Season Brings Good Cheer, Student Woes

Good Cheer

The season brings good cheer. Christmastime is here; all the employment offices are overflowing with new job opportunities; the air is filled with the sweet smell of eggnog;

Student Woes

However, there are also student woes. Final exams are looming large on the horizon; papers are due; and the winter cold is making its presence known. But fear not, for the State College News is here to help you through.

'News' Board Elects Mary Fitzpatrick Editor-In-Chief

Mary Fitzpatrick '59 will serve as the forty-third Editor-in-Chief of the State College News, according to the faculty panel. Miss Fitzpatrick, a Sophomore in the College of Arts and Sciences, will head the News Board. Mrs. Ackerman to serve as Managing Editor.

Faculty Panel Discusses Value of Education

Dean McKinnon, the national Chairman of the College of Arts and Sciences, will head a panel discussing the value of education, with an emphasis on the importance of a liberal education. The panel will include various faculty members from the college, as well as students from different classes.

Lanford Releases College Course Requirement Changes; Revisions Affect Next Freshman Class

Changes in the college course requirement changes have been announced by Dean Lanford. The changes are designed to improve the academic program and better prepare students for their future careers.

Outgoing Board Elects Six Sophomore Associate Editors

The outgoing board of the State College News has elected six new associate editors. These students will help shape the future of the newspaper and ensure its continued success.

AD Class Stages Plays

Fred B. Poth, Assistant Professor of Drama, will stage three plays in the AD Class. The plays will be performed in the AD Class auditorium.

Milne Honors Senior Teachers

Milne Honors Senior Teachers: Mr. and Mrs. William Johnson, who have taught at State College for over thirty years, were recently honored at a special luncheon. The Johnsons have made significant contributions to the college community and are greatly appreciated.

To The Editor...

Materialistic things speak for themselves, but it is these things which you can measure in dollars and cents. It is a far cry from the tradition that we value the editorship of the State College News. The publication of a good newspaper does not come in dollars and cents. It is a far cry from the teaching that we value the editorship of the State College News. The publication of a good newspaper does not come in dollars and cents. It is a far cry from the tradition that we value the editorship of the State College News. The publication of a good newspaper does not come in dollars and cents.
Look Back In Anger...

This is perhaps the most difficult editorial we have had to write as editors of this newspaper. We say this because we cannot honestly say with a clear conscience that this is a typical year for the State College Student Council.

Government under our present Student Constitution is a force. The new SA Constitution was drawn up in hopes of cutting down on the emphasis on the mechanics of government, and creating one which would truly represent the will of the whole student body.

So, what has happened? Nothing. The Student Senate, like the Student Council of not-so-long-ago, continues to log their days away setting up elections, appointing Senate Committees, and deciding whether or not the film group editions of the Student News will be canceled. This group can keep its bullpen full.

At least, as far as we are concerned, our student government under our present Constitution has never been so significantly unrepresentative of the student body. As we understand it, the Student Senate is the policy-making body of our government, so it is only logical to find that the policy of our government is to cut down on the emphasis on the mechanics of government.

It is easy to see why the Senate is so concerned about the size of its efforts. With the present Senate, the group would be too big, etc.—reasons which are becoming more and more evident as the Senate continues to expand.

Myskania has also failed to live up to our expectations. Uncharacteristic for many of our editorial representatives, it has been found that the Student News has not seen clearly the difference between traditional collegiate events and the sober caroling and the shenanigans of a few drunken students.

Much of our time has been spent discussing the necessity of cutting down on the emphasis on the mechanics of government. Many people are of the opinion that the Senate has been too busy with the mechanics of government, and not enough with the actual policy-making process.

The Senate, however, seems to be in agreement on this point. Many of the students who have been running for Senate positions this year have been agreed that the Senate should concentrate more on policy-making, and less on the mechanics of government.

Several weeks ago we officially suggested a meeting of all branches of government to discuss the philosophy upon which our SA Constitution was founded. The suggestion fell on deaf ears. We offered to discuss the matter with them, but they didn't want to hear of it.

Enough of our inactivity, we suppose. Time for constructive thought. Here we go.

1) To the next Myskania. Be a leader of this fine group. Be a leader of the Student Senate. Be a leader of the Student Council. Be a leader of the State College Student Body.

2) To the officers of the various organizations. Be leaders of your organizations. Be leaders of the Student Council. Be leaders of the Student Senate. Be leaders of the State College Student Body.

3) To the next Myskania. Be a leader of the Student Senate. Be a leader of the Student Council. Be a leader of the State College Student Body.

The Editor

I am writing this letter to your Students for the following reasons:

1. I am at a loss to understand why the Student Senate is so concerned about the size of its efforts. With the present Senate, the group would be too big, etc.—reasons which are becoming more and more evident as the Senate continues to expand.

2. The Senate, however, seems to be in agreement on this point. Many of the students who have been running for Senate positions this year have been agreed that the Senate should concentrate more on policy-making, and less on the mechanics of government.

3. The Senate, however, seems to be in agreement on this point. Many of the students who have been running for Senate positions this year have been agreed that the Senate should concentrate more on policy-making, and less on the mechanics of government.

In conclusion, I am writing this letter to your Students in order to bring to their attention the necessity of cutting down on the emphasis on the mechanics of government. Many people are of the opinion that the Senate has been too busy with the mechanics of government, and not enough with the actual policy-making process.
