Alumni Association To Conclude Reunion

Resolved: That the Class of 1939 will hold a reunion in the month of June. The date for the reunion will be announced at a later date. The class officers have been appointed to take charge of the arrangements.

Len Fennell and Band To Play for Seniors

The Alumni Association has contracted with Len Fennell and his band to provide entertainment for the seniors during the reunion.

All Neckties to Go! Say Eddie and Tom

Two wise-old people went on a shopping trip together. They went out for lunch—then, convinced of the error of their ways, they returned to the store and bought neckties. They then went back out for lunch again. And the wise old people learned something... something about the importance of neckties.

Louie Thaag and the Silver Scalpel

Louis Thaag and his band will perform at the alumni reunion.

Way/way back last October, Cambridge, Massachusetts had its famous Harvard-Yale game. And there, in the stands, was a man named John. He was standing there, watching the game, and he suddenly said, "Johns Hopkins! Johns Hopkins!" And the crowd roared. It was a moment of great pride for John, and it set the tone for the entire game.

The frosh emerged victorious from the battle of the freshman classes. Mrs. Brubacher will receive those votes at 9:00 o'clock.

Dean Nelson Greets Summer Students

Each year it is my pleasure to welcome the students of the summer session. This year, as in the past, we are hoping to stimulate and foster interest in the various activities offered here.

Dorothy Quakenbush, with her smile and her Chesterfields, keeps smokers happy from coast to coast.

 Chesterfield's happy combination of the world’s best tobaccos gives smokers just what they want in a cigarette... refreshing mildness, better taste, more pleasing aroma.

When you try them you will know why Chesterfields give millions of men and women more smoking pleasure... why THEY SATISFY.
I Believe - Do You?

[WITH THE issue this SCHEMIA News will print the first of a series of "Creeds" which will give the members of the class an opportunity to express briefly their ideas of what education should be. This week's "Creed" is that of Lewis C. Jones, instructor of English.]

I believe in a better way of living and that a change in the general current of thought can provide this opportunity through an educational system that helps us to find a way to make life better for us and most satisfying ways of living.

I believe that a teacher should be a guide to those who know that they have certain values in certain fields.

I believe in the value of the human race, even though it be the only possible way to find knowledge.

I believe in the value of the human race, both in the context of broad human values and the context of the human race itself.

I believe the value of the human race, both in the context of broad human values and the context of the human race itself.

I believe the value of the human race, both in the context of broad human values and the context of the human race itself.

Complacent Scholars

There are four kinds of people, three of which we will wave these individuals aside with the smile. The fourth is that of the group at Spencer Hall.

Co-op Has Nineteen-Year Career Since Origin in Janitor's Office

Established in September, 1909, the campus Co-op has been steadily growing in service to students and faculty. As a result, the co-op will be open each year in its usual place with its usual supplies available for purchase. It has come to be taken for granted by many students.

The group was formed at the origin of the Cooperative Education of College Stores at St. Louis University.

Today, continuing the ideals of the original group, the co-op is continued and supplies are constantly surging to give financial aid to many students, but the Co-op is still a financial aid to many students.

The Co-op has seen the nation through many economic periods and has been an important factor in the nation's economy. From its inception, the Co-op has been a financial aid to many students, contributing to the nation's economy.
