Junior Women's Team

Leads In Basketball

The junior women's basketball team will soon lose caste if they maintain a policy of keeping aloof from their fellow students and develop a clique.

Professor John M. Sayles, head of the education department, said to his students last night at the Gamma chapter of Kappa Delta Rho fraternity, if correctly used, is an aid in developing a sense of responsibility. Professor Sayles told the men:

"It is planned to stage a general election in the coming weeks, and there are only two candidates left from whom the winner will be chosen," Professor Sayles told the men.

The junior women's basketball team will soon lose caste if they maintain a policy of keeping aloof from their fellow students and develop a clique.

22 Seniors Attend Tea In Drive For Residence

Twenty-two seniors recently attended a tea in the Miller High school library in a continuation of the residence hall drive, according to Mrs. Berta Erler, secretary of the alumni association. Each of these seniors chose ten other seniors from whom they will collect pledges for residence hall fund.

An.'publicity campaign will be conducted at the same time as these personal solicitations are made, which will utilize assembly speakers, posters, and newspaper articles. The first step in this campaign has been taken with the placing of three large posters, designs by the art classes of Mrs. Frances A. Fearing, on a complete side of the Miller hall bulletin board, where they were to remain a week.

ATTENDANCE IS MADE TO ORGANIZE FIGHT TOURNAMENT AGAIN

An attempt to organize a boxing tournament was initiated in the men's locker room this week by Arthur P. Jones, '30. This is the second time this year that the men of the college have endeavored to promote an elimination tournament. The first attempt failed due to insufficient support.

The sight of the flying men boxing down the street in their shirt sleeves was too much for the motorists who informed the police. Their suspicions were strengthened by the sight of the judges standing on the corner. It was later learned that the driver believed this man to be the look-out man for the "crew."

The men declared that they would contest their next race on the proposed rinder track to be made in front of the village.

In Student Assembly

At a recent meeting of the student assembly there was a presentation in the auditorium of Page hall in assembly of the historic War of 1812 band. The band is now on exhibition at the fair in New York.

32-H.

Beth Root, '30, has secured a position in the office of Robert E. Dole, senator-elect, of the fifth precinct, to be president of the local student association.
