For Better Criticism

Wonderful little improvements. As we approach Missing-Up Day we have a feeling that we are at the end of our rope. The only thing that will keep us going is the knowledge that we have just done the best we could. And yet we know that no one can ever completely satisfy everyone. But if we have the courage to face up to the fact that this is true, then we can be proud of what we have accomplished. We have shown that we are capable of doing things that are not possible for others. And we have proved that we have the ability to make mistakes and learn from them. So let us be proud of ourselves, for we have done our best.
