Danes Drown Lakers, 87-68, in Last Tune-Up...

BY LARRY KAHN

The SUNY Albany basketball team swamped the Oswego Lakers, 87-68, in an exhibition game at Polhemus Hall on Friday night. The win bid the Danes eligibility for the remaining at-large bid. Ithaca, winners of the ICAC, has already been guaranteed bids.

Junior Skip tutti scored 21 points and sophomore Tim Martin added 17, as the Danes overcame a 15-0 Oswego run to finally pull away in the second half. The Danes, who have been without the services of injured seniors Jednak and Simmons, will have a chance to make their first post season appearance when they play Western Michigan in the consolation game tomorrow at 6:00.

But it was not to be. Cortland defeated Buffalo, 98-70, in a battle of undefeated teams last night at Campus Center. As the Danes improve to 17-7, the Bears move to 17-8.

The Danes met the defending SUNYAC champions at 6:00 on Saturday afternoon at the home of the SUNYAC champions. The Bears have dominated the SUNYAC conference for almost a decade, winning 90 of the last 93 league games. The Danes, who have been favored to win the SUNYAC championship since the beginning of the season, lost to the Bears last year in the SUNYAC championship game, ending their hopes for a SUNYAC title. This time, however, they were prepared to face the Bears.

The game was close at the half, but the Bears pulled away in the second half, scoring 45 points, while the Danes scored 17. The Danes, who have been struggling to find consistency on offense this season, were unable to keep up with the Bears' scoring. The Bears took the lead early in the second half and never looked back, winning the game, 88-52.

The Danes, who have been without the services of injured seniors Jednak and Simmons, will have a chance to make their first post season appearance when they play Western Michigan in the consolation game tomorrow at 6:00.

Newman Favors Electric Shock

Pain Punishes Criminal Behavior

BY DEBBIE FUDGE

It's hard to imagine a more painful punishment than prison. With every extension of time in prison, the numbers of inmates and cost of operation increase. However, a recent poll showed that most people would still prefer to see criminals in prison rather than in jail.

Newman, the Associate Dean of Criminal Justice, says that the only reason for taking a stricter stance on crime is to increase the volts, it's going to be a long time before we see any lasting damage.

Homosexuals Lose Senate Vote

Discriminatory Policy Prevails

BY LADY REICH

In a surprising turn, the SUNY Albany Senate voted against a resolution supporting the use of a standardized examination for criminal justice majors. The resolution was defeated by a margin of 26 to 24, with 3 students abstaining.

The resolution, which was introduced by Newman, the Associate Dean of Criminal Justice, was supported by students and faculty members who believe that the examination would be discriminatory and unfair to students who are not residents of New York State.

Homosexuals, who have been struggling for acceptance in society, were disappointed by the vote. "We feel it is our right to be on this campus, not an ROTC policy," said Newman, who is a member of the ROTC on campus.

Possible Dismissal of Professors Raises Ire

BY LADY REICH

Two faculty members have been suspended from the university for alleged misconduct in their teaching duties. The faculty members, who have not been named, are accused of engaging in inappropriate behavior with students.

The university has not released any further information about the case, citing privacy concerns. However, sources within the university have confirmed that the faculty members were suspended on Monday and will be heard by an external panel in the coming weeks.

The suspensions come as the university continues to face pressure from students and faculty members to address issues of sexual misconduct on campus.

The university has recently implemented new policies aimed at preventing and responding to sexual misconduct, but some faculty members and students have expressed concerns that these policies are not being effectively enforced.

Newman, who is a member of the ROTC on campus, said that the only reason for taking a stricter stance on crime is to increase the volts, it's going to be a long time before we see any lasting damage.

Close To The Edge

The society has indeed become a bit of a shambles. The Border night dinner party was a very social event, with everyone talking and laughing, no one was sitting, and the food was good. But it was so crowded, we didn't have a chance to speak for more than a few minutes. And when we finally got to the Waffle Shop, it was all gone. We had to wait for an hour and a half to get our orders. I really hope they get it right next time.

Mark Rosehill

Characters entertainers

The regular breakfast and luncheon setting at the Waffle Shop in the afternoon, and the Waffle Shop is open Monday through Thursday from 9 AM to 9 PM. The Waffle Shop serves all-day breakfast and lunch, and dinner from 5 PM to 9 PM. The Waffle Shop is located at 123 Main Street, Albany, NY. Leftist Alternatives
In The Reagan Era

W. Carroll Steinhart

Sanctity of Marriage

To the Editor:

On Friday, February 15, I attended a rally against feminism being in the public schools. Women, including my sister, were present. This rally is one of the many attempts to keep women from being educated. It is necessary for women to be educated, as it is necessary for men. It is impossible to imagine the USA without women. It is impossible to imagine the USA without education. It is impossible to imagine the USA without both women and education. It is impossible to imagine the USA without both women and education.

W. Carroll Steinhart

Amazing Grace

For a million young men, yesterday was the first day.

Army was the day President Reagan's "great period" ended. The day that begins for some of us today is not a period in a cause.

Not that all the propaganda about "free men" and "free thought" frightened every student. In fact, it terrified few. Only a few students were convinced by the very powerful national argument for a first draft needed to the cause.

One student, however, probably was not. She said she wasn't sure, but she was probably wrong, not because of the arguments of her friends. She said she was probably wrong because she was not sure, not because of the arguments of her friends.

The author of this column has long argued against the idea that the USA is the "Land of the Free." It is a country of free men, but not of free women. It is a country of free thought, but not of free speech.

This is a country of free men, but not of free women. This is a country of free thought, but not of free speech.

The author of this column has long argued against the idea that the USA is the "Land of the Free." It is a country of free men, but not of free women. It is a country of free thought, but not of free speech.

This is a country of free men, but not of free women. This is a country of free thought, but not of free speech.

Friday, 3/5 and Saturday 3/6 at Plattsburgh

Mark Brignu won the 110 meter hurdles with a record time of 15.0. This was also an RPI Invitational event. The team turned in an "amazing performance" enroute to a seventh place finish. Munscy commented, "We were delighted with our performance. The women's track and field team placed eleventh in the event. The Danes finished second in the New York State championships.

The biggest problem the Danes had was the weather. It was very humid and the track was slippery. This made it difficult for the athletes to run their best.

Fernandez is Pleased With Performance

Fernandez is pleased with the performance of the women's team. "This was the first time the Danes competed in this event. We did a great job and I am very pleased with the results.

The women's team finished 11th in the states. We had some very good performers and I believe we can do even better in the future.

The team's results were impressive considering the weather conditions. The Danes finished 11th in the states with a team time of 4:15.2. This was the first time the women's team competed in this event.

Danes ECAC-Bound After Losing in SUNYACs

Passed Over by the NCAA After Being Upset by Buffalo and Buffalo State

By LARRY KAHN

BUFFALO — Going into the SUNYAC tournament, the Albany Danes (16-9) had high hopes for a repeat of last year's dramatic upset of the University of Buffalo in the NCAA East Regional final.

But once again, the Danes were eliminated from the NCAA tournament by the Buffalo Bulls (20-4), who defeated Albany 72-68 in the first round of the tournament on Saturday. The win qualified the Bulls for the NCAA East Regional final.

The Danes were led by senior forward Maurice Woods, who scored a game-high 23 points and grabbed 14 rebounds. But it was not enough to overcome the Bulls' dominant defense, which held the Danes to just 39.2% shooting from the field.

The Danes also had difficulty from the free throw line, making just 11 of 22 shots (50.0%). The Bulls, on the other hand, were 24 of 26 from the charity stripe (92.3%).

Despite the loss, the Danes move on to the NCAA East Regional, where they will face the winner of the Ohio State-Buffalo State game.

The Danes had high hopes for a repeat of last year's upset of the University of Buffalo in the NCAA East Regional final, but their hopes were dashed by the Bulls, who defeated Albany 72-68 in the first round of the tournament on Saturday.
