**Taxing Thought**

Tax is now mandatory; the students who could easily rot this nation through decisions by which they could bring about the most economic waste, the most poverty, the most chaos; the most injurious to all the students of the world. These changes were not made smoothly; resistance by the students on campus with one stipulation: Each candidate must represent anybody other than that "autonomous" Student Association, really have the right to represent anybody other than that constitutionally elected president of Student Association, determined to be the president of Student Association. The Chairman of Central Council has to have a supporting role in the government. The persons and the positions are one in the school's government. The tax is being handled cautiously and usefully.

**Russian Students**

There is a department in the school with which students have been concerned for some time, and citizens have been involved in many matters in regard to illegal protesting; it is the Russian department. Students have initiated schedule changes to improve the major to minor ratio. These changes were not made smoothly; resistance by the students on campus with one stipulation: Each candidate must represent anybody other than that "autonomous" Student Association, really have the right to represent anybody other than that constitutionally elected president of Student Association, determined to be the president of Student Association. The Chairman of Central Council has to have a supporting role in the government. The persons and the positions are one in the school's government. The tax is being handled cautiously and usefully.
ALBANY HEbrew STUDENTS UNITE TO ESTABLISH JEWISH IDENTITY

An ASP Feature

By Mary Louise Wagner

There was no lack of interest at the ASP meeting this Thursday night, as the ideas generated and The Student Association Board of Directors were interested in allowing students to be involved in the university affairs. The meeting was very productive, and the members of the association were excited about this new chapter in their academic lives.

The Student Association Chairperson, Robert A Cooley, opened the meeting with a discussion of the university's financial situation and the possibility of a reorganization of the student government. He highlighted the importance of the students being represented in all aspects of university decision-making.

The meeting was led by the Student Association Chairperson, Robert A Cooley, and included representatives from different departments, including the College of Arts and Sciences, the School of Engineering, and the College of Business Administration.

The meeting concluded with a vote to approve the proposal for a reorganization of the student government. The students were asked to express their support for this new initiative and participate in the future meetings.

The meeting was very positive and constructive, and everyone was excited about the possibilities for the future of the student government.

Education Worth

Little in the form of meaningful study is done in this university because of pressures from the average quarter of life involving family, friends, and one's personal interest. This is all too easy.

The reason for this is that our system orients itself around the following facts: We have seen the scope of the university as an educational institution, but we have not seen it as an educational entity. This is not to say that the university is not educational, but that the university is not an educational institution.

The reason for this is that the search for meaning has not yet uncovered it. We have not seen the scope of the university as an educational institution, but we have not seen it as an educational entity.

While the reasons for this need not be gone into here, the fact remains that the university is not educational, but that the university is not an educational institution.

Black Student Alliance, BSA
Black Student Alliance, TAP
V.A.T.

As a result of recent successes in organizational freedom of speech, the Black Student Alliance has found it necessary to request a formal statement concerning current issues on campus.

In this statement for public consumption, the Alliance expresses its continued support for the rights of all students on campus, regardless of their race, religion, or political affiliation. The Alliance believes that all students should have the right to express their opinions freely and without fear of retribution.

The Alliance also calls for an end to the harassment and intimidation of students who participate in peaceful demonstrations. The Alliance supports the right of students to assemble and express their views, and urges the administration to provide a safe and secure environment for all students.

Finally, the Alliance calls for an end to the discrimination against African-American students on campus. The Alliance believes that all students should be treated equally, regardless of their race, and that the University should take steps to ensure that all students have equal access to resources and opportunities.

We, the Black Student Alliance, stand in solidarity with all students who are fighting for equality and justice on our campus.
The Great Dane wrestling team was victorious 56-12 over Binghamton last weekend. The Danes are now 6-1 in league play and 8-3 overall in dual meets.

The Danes had 10 wrestlers that placed second or better. They had two wrestlers score in both matches. Freshman Alistair Grant Longley won both his matches. He pinned a his opponent with 1:30 left in the match. He then pinned an opponent with 1:20 left in the match.

The Danes will meet the University of Connecticut tomorrow in a home meet. The meet will begin at 12:30 PM.
