Just The Facts...

With this issue, a new News Board and new Editor take over the State College News, and will remain until the beginning of second semester. Since the founding of the State College News, the policy of accurately covering and reporting all news of State College has been established. The number of Student Association members, and the number of students that make up the Student Association, appreciate all others, to uphold the maintenance of the free press and friendly rivalry among all, to work for cooperation between all sections and for the cultivation of the new spirit of united college. It is in this spirit, and enthusiastic spirit of loyalty to State College:

To continue to maintain this admirable policy as effectively as our predecessors have done; to not only reflect accurately but to create a new sense of reality;
to only organized means of communication existing on this campus and to run solely by student, with no faculty cooperation; to not only fulfill our obligations but to expand on them, and it is our responsibility to see that it remains as

to all members of the Student Association, especially the people in charge of organization. A good editor is not a fool, in order to carry a full cause on all activities. It is admirable that each organization meets its own, and on Thursday only with that sense of reality at hand.
