' League of S. C., as part of the National
organization, is buying itself just now in an effort to have
the hours shortened during which women employed in
compelled to work in restau­

rants. Restaurant workers are the largest group of women
without the protection of the
law as far as hours are con­
cerned.

Fifty-eight per cent, of wom­
en employed in such places
work each week beyond the 54
limit set by law for women in
labor and factories. While a
day and a
day week is the lot of one-fifth of
the workers, a fifteen hour
and a seven day week is not
at all uncommon.

This overwork is a menace to
the public health. Long hours
mean the spread of infection
by those whose vitality is affected
and resistance lowered.

The Graves Restaurant hill,
the hearing on which was held
March 6th at Albany, asks that
the restaurant workers be given
the protection of the 84 hour
day and the
six hour week on the
same basis as the store

and factory workers. Also that
they be not employed between
the hours of 10 p.m. and 6 a.m.
and that they shall have one
year's rest in seven.

Twenty-one States have pro­
ected their restaurant workers.

OTHER COLLEGES.

Dartmouth.

By a straw vote of 800, the
largest ever cast by the student­
body, in the war questionnaire
conducted by the "Dart­
mouth," during the two days,
the undergraduates expressed
their opinions on the problems
arising from the complicated
international situation in which
the United States finds itself.

As a chief result of the balloting
the men declared themselves
overwhelmingly in favor of the
immediate institution of op­
tional military training at
Dartmouth. Dartmouth strongly
back "armed neutrality" and
the policies of President Wil­
hington. But with the United States to be justified in
declaring war, it did not con­
clude that a course advisable
under the present circumstances.

By far the greater part of the
members of the class were favoring
the war, and a declaration of war
was defeated by a count of
1,160 to 375. Of those who voted on the
query whether optional military training should be established at Dartmouth, 133, or 48 per cent, supported the plan, of
which three-fourths, or 40
men, expressed their willing­
ness to take part in such train­
ing. That such a course should be
under the supervision of the
War Department rather than
merely intra-college was de­
manded by 73 per cent, and
only twenty-four men favored
merely intra-college. Of the
latter, 168 in number, signified
their willingness to enlist as
volunteers in the case of an at­
tack upon the country and 36
per cent, are ready to offer their
services if called upon under
the present conditions. The
question of consulting the peo­
ples by a countrywide referen­
dum before a declaration of
war was defeated by a count of
251 to 163, or 59 per cent. It
was the wish of the people to
accept the decisions of the
national military board and to
remain neutral.

Cornell.

Cornell University is seeking
a way whereby it can grant dis­
tinctive recognition for excel­
ence in scholastic work. A
faculty committee after an in­
vestigation, has offered the fol­
lowing specific suggestions:
A convocation hour devoted
to the recognition of scholar­
ship. At such a meeting prizes
would be awarded and an add­
ress could be given by some
prominent alumni or some
other well-known speaker.

The establishment of a num­
b of honorary undergraduate
scholarships without stipend to
be awarded in each college of
the university on the basis of
scholastic rank.

The establishment by gifts from alumni of prizes and
omitted funds. These would be
awarded on the basis of
class standing, possibly with
allowance for other activities.

Team members might be
offered for fraternities or for
societies which made the best
total average.

Honor groups consisting of
the best students in each class
in each college. There might be
two or three classes of honor
students and the names should
be published in the university bulletin.

Local alumni luncheons in
honor of students who have
achieved a high grade in
scholarship. Such luncheons
have occasionally been given
in honor of prominent athletes.

Cornell alumni might join with the
alumni of other universities
in giving recognition to high
class students from all the uni­
versities and colleges repre­
sented.

SIGNAL CORPS.

Will those men who would be
interested in the formation of a
Signal Corps communicate
with Mr. Long, Science Bldg.,
Room 156, preferably between
2 and 5 p.m. Wednesday?

The formation of an infor­
ation of wireless apparatus,
practice in the telegraph codes,
and field practice with a porta­
able set.

E. L. LONG.

CONSUMERS' LEAGUE HELD PARTY.

The Consumers' League had
a party in the Gym, the last of
February, when the members
entertained the City Y. W. C.
A.

In the early part of the even­
ing an unusually interesting
program was given. This
consisted of a report of the
State Convention held in New
York, which was attended by
Elizabeth Ferguson, a vocal
solo by Jeanette Keller, a rea­
ding and a whistling solo by
Edith Spencer, and brief out­
lines of child labor laws by
Agnes Moore and Mary Ann
Hardenbergh. Miss Tumholer,
a former graduate of S. C., gave
an interesting address ad­
ressing child employment.

CHEMISTRY CLUB.

The Chemistry Club held its regular bi-weekly meeting, Friday afternoon, March 23. At this meeting two new members were elected, Miss Bessie Wood and Miss Bertha West. Current topics were given by Mr. Burns, Mr. Bronson, Miss Daley and Miss Green.

Miss Mildred O'Malley read a very interesting paper on "Steel." She said in part that when man first turned to metals our so-called civilization began. Do we not know why steel hardens? Yet on this hardening of steel one whole civilization may be said to depend. Pure iron is almost a useless metal. But add to it some carbon, with or without one of the rarer metals, and all its qualities are immediately transformed. Steel, then, may be defined as an alloy of iron and carbon not found in nature and of the greatest industrial importance. But important as carbon steel has proved itself throughout the past century, its alloys far outrange it at the present time. The chief of these are nickel steel, manganese steel, chrome steel, molydenum steel, and tungsten steel. The qualities sought in all these steels are strength and hardness with ductility, and this they are, without a doubt, able to furnish.

JOSEPH HENRY SOCIETY.

On Tuesday afternoon the Joseph Henry Society held a business meeting and elected the following officers: Miss Catherine Hagel, president; Miss Gertrude Smith, vice-president; Harold Lobdell, secretary and reporter; Edward Long, treasurer.

Jesse Jones was admitted to membership in the society. It was decided to hold the next meeting Tuesday, March 30, at 4:35.

KAPPA DELTA.

The annual Kappa Delta dance took place Saturday evening. A factor which contributed very largely to its success was the presence of the following alumni: Mary Allen, Mary Pitkin, Frances Laton, Mary Johnson, Edith Case, Barbara Pratt and Jesse Harbord. The gymnasium was decorated with evergreen and white roses, and everyone enjoyed the dance.

Mary Allen was the guest of Harriet Tedford for the week end.

STATE COLLEGE GIRLS TO AID THE RED CROSS.

At the chapel exercises, held Friday morning for the girls of the college, Miss Springsteen gave a talk on the work of the Red Cross Society. It is the desire of the United States to exist one million members, ten thousand of these to be recruited by the Albany chapter. A plan was suggested whereby each student may enroll in any or all of special classes to be formed if the demand is sufficient to warrant it. These classes will probably include: A class for training in first aid to the injured; second, a class in the preparation of supplies to be used in relief work; third, a class in camp cookery.

The girls were urged to join the Red Cross Society. The dues, payable at Miss Pierce's office, are only one dollar. This does not obligate the members to serve, but merely shows their interest in the furtherance of this work.

Miss Pierce asked the girls to be more courteous in their relations to each other and careful about the impressions made upon visitors. Miss Pierce desires the cooperation of the girls of the college in keeping the conditions as pleasant and sanitary as possible.

Y. W. C. A.

Dr. Moldenhofer will present the fourth lecture of his series of "Revelations" at the regular meeting Wednesday afternoon.

H. E. DEPT.

A special meeting of Omicron Nu was held Thursday afternoon to elect the following juniors: May Billingham, Agnes Moore, Ruth Murtagh and Wufred Wagner.

Miss Isabelle Pratt, appointment committee of Teachers College, spent Monday morning visiting the department. She was entertained at lunch at the Practice House.

Miss Olive M. Drach, consultant in Domestic Art, from the Free Saving Machine Company, Rockford, III., spent the week here giving lessons on the use of machine attachments. The work was considered very valuable.

INDOOR TRACK MEET MARCH 23rd.

Manager Sutherland has arranged an indoor track meet for Friday evening, March 23rd. It is to be an interclass contest. The combined Senior-Sophomore forces will battle with the Junior-Freshmen team. A hot contest is expected. More particulars will be given later.
