Hot Albany Batmen Add Three More Victories

Danes Sweep Binghamton, Come From Behind To Top Union; Record 7-1

By Larry Keefe

It has been a long time since the Albany track team, under the guidance of Coach Boh Mousey, has been able to sweep a dual meet. Saturday, the Danes were able to do just that, beating the Binghamton Bearcats 11-6 behind a phenomenal performance by Mike Garlino.

The Albany offense started to awaken in the first inning when he gave up six runs. The Bearcats were down six-zip — you have to give them credit. Their hitters have really been hitting the ball. But Albany added one run in the second.

The Danes added the nightcap, 7-5. The Albany offense started to awaken in the first inning when he gave up six runs. The Bearcats were down six-zip — you have to give them credit. Their hitters have really been hitting the ball. But Albany added one run in the second.

The Danes are now 2-0 in dual meet action. "We're just thrilled so far," said Munsey. "We're playing decent baseball, but we're not even playing our best. The truckmen broke three track records on Saturday afternoon as they defeated Brockport by the very lopsided score of 120-43. The dual meet win increased the Danes' record to 2-0. SA Presidential Endorsement

Dave Pologe — strong leadership

Although Dave Pologe is the only presidential candidate, his ASP has elected to endorse him. We feel that Dave will be an effective and dedicated SA president and deserve our full support.

Pologe did not just step into the candidacy because he wanted the job. He has had a long involvement in the student government. His name is synonymous with student life on the campus. Considering the number of students who have participated in student government, Pologe's name is recognized throughout the campus. He has been a consistent figure in student government and has been a leader in extracurricular activities. We feel that Pologe will bring his experience and dedication to the SA presidency.

If elected, Pologe will bring a fresh approach to SA. He is a student leader who brings fresh ideas and innovative solutions to the problems facing SA. He is known for his ability to work effectively with others and his willingness to listen and consider different viewpoints. We believe that Pologe will be an effective president and deserves our full support.

SA Vice-Presidential Endorsement

Woody Popper — a thinker

Woody Popper has been a consistent and active member of the student government. He has a strong commitment to student advocacy and is known for his ability to think critically and evaluate issues. Woody's approach to student government is based on his belief in the importance of student input and involvement in decision-making processes. He is a thinker who is not afraid to challenge conventional thinking and to advocate for the rights of students.

We feel that Woody Popper would bring a fresh and thoughtful approach to the vice-presidential position. He is known for his ability to think critically and to analyze issues from multiple perspectives. We believe that Woody Popper would be an effective and dedicated vice-president and deserves our full support.

Vice-Presidential Assessments

Stephen Minter

Stephen Minter is one of the more experienced vice-presidential candidates, having been a member of the Student Assembly for several years. He is known for his dedication to student advocacy and his willingness to work with others to achieve common goals. As a member of the Student Assembly, Minter has been active in several campus organizations, including the Associated Student Body and the Student Senate.

Minter's approach to student government is based on his belief in the importance of student involvement and participation in decision-making processes. He is known for his ability to work effectively with others and his willingness to listen and consider different viewpoints. We believe that Minter would be an effective and dedicated vice-president and deserves our full support.

SA Peace Project and Unity

Steve Koff receives only 50 percent of the student vote because his campaign was not aggressive enough. He received 11,956 votes, which is less than half of the total votes cast. Although Koff received a majority of the student vote, his campaign was not aggressive enough to win the support of a majority of the students.

Koff's campaign was characterized by his commitment to peace and unity on campus. He was a strong advocate for the rights of students and was active in several campus organizations, including the Student Assembly and the Student Senate. However, his campaign was not aggressive enough to win the support of a majority of the students.

**Mandatory Tax: Necessary Funding**

**Byline:** Albany Student Press

**The Council's Role:**

**Background:** The student council has been fighting for student rights and interests for many years. The student council has been able to pass legislation and advocate for student issues through its lobbying efforts. However, the student council has been facing financial challenges and has been unable to provide the necessary funding for student initiatives and programs. The student council has been considering a mandatory student tax as a solution to its financial challenges.

**SASU's Position:**

The student association supports mandatory student taxes as a necessary funding mechanism for student initiatives and programs. The student association believes that mandatory student taxes are required to provide the necessary funding for student initiatives and programs. The student association also believes that mandatory student taxes are necessary to ensure that student initiatives and programs are adequately funded.

The late 1970's and early 1980's have been a time of many changes. Today, the university administration is concerned about the overall well-being of the students. As a member of the Student Council, I have worked to improve the quality of life for all students. I am running for a second term as Your President. If re-elected, I will continue to fight for better conditions for students. I will work to resolve any issues that arise and to ensure that the Student Council is more effective in representing the needs of the students.

---

**Gray**
I will act as a student voice in making sure that student concerns are properly articulated to those who hold power in the university administration. I will listen to their problems and will use the office to make sure that they are resolved. I am also a member of the Minority Affairs Task Force here on campus. I am a junior, majoring in Political Science. My record has clearly shown that I represent and fight for students, My goal is to be a strong and effective student government and to make sure that the voice of the students is heard.

Finally, after four disappointing years of inefficient student government, there is now something for seniors to write home about.

On a cold, dark, lonely night in the campus center, Crazy Gary, Crazy Bob, Crazy Brad and the rest of the Crazy Class Council slashed your senior week ticket prices by an incredible 50 percent over last year's prices.

But that wasn't good enough! We defied inflation and stayed well past building hours and slashed those prices to such incredibly low levels that even government economists winced at our fanatic disregard for the laws of finance.

The Crazy Class Council...  
... Our Prices Can't Be Beat...
