Of Organizations

Freshman interfraternity fraternity bids Monday on the end of the fall rushing period which has been supervised this year for the first time by interfraternity council. Those bidding today are the council in the Student Council Young Women's Association office in the Commons.

The interfraternity council was assigned last spring by Alma Ellsen, chooper of Kappa Delta Phi and the Educational Council, as an organization devoted to straightening of the college. The supervision of freshmen rushing this fall is the formal part of the work of the interfraternity council, which is the first actual part of the organization, while the freshman men now become acquainted with the formalities through an informal program with the final bidding of the last just completed.

The members of interfraternity council included Fred Hoffer, swimmer, and John O'Brien, '36, Kappa Delta Phi, and John Donnellon, '36, and Richard Gay, '38, Edward Conley, '37, president of the council are Stewart, president, and O'Brien, treasurer.

The section of the interfraternity council constitution which has yet to be determined will be a meeting with the inquirer on the individual bidding organization in the following:

Arrangements Section A. There shall be no telephone calls on the part of the inquirers during days prior to the issuance of bids as prescribed under Section B. Bids bids shall be left with the secretary of the council on the Monday immediately before Thanksgiving Day.

Section C. All bids must be returned to the council by 5:00 o'clock of the day before Thanksgiving Day.

Section D. No bids shall be issued to freshmen before the first Monday before Thanksgiving Day and the first day of the second semester.

The interfraternity council will be located in the Student Council, W.E.O., office on the above.

State College Maidens Confess Qualifications of Ideal Man

With all due respect to the well meant suggestions of the latter and to the desire the female species ever without the least skin of magnesium

The general state college council approved the following qualifications of ideal man:

"She should have something to the eyes.
"She should have something to the face.
"She should have something to the body.
"She should have something to the mind.
"She should have something to the heart.
"She should have something to the soul.
"She should have something to the spirit.

All of the above should have something to the taste.

Some suggestions is the wish of the student council for the next Rushing Period to be considered.

Intersorority Council Goes To Work

To work next week goes the first State college intersorority council, issuing out and receiving fresh bids for Delta Delta Delta and the Edward Eldred Potter club. Two weeks later, the council will sponsor a new social venture, the Interfraternity Ball.

The Interfraternity council is a group composed of three members of each sorority; enforcement lies in the attitude of all the members of each group. The idea may be counted a success if it continues to carry out delayed bidding and paves away a first-class formal dance on December 12.

The Troubadours-Cui Bono?

Seven (7) men attended a meeting of the Troubadours, "musical organization composed of all men of the college," this week. The purpose of the Troubadours was to overcome the problem of numbers of musical students.

We raise the question, without answering it, finally: "Is the thing worthwhile of organization?"

The Troubadors used to be a fairly lively bunch. Three years ago they gave an excellent reception to the freshmen and put on a first-class musical show. Last year, however, they had another show, and last year none at all.

And it is important that we think carefully before choosing our representatives, for upon our choice will depend the efficiency of the federation as it concerns students, obtain some knowledge of the manner in which student affairs are conducted in different sections of the country.

The Student council nominees all have excellent records. All have participated in a variety of student activities. They are now carefully choosing our representatives, a typical State college student, to attend the convention.

"Hitler Educational Experiment Bears Watching," Says Sprague

"Hitler has given the youth something to do." This was the conclusion factor voiced by Dr. H. A. Sprague, president of Montclair Teacher's college, in his address to the student body in last week's assembly.

Dr. Sprague first told the assembly that observation was an excellent opportunity to get suggestions and then related some of his experiences abroad, emphasizing the new German education system.

Commenting on the relations between Hitler and education in Germany today, he said that, pedagogically speaking, we get many suggestions from the methods employed there.

In the new German system, according to Dr. Sprague, Wednesdays are devoted to the Hitler party. No assignments are given on that day and the students receive special instruction in principles of the party, in the field of health, and in health practices which "are recreational and of a nature that might be classed as patriotic."

The new system provides for education in a series of schools up to about 19 years of age. These schools are professional, semi-professional, classical, and scientific in nature and their curricula are startlingly similar to those of our high schools, junior colleges, and colleges.

National Socialist schools have been established also. Hitler, Dr. Sprague maintained, is trying to organize a model Nazi school system and in doing so has caused considerable comment as to the future status of the classical school.

In conclusion Dr. Sprague stated that, "whether or not Hitler will be successful no one knows," but the experiment will be interesting to observe.

Seniors Must Return Agency Pictures Today

Since the agency pictures distributed by the Pedagogue were not made up in the correct size, the Sargent Studio will print six copies in a larger size, and send them directly to the appointment bureau at no extra charge.

Those who ordered agency pictures must return the print with the serial number on the back to the Pedagogue staff in room X by noon today. The additional prints remain the property of those who ordered them.

Any agency pictures which were printed in reverse will be corrected, if they are handed in today. It will be necessary to return all copies of the original prints to the studio as a check.

There will be no retakes for agency pictures, but the photographer will return December 7 to retake the Pedagogue pictures.

Just plain old Common Sense

You know that a cigarette can be mild; that is, when you smoke it it's not harsh or irritating.

You know that a cigarette can have a pleasing taste and aroma.

When you smoke a cigarette and find that it has the right combination of mildness, good taste, and aroma, it just seems to satisfy you...gives you what you want.

I smoke Chesterfield all the time, and they give me no end of pleasure.
