FIRST MEETING OF NEWMAN CLUB

"Marshall Ferdinand Rock is every inch a man, every inch a soldier, every inch a champion, and was worthy of the greatest responsibility ever held by mortal man."

This tribute to the generalissimo of the Allied armies, and now the idol of the civilized world, was given last Friday afternoon in an address by the Rev. Joseph A. Dunning, former president of the parochial schools of the Albany diocese, at the first meeting of the Newman Club of the State College for Teachers. The meeting was conducted in the college auditorium, and the college band was the first of the regular fortnightly meetings.

COLLEGE CALENDAR RADICALLY CHANGED

In order to make up for the time lost during the epidemic many striking changes in the college calendar have been made. The vacation at Thanksgiving time will cover only Thanksgiving Day. Christmas vacation will be shortened by three days. Milk and sandwiches, milk, or other beverages, will be served lunch to the faculty and students. The college has opened a cafeteria in the auditorium, and you'll get into the spirit.

ATTENTION!

277 students have paid their blanket tax; but there are 84 Seniors, 65 Juniors, 66 Sophomores and 37 others who have not yet come around. If you take pride in your college, if you want to be one of the best, if you enjoy college life and college activities, you will pay your $277. If you're hot enjoying college life, pay your tax and you'll get into the spirit.

You have the privilege of paying your five dollars Monday, November 25, from 9 to 12 a.m., and from 2 to 4 p.m.

CAFETERIA OPENS

The Home Economics Department has opened a cafeteria in Room "T," in the basement of the Science Building, for the purpose of serving food to the faculty and students of the college. Soups, sandwiches, milk, or other beverages, salads, and hot dishes of various kinds will be obtainable.

So the company A bayonet work was started last week with Lieutenant Knighton as instructor.

Attention! Men must report on time, have proper uniforms, rifles and bayonets.

SONG CONTEST IN G. A. A.

The old songs are quite worn out. We, and alumni before us, have sung "Ain't She Sweet, Huh, Huh," etc., upon so many varying occasions, sometimes in the church they may have had to belong to the past.

So we are proposing a contest. Write your song, full of sentiment, or pop, or both, and hand it to Agnes Nolan, '20, by November 29th.

Every song, whether a prize song or not, will be kept and sung. So do your part and try one of the prizes—a first, a war savings stamp second, two dollars in thrift stamps; third, one dollar in thrift stamps.

The judges are: Miss Pierce, Miss Bennett, chairman; Miss Card, Professor Decker and Professor Belding.

OMICRON NU PAYS TRIBUTE

Omicron Nu feels very deeply the loss of one of its alumnae. Marion Payne, '17, who died of influenza on October 10th, Miss Payne's death occurred at her home, where she had been teaching history. Miss Payne attended and was graduated from the Saratoga Springs High School. She entered State College in the fall of 1914, and during her two years here was a prominent in college activities. The esteem in which her fellow students regarded her capability as an leader was shown by the many offices in which she was elected. She was president of Omicron Nu and a member of the committee during her Senior year.

With her going, Omicron Nu loses the first member in the history of the society.

ARMISTICE IDEAL

News comes from all sources—adventurous dailies, wise columnists, citizens—everywhere: the same, that the signing of the armistice brought forth a decided cessation of war work. It seems as though the country is ready to lay off to ease up. The soldiers are reported to be thinking now of the homecoming instead of the overseas trip. Veterans are reported to be falling to buy war savings stamps and to have stopped paying into the War Chest, Red Cross, Y. M. C. A., and of C. funds.

To be sure, the reaction is only human—we're only poor, weak mortals after all—but we have learned no neglect for the past hard months to work and have forgotten how to rest on our oars.

The glorious action of the American public has merited world-wide admiration. Efficient service has become the American ideal—and Americans have lived up to their ideal.

The fact that hostilities have ceased and that peace is in sight is no reason for relinquishing our ideal. Beyond any question the days ahead are to be the most trying ones since August, 1914. With reconstruction the whole problem is an efficient service. It is expected that America, who has suffered least, will sacrifice most in the stupendous task. It is left for American to light on—it is left for her to do the work. It is two and a half years of her inactivity at the peace table. Her experience after the Civil War periodically fits her for the present need. But her work is to be infinitely greater.

Failing her position among world powers is due to the perfect co-operation of its millions. Individualistic Utopian transformations could never have succeeded if there had not been a bond that has saved and served to the limit and then has saved and served more. We are looking to pick up the battle and fight as he never has fought before.

Once more each one will take up and carry on until victory is really complete and peace restored to Europe and its forgotten battlefields—Europe a land of rebuilt homes.

Let us then take a new hold, long, constantly toward the ideal of "Efficient Service."

COME OUT FOR THE NEWS

In the issue of October 3rd, the "News" Board Constitution was created, together with regulations governing the appointment of new members to the editorial board. At the same time an appeal was made for new recruits to be added to this year's staff.

As yet the response has been slow, due, doubtless, to the long vacation period. Still, new members are needed. The terms remain the same, and the present board is anxious to assign "try-outs." Freshmen and Sophomores get busy! The position of Editor-in-chief awaits you in your Sophomore year, if you don't have time to climb up. New honors and new possibilities of service to your Alma Mater await you. Come out AT ONCE!

I know your name to any member of the board of editors and report your assignment from Miss Bloodworth. Then work hard and add your name to those printed at the top of column one, page 2.

Come out for the "News!"

NOTICE

It will facilitate the compiling of the College Calendar if persons or organizations desiring to have their class register at Dean Pierce's office two weeks ahead of time. This will allow the Calendar to be published in the "News," inclusive of all functions scheduled in the week to follow. Cooperation of students is requested in this matter.

ALL OUT FOR THE PEDAGOGUE

Freshmen—show your pep! Sophomores—keep your rep! Juniors, every girl and fellow, Seniors—it's for old '19, and a half per year. Advertising rates are subject to the approval of the Business Manager.

This money will be placed in the hands of the practical teachers of English.

Omission of the final examinations. Extension of the college year one week to June 23.

Or a combination of the three.

We feel that the spring rec. of one week is a necessity for both the faculty and students, especially this year, as the actual teaching work will have no interruption of any kind from Jan. 3 to Apr. 16. To omit the rec. week would mean the teaching would continue from Jan. 3 to May 30, which is too long a period. The Department now has in running order a cafeteria and dressmaking shop, where from one to thirty hours a week may be spent, and remuneration received for work done. The type of work given will be suited to student's capacity and advancement. If work is desired in the cafeteria, Miss Tuttle may be consulted in Room "T."
