SUBstitution...

Something new will be in operation this year. Social Calendar will be handled by Student Union Board. We think this is a good idea! It looks like a solution may finally be in sight. The Social Calendar will operate on a monthly basis, except for major events. This should eliminate some of the仓促ness and forgetting that goes with Social Calendar.

If you're in doubt about the Board's preparation, check the story on the front page. The layout plan is set and the officers are keener than ever to get it in place. We're glad to see that a group on campus is already doing something to constructive good-clearing up a bullish situation and in some cases on a talent hunt. With cooperation from everybody, we should have a better Social Calendar and a happier student body this year.

It's a Secret...

Yesterday and today the student body has been, and is, vampire for some information. You didn't know that? We're not going to scream at you, we didn't before.

Central becomes the secret organization on campus. For years we've been maintained, we thought it was Myskania. With thirty Senators can't someone put up a poster? Maybe you need a publicity director to do the job of getting information back to the student body. There have been hints added to government before.

The announcements which are being voted on are the deletion of the 2.5 average clause as a qualification for president and vice president of S.A., and Myskania being given the organization of the freshman class.

We've voted our opinions on those before but to reiterate, we feel that this trend should be eliminated for the sake of academic reasoning. Isn't it true that government and government organization, in essence, are the same thing? And that a 2.5, won't 10 people who serve as a freshman and on each other's backs? What do they call that? Isn't that a better job than two?

In short, pass the amendment.

An Eye On The Canvas

No one can be more critical when it comes to one's work than he or she who created it. Miss Cuthbert is no exception to this. She has seen her paintings in new light when they were displayed at the Student Personnel Office recently. Miss Cuthbert's latest paintings are small in size, but her use of impasto applications builds a lineine quality that is striking. The use of color is almost copyist in nature, as there is no type of annoyance from the viewer. In this way her soft insistence ligures draw no feelings in the Student Personnel Office.

Notice that Miss Cuthbert avoids received arrangement and by her execution of the work of art, it is a work of art. Any reading or providing of an artistic piece can only be a work of art if it is recognized as such by the artist. The artist has a way of recognizing his work as an art. It is a concept that is difficult to grasp, but it is the reason that Miss Cuthbert's paintings are considered art. The artist is the creator of an art piece, and he or she has the right to determine how it is to be viewed. In this sense, the viewer is not the center of the work. It is the artist who determines the meaning of the work.

In the Student Personnel Office, Miss Cuthbert's paintings are displayed on a shelf, which is part of a series of paintings that are all displayed in the same manner. The paintings are arranged in a way that is symmetrical, and the viewer is able to see all the paintings in one glance. This arrangement is intentional, as it is meant to create a sense of order and balance. The viewer is able to see the paintings as a whole, and this is the artist's intention.

Kismet Opens At 7 Tonight

Suffolk is promoting Kismet this week, as they are generally scheduled for The Red Sox games at Fenway Park, and they are sure to be popular.

Several players in the huddle at Fenway Park have already been heard screaming, "Kismet! Kismet!"

Dr. Martin Luther King Jr.'s murder

On April 4, 1968, Dr. Martin Luther King Jr., a civil rights leader, was assassinated in Memphis, Tennessee. The murder occurred at the Lorraine Motel, where King was staying. The suspect, James Earl Ray, was eventually convicted of the murder and spent the rest of his life in prison.

The murder of Dr. King was a tragic event that had a profound impact on the civil rights movement. The murder occurred at a time when the civil rights movement was gaining momentum, and it was a setback for the movement. The murder of Dr. King was a turning point in the civil rights movement, and it led to a greater sense of urgency in the movement. The murder also led to a greater sense of unity among the civil rights leaders, who came together to support each other.
