WHY

Have you heard of another new column given in College? It is not compulsory by any means, but if you join you are supposed to be a regular attendant. What is it and where is it? We are going to study the life of Christ, beginning in the Gospel of Mark. Already a large number of sophomores and upperclassmen have enrolled. Freshmen are not able to present because they cannot attend class at the same hour. But for others, who are interested in the subject of the Bible, this is good opportunity. Dr. Thompson is the teacher. English students will realize that they are missing something if they stay away. Every Wednesday at four o'clock in room 111, you are invited to come.

ATTEND THE BAZAAR

Santa Claus will lie there to entertain the children. Supper will be served. The admission tickets are 15c for adults and 5c for children. There will be a big bonfire, the symbol of the college. It is thought now that all material must be in Saturday night, December 22. She will read George Eladdon Lockwood's "The Red Rose" by Jean Princon, last Saturday evening. Her next program will be Saturday, November 29. She will read George Hubbard Chambers' "Tyranny of Tears.

MEETING OF SERVICE MEN

Tuesday during lunch hour in room 20. B. Dredt called a meeting of all men who had been in service. The following were appointed to investigate and report: (a) permanent Service Club, (b) Free lunch, (c) Americanizing of the workers, (d) improvement of conditions; a demand for a living wage; time to live; suitable surroundings for labor. One of the biggest factors in bringing these about is the Americanizing of the foreigner, in order that employer and employee can understand each other. Miss Springsteen spoke of the work of English classes connected with industry throughout the New State for the purpose of Americanizing the average American citizen, and furnishing fair play for both classes.

THE NEWS will be issued next week on Wednesday. This means that all material must be in Saturday morning, day after tomorrow.

INTERCLASS RIVALRY

The sophomores lead in subscriptions for the "Pedagogue" with 48% of the class subscribing. Only 20% of the freshmen class has subscribed.

Delia is glad to have her fairy godmother, while the other members of the Junior class are out to support their Sophomore, making nine field baskets and eight free throws. One of the chief features was the good defensive work of the sophomore guard, Schoenberg, and Hummelstein held the two freshmen forwards down to one basket each. Practically every member of the two classes was out to support his team. There was really checking on both sides, but, when the motorists finally went to the sophomores they lost their grand style. The freshmen are now planning to get back to their rivals in the return game. Whoever wins, the game promises to be a "Hummer."

THE YELLOW CINDERELLA

The music of "The Yellow Cinderella," taken from the Royal Cinsel, was catchy and the lines clever.
