GIRL SCOUTS

Miss Josephine Cameron Interests B. C. T. Girls in Girl Scout Movement

Last Wednesday afternoon Miss Josephine Cameron talked to some of the college girls about the Girl Scout movement which has been recently started in Albany. She urged the girls to organize groups and act as captains and lieutenants after explaining the aims and interests of the organization.

There is a tremendous power for good to be developed by the activity of the individual, particularly of the girls, for the purpose of benefiting others, reason, among others, the Scout plan is based upon the group and it presents a universally applicable method for organizing clubs of girls. The activities are conducted under the wise direction of a trained adult. A definite program of work and play adapted to the needs of growing girls is offered.

The life of the Girl Scouts is essentially democratic. The plan of organization is simple and secures the cooperation of all classes in a common sisterhood and devotion to the program as given at the council of each school. Experience is kept at a minimum, so that the opportunity is open to all classes.

While this organization is fundamental, there is scope for every girl's way of doing things. The Scout is interested in the religious as well as in the secular. She cannot be a good Scout unless she is faithful to her own religion as well as to all other religions in intant and fact. Each girl is encouraged to live up to the teachings of her particular belief. She cannot be a good Scout unless she is faithful to her own religion as well as to all other religions in intant and fact.

The Scout club is a moral school, a school of charity, a school of good citizenship where the principles of efficiency are taught live years in a mission "school". STUDENT ASSEMBLY

Suggestions for Class Rivalry made by Representatives from each Class.

Student Assembly on Friday, February 7, 1919, was in charge of Mys¬
stery. After the singing of Alma Mater, Mr. Joseph Walker made sev¬
eral timely announcements. The re¬
minder of the meeting was occupied by speeches from representatives of each of the various classes, in which suggestions were made concerning the working out of class spirit and rivalry in college. Student Council will consider these and will soon present a scheme.

Mary Grinn, 2a, was the first speaker, and cleverly presented the

PROMETHEAN PLANS EXCEPTIONAL PROGRAM

All students should make plans to attend the next meeting of Promethean (February 21), as the program will be given at the Union at 7:30 p.m. that time will undoubtedly be one of the best it has ever provided. Dr. Thompson, chairman of the program, will interpret it by reading the myth, with music, decorations and refreshments, but the members of the Visitation Class will be in charge of the program. The program will be arranged in such a way that it will be clear and easy to follow. The program will be given in the Assembly Hall.

CHEMISTS PRESENT VAUDEVILLE SHOW

The Chemistry Club will meet Friday, February 15th, at 8:30 p.m. in the Physics Laboratory. The program will begin with a musical number. The program was arranged by Miss Grace Preston, and will be under the direction of Miss Preston. The members of the Chemistry Club will perform several acts, including a musical number, a magic trick, and a chemical experiment. The program will be in charge of the Chemistry Club.

LOCKER-ROOM MORALS

There is no one in college who would go out and hold up the first person he sees. There is no one who would break into a house to longshore. But there seem to be many whose consciences permit apparent switching of original ideas, ends and lunchbox dishonesty from time to time. We hear it said that it is unsafe to have things around.

At this college we are supposed to be educated men and women of some caliber. Shall we not make an effort to realize that petty thefts are as soul-degrading as Robberies of millions? It is a truism that these thieves lead to lead ones. The truth lies in the fact that our petty vices create a toleration of weak and flabby character. There is no place in the life of an educated person for moral compromise, for that leads to delay. Let us get the complaints serious and reformations attention.

YOUR COUNTRY NEEDS YOU!

Did you ever stop to think of the countless number of human beings upon whom you depend every day for everything that you need? Take for instance the bare necessities of life. Just think how many people are involved in the producing of one article of clothing you wear. Suppose it is made of cotton cloth. There are the cotton planters, the pickers, those who clean and sort the pickers, the spinners, those who help in the transportation, the factory hands, the dyers, the shop workers, and perhaps delivery boys or messengers. Have you any duty toward those parts of the human machine, which is working for you? Most assuredly! Taking the matter up from a purely practical standpoint, you must admit that upon the welfare of the producer depends the welfare of the consumer.

The condition of industrial workers is very important in peace times and very necessary in war times. Upon the health of this part of the human machine depends his own efficiency and often the health and efficiency of others. You or some one dear to you may be among those affected. You have doubtless heard instances where clothing was made in large quantities in homes where tuberculosis or other disease were present. We will give here just one typical case to show the need of especial vigilance in these war times. It was heard last summer that soldiers' uniforms were being made under improper conditions. An investigation was made. One of the many reports turned in on the tenement conditions was: "A diphtheria sign on the outside and uniforms marked at half time was: Juniors, 10; Seniors, 6. Did you ever stop to think of the endless suffering and hardship which is working for you? Most assuredly!"

So far our work has been mostly the Seniors in the fourth game of the season by defeating the Sophs. The three game of the season resulted in a victory for the Juniors. The Juniors were the first to score, and they held their lead throughout the game. Towards the end of the first half, the Sophs started, and the score at half time was: Juniors, 10; Fresh, 7. Masson featured with three field baskets.

The second half opened with both teams fighting furiously for the ball. The teamwork of both teams in this half was excellent, but the shooting ability of the Juniors brought them out on the long end of the final score, 31-27. Tobias, a Junior guard, began to excel that he shot a basket for the Fresh. Masson and Castellano did excellent work for the Juniors, while Whittenberg started for the Fresh. Line-up:

JUNIORS: fb, fp, tp, 2
Masson, H. .......................... 9
Tobias, .......................... 9
Castellano, .......................... 1
Whittenberg, .......................... 1

FRESH: fb, fp, tp, 2
Frosh, r. .......................... 9
Hake, .......................... 9
Hoffman, .......................... 9
Patterson, .......................... 9

Totals: .......................... 45
Score at Half Time, Juniors 5—Seniors 6

SOPHS 36—SENIORS 9

The Sophs won their second game of the season by defeating the Seniors in the fourth game of the interclass series. The 6-6 score at half time indicates the close play of both Sophs. Timekeeper, lying around. for some military reason, we have the ball in their possession most of the time. The Sophs scored from all angles of the court making a total of thirteen field goals. Forward and Merchant, the first Soph forwards, and of Captain Lobdell at center stood out above the team's superior teamwork. Hakes excelled as a running guard, and Patterson played a stellar game at stationary guard, by interchanging many Sophsen, Liftman.

ITEMS OF INTEREST

The Reel, Tape, Reel, etc., is giving exhibitions at Evening Club, Friday, at 6 p.m., in All Saints’ Cathedral.

War Savings Stamps and Thrift Stamps may be purchased during the week in the college news room.

As I. Miller, Jr., has been appointed by Justice Nelson in charge of St. Luke’s Church, Chatham, I wish to announce St. Mark’s, Philmont.

Juniors are requested to bring some books to the next class meeting.

CAMPUS

There has been quite a bit of speculation among the girls as to whether the chicken feed which is on the market is fit for human consumption.

Now, if your mark seems mean and low, let memory show you what to do.

Elections for the class officers will be held at the regular meeting. You read the thing at nine o’clock, Stanley Henderson was called home.

Monday, February 25: Rally around the bulletin board, Hart, Shaffer & Marx.

The Grind and advanced dressmaking, in addition to the material which the dietetics class has prepared in this direction.

Miss Yolas and Professor Douglas will attend a national society meeting at Philadelphia, the last three days of this week.

Miss Wilson is cooperating with Marian Myers, of the Associated Women’s, making market lots for daily roasts of families who are in charity cases. A booklet will soon be compiled from the material which the dietetics class has prepared in this direction.

Kappa Delta Rho

The members who were recently pledged by KDR are—Marshall, ’17; Nelson, Force, ’10; George Goodman, ’21; Martin Parry, ’21; James Johnson, ’21, and Reginald Bruce, ’21.

The members have successfully survived the first degree. The second degree will be given this Wednesday evening at the regular meeting.

Stanley Hudson was called home this week on account of his father’s sickness.

Beauty Queen, ’22, of Midddletown Alpha Chapter, spent the weekend at the house.

Y. W. C. A. CONFERENCE

The fiftieth annual conference of the Student Volunteer Union will be held at Elmira College, Elmira, N. Y., February 22-24.

Anyone who is interested in the work of the Student Volunteers may attend this convention. It is not restricted to those who have already volunteered. You yourself will desire a great deal of value to it and the larger the delegation is the more people will realize the importance of our college. Do your bit by your college and by yourself.

Oh, the Y. W. C. T., and its blooming faculty.

And this I say in parting, "Hang the man who hasted me.”

Take me back to dear old campus where my footing slowly dwindled.

Far away from that State College and its bunch of blossoming belles.

There let us softly slumber in the shade

And do chores instead of Latin when its eighteen every Thursday.
