Art Department

To Exhibit Work
Of Americans

The Art Department will be having an exhibit of the work of American artists throughout the month of November. This is an opportunity to see the work of some of our best contemporary artists. The exhibit will be held in the art gallery of the university for the benefit of all students and faculty. The opening reception will be held on November 1st from 8:00 pm to 10:00 pm. Everyone is invited to attend and enjoy the art on display. The exhibit will feature a wide range of media, including paintings, sculptures, and prints. This is an excellent opportunity to appreciate the artistic talent of our American artists and support the arts in our community. Art Department 108 Central Ave.

Backstage Bouquet

We like to give a new bouquet with our bricks on occasion, and this week we're doing one in the direction of AI and those associated with the organization.

This is not an attempt to pass judgment on the whole group of students, but rather to bring to the attention of AI and those associated with the organization that the brick wall at the beginning of the street is not the only wall in the world.

We have been informed by sources that AI does not seem to be as active as it once was, and this is a matter of concern to us. The group does not seem to be as interested in the activities as it once was, and this is a matter of concern to us.

We would like to encourage AI to become more involved in the community and to support the activities of the organization. We believe that the group has the potential to be a great asset to the community, and we would like to see it reach its full potential.

We would like to hear from members of AI and to learn more about the activities of the organization. We are interested in knowing what the group is doing and would like to encourage members to become more involved in the community.
