SOE in Transition

The School of Education at Albany State has been for some time a cause of concern to the University, giving rise to various discussions on the faculty, students, and administration. Indeed, the School of Education has been the subject of several important changes, including the formation of the School of Education and the appointment of a new dean. However, these changes have not been without controversy, as evidenced by the recent student protests.

The SOE is currently undergoing a period of transition. It is hoped that these changes will lead to a more effective and efficient operation of the School of Education. The students have expressed their dissatisfaction with the current administration and have called for changes in the curriculum and faculty. The administration is responding to these concerns and is working to make the necessary changes.

The SOE is currently in the process of developing a new curriculum that will better meet the needs of its students. The new curriculum will be more focused on the practical aspects of education and will provide students with the skills they need to succeed in the field.

The SOE is also working to improve its faculty. The administration is looking to hire new faculty members who are knowledgeable and experienced in the field of education. The SOE is also working to retain its current faculty members.

The transition of the SOE is a complex process that requires the cooperation of all parties involved. The students, faculty, and administration must work together to ensure a successful transition.

To the Editor:

It was a pleasure to hear from Mr. Sue Selieson and Ms. Barbara Cooper, who wrote to me regarding the recent events at the University of California. I would like to take this opportunity to express my thanks for their support and to assure them that I will continue to work towards the betterment of the University.

Sincerely,

The first important step towards changing the situation at the University was taken last week when the Faculty Senate passed a resolution calling for the establishment of a Faculty Union. This resolution was supported by a majority of the Faculty Senate and was signed by a significant number of faculty members.

The Faculty Senate's action was based on a growing sense of frustration among faculty members regarding the administration's handling of various issues, including the lack of faculty input in decision-making processes and the lack of support for research and teaching.

In the wake of the Faculty Senate's resolution, the Administration is expected to take further steps to address the concerns of faculty members. It is hoped that these steps will lead to a more collaborative and respectful relationship between the Administration and faculty members.

The Faculty Senate's action is a significant step towards improving the situation at the University. It is important that all members of the faculty community participate in the ongoing discussions and work together to find solutions to the challenges facing the University.

As the editor of the Albany Student Press, I am writing to express my continued support for the Student Newsroom and its efforts to improve the quality of student journalism. I believe that the Student Newsroom is an important part of the University community and that its role is to provide students with the opportunity to gain valuable experience in the field of journalism.

The Student Newsroom has been working to improve the quality of its content and to increase its audience. It is important that all members of the University community support the Student Newsroom and its efforts to improve its coverage and to serve the needs of its readers.

I look forward to seeing the continued success of the Student Newsroom and to seeing it continue to provide valuable experiences and opportunities for its members.

Sincerely,
Clingan

ASP Sets Goals For Future

In the last few months, the Albany Student Press has been working to increase its productivity and to expand its coverage. The new goals set by the Albany Student Press will help to ensure that the Student Newsroom remains a vital part of the University community.

The new goals include increasing the number of articles published, increasing the number of students involved, and increasing the range of topics covered. These goals will help to ensure that the Student Newsroom remains a vital part of the University community and that its coverage is relevant and useful to all members of the University community.

I look forward to seeing the continued success of the Albany Student Press and to seeing it continue to provide valuable experiences and opportunities for its members.

Sincerely,
Clingan

Submarine Magnate Speaks

by John O'Reilly

Director:

Lafayette Radio presents, starring taking the position of Submarine for one of the world's largest submarine manufacturers in the late 1950's. In the role of a man, the focus has been on the艇's largest submarine manufacturer, and on the艇's role in the world of submarine warfare.

1. What was your most important role in the艇's overall design and development?

Q: Sexual traditions in the United States have undergone radical changes in the last decade, with a corresponding shift in public opinion on some of the issues involved. As the艇's most important manufacturer, how did you respond to this changing climate?

2. How did you adapt to the艇's technology and its operational requirements?

Q: Would you care to comment on the艇's commitment to student research?

3. Student teams must probably be eliminated completely if they are to be effective in the艇's modern environment.

Q: What's more: oil, in my opinion, the艇's very existence.

4. You've probably been familiar with the艇's economic impact on the艇's own domain.

Q: Would you care to speculate on the艇's future?

5. The艇's future is not at all clear, but probably not as ominous as some have suggested.
Lightfoot,Rush,And No Bomb

by Jeff Burger

Acoustic light sounding like the perfect mixture of War, the Eagles, and young Neil Young, Bonnie Lightfoot, Randy Ramirez, and Tom Rush were scheduled to play the GSPA Fall Festival at College Park on October 17th. My buddy and I were blown away by the performance of this trio. Bonnie Lightfoot had some pretty good vocals, and was considered by many to be the best singer of the three. Tom Rush played some of the old-time songs which made everyone feel like we were at a bar. Randy Ramirez's voice was quite nice, although his singing seemed a bit weak. Overall, this was a great performance. The audience was very responsive to the band. The weather was perfect for an outdoor concert, and everyone seemed to be enjoying themselves.

The Strawberry Statement

A Berry Good Album

by Jeff Burger

The Strawberry Statement is a new album by the band. It's a great album, with some really good songs. The album is full ofolygon, with some really catchy melodies and great harmonies. The lyrics are also very good, with some really deep and meaningful themes. The band has really matured since their last album, and this new one is even better. I highly recommend this album to anyone who loves rock and roll.

A Pathetic Fast

To the Editor:

I am writing to you about the fast that the S.C.A.P. (South Central Area People's Coalition) is currently organizing. I am one of the organizers and I am writing to you about it to raise awareness and support.

The S.C.A.P. is organizing a fast as a form of non-violent direct action to protest against the injustices and oppressions faced by the American Indian community. The fast is called the "Food Fast for the American Indians" and it is designed to raise awareness about the issues faced by the Native American community.

We are calling on all people to support the fast and to donate funds to help us continue our efforts. The funds will be used to support the organizers and to provide food and other necessities to the participants of the fast.

I hope that you will consider supporting this important cause. Together, we can make a difference.

To the Editor:

I am writing to you to express my concerns about the recent article in the Albany State Press about the use of the word "raccoon" in a negative context. The article seems to suggest that the word "raccoon" is a derogatory term for people of African descent.

I believe that this is not the case and that the word "raccoon" is a friendly and respectful term used to describe people of African descent. It is important to recognize the history of the term and to understand its connotations.

I hope that you will consider addressing this issue in your future articles.

Sincerely,

**Dental Students Take Note**

For the second year in a row, The American Dental Association has expanded the ADA's Student Program to include the students at The University of the State of New York. The program makes it possible for students of dental auxiliaries to participate in a variety of dental research projects, to observe the laboratory of a senior dentist, and to complete the requirements of the student's career-interest. The following procedures are available to those who are interested:

1. **Application:**
   - Students must apply to the Office of the Dean, College of Dentistry, University of the State of New York, Albany.

2. **Eligibility:**
   - Students must be enrolled in an accredited program.

3. **Program Activities:**
   - Students will be expected to work at least 8 hours, but in a bad storm, you may be excused.

4. **Reimbursement:**
   - Students will be reimbursed for all expenses incurred as a result of the program.

5. **Success:**
   - Successful candidates will be placed in the laboratories of dentists who are interested in research activities, where the students will participate in the actual work of the laboratory.

**Dane Netters Fall Short**

Albany State narrowly missed qualifying for the College Bas- ketball Men's Tournament and the University of the State of New York at Albany with a score of 74-35. While the victory upset the Westerners' week, it was a game that was never really in doubt. Albany, who was able to play to their full potential and dominate the game, were the team that was able to come out on top.

**Varsity Matmen Drop Opener**

The 1970-71 edition of the varsity wrestling in the state of New York at Albany opened their season with a win against St. John's College. The Danes were led by Jim Monahan, who scored 7 points with 7:15 remaining and took his 12 lb. class. The Danes stay on the road this week with a trip to Troy to meet RPI. The Danes are looking for their fifth and final personal in the state of New York at Albany's 13th season, but their chances of winning may be slim.

Is Collective Bargaining Unprofessional...

Collective bargaining is a way of life today. Whether you're a machinist or a mathematician, you're probably not going to get what you want without negotiating for it through an experienced bargaining agent.

Collective bargaining begins, the union head draws up a list of demands to be presented to the employer. Once the list is complete, talks begin, right?

Wrong! That's about the way it works in most groups. CSEA works differently.
