BETA ZETA RETAINS LEAD FOURTH TIME

Chi Sigma Theta Advances To Second Scholarship Place

GAMMA KAPPA PHI THIRD

General Average Sorority Is C Grade, According To Figures

Betta Zeta holds the security scholarship ship for the fourth consecutive time, the Sigma Theta, which in previous announcements of the parlor's security standings had been third, is now second. Gamma Kappa Phi, which has been fourth, is now third. The general security rating is a "B" grade.

Betta Zeta's present figure is, however, 1,777, an increase in the second term of 755.

The following standings follow:

Chi Sigma Theta 1.61
Gamma Delta 1.64
Gamma Kappa Phi 1.65
Delta Omicron 1.69
Pi Gamma 1.81
Kappa Delta 1.86

The points are based on the years that had been in the sorority more than one year ago. The highest mark in the present list is still higher than the lowest mark last year, and the same marks are at a year ago.

The following table shows the security scholarship averages have changed in the last year:

<table>

HERNEY, ’29, SPRAYS ANKLE IN SCRIMMAGE

Another varsity player has been added to the list of those who have had injuries this term. Howard Gold, ’29, yard and veteran of two campuses with the state, was the last to be added. He sprained an ankle during a recent scrimmage, but is expected to return to the varsity team soon.

BELDING, ’24, TO OPEN CLASSES IN DANCING

Frank S. Belding, ’24, will open classes in dance at the Artsium while the theater Mrs. Belding is a graduate of Liberal Arts school of Liberal Arts, and at the Artsium. Miss Belding has already instructed classes in the arts, and the Artsium is now ready for the opening of the dance.

NAMES ROOMS AND TIME FOR STUDYING

Dr. Brubaker Grants Request Of Students By Listing Study Halls

Dr. A. R. Brubaker announced that he will have a table placed in the center of the ladies' dormitory at the Artsium, where students can deposit their books and papers. The table will be ready for use by Monday, the first day of classes.

FANTASY AND SKETCH PRESENTED THURSDAY

Dr. Huddles is a Speaker At Teachers’ Convention

OLTO HUDDLE, ’22, TALKS

Visual Instruction Is Theme Of Dr. Huddles’ Speech

Dr. Huddles is a Speaker At Teachers’ Convention

The convention of the northwestern school of education opened this week with a talk by Dr. Huddles, who is the head of the department of education at the state university. Dr. Huddles discussed the use of visual aids in education, and emphasized the importance of modern teaching methods.

PLOWMAN LECTURES AND EXHIBITS PRINTS TO FINE ARTS CLASS

George F. Plowman, who is director of the art department at State College, will give a lecture on the history of art and the role of the artist in society. He will also introduce the students to the work of modern artists and discuss the importance of art education.

MEMBERS OF BOARD OF THE STATE LION WILL RECEIVE KEYS

Members of the board of the State Lion will receive keys to the state house, which will be held in the hands of the students. The keys will be given to the members of the board, who will then use them to open the doors to the students.

SHE WAS CROWNED CAMPUS QUEEN

RUTH LANE, CROWNED CAMPUS QUEEN, SEES JUNIORS WIN STUNTS

Dr. Huddles is a Speaker At Teachers’ Convention

The election of the campus queen was held last night at the state college, with Ruth Lane, a sophomore, being crowned. She will represent the college in all upcoming events and will be the focal point of the campus.

PLOWMAN LECTURES AND EXHIBITS PRINTS TO FINE ARTS CLASS

George F. Plowman, who is director of the art department at State College, will give a lecture on the history of art and the role of the artist in society. He will also introduce the students to the work of modern artists and discuss the importance of art education.

TRACIE ORIGIN AND DEVELOPMENT OF PERFUMES; "JALNA" WINS $10,000 PRIZE
By W. M.F.

The history of perfume is the history of all, natural, commercial, and synthetic aromatics, for the one-time perfumery of the ancients has been transformed into the perfumery of the twenty-first century. This book brings together a wealth of information on the subject, and is a valuable reference work for all who are interested in the history and development of perfumes.

State College has most Unique Domestic System Of Athletics, Kuczynski Declares

State College neither enters in nor solicits for athletics. Students do not come here in order to make a name for themselves in athletics. Because of this, State has a double disadvantage in putting together winning teams. Yet, in nine out of the past three years, State will be, and has been, remarkably successful.

The basis of this success is the democratic system of athletics, as the United States College system is the democratic one in the world. Perhaps my assertion sounds heretical, but I believe that, in the opinion at State college, it is the time to put into action the democratic spirit of athletics.

Are sororities girls just average? In order to be eligible for full membership, the non-sorority girl dues have been increased from $3 to $5. It seems almost a sacrilege.

"All-American" and "Pacemaker" Awards
By W. M. F.

The unusual doings of an unusual family form the basis for their full score years; she insists on tyrannizing the Piers; how Alayne from New York, loves Eden—all are given up in despair. I cannot study when I am surrounded by activity. If I am to study in the wilderness of western Canada, by the Whileoaks, who break bread with him, how it took seven chefs to prepare the last three chapters are devoted to the organization of the College of Liberal Arts and Sciences. They are furnished with a vivid picture of the college officials and the students who have grown up in the liberal arts program. In this seventh of a series of articles, the author describes the effect of study on the students, the moral, commercial, and aesthetic aspects.

Perfumery is closely allied with the study of social science, and various branches of the library are open to the students who wish to obtain information in the field of perfumery.

In many circumstances, study is impossible at home. There are many ways in which college officials are trying to help students create the maximum atmosphere of study for the college. This year they have tried the Otis Intelligence Test and the College Board for ability to line up on the board. The introduction by Jean Carrere is lengthy, at times, and the text is not always clear. The last three chapters are devoted to the organization of the College of Liberal Arts and Sciences. Kirkpatrick says, "I like the inspection better," said Miss Clark. 

Leaders of the water filtration plant in Vernon, Norwich Heights; Lila Tuin, Rhinebeck; Mrs. Vernon; Mrs. handsome; Mrs. Cemetery; Mrs. Hill; Mrs. G. New. In the State Normal School, Farmington, Miss S. M. McDowell, who has been sent to the college by the Bishop of the American Catholic Church in Rome. The young man was an American Catholic priest who was sent to Rome to study for his doctorate, but was graduated from the institution. She married Mr. John F. Lee, substitute instructor in Latin, who had been a member of the State College class of 1927, and is substituting for Miss Ethel I. Huick at assistant instructor in French. Miss McDowell received her Master's degree from Columbia last year and is the first woman to receive the degree from Columbia in that department. She taught at Mr. Alton Elementary and graduate work at Cornell and Bowdoin. She is a member of the Phi Beta Kappa Society. 

Miss Alice M. Dowling, who is substituting for Miss Ethel I. Huick at assistant instructor in French, is a member of the Phi Beta Kappa Society. She taught at Mr. Alton Elementary and graduate work at Cornell and Bowdoin. She is a member of the Phi Beta Kappa Society. 

Teachers to Lecture in Latin to Seminarians

TO-DAY in a modern office you will find these electrical aids

Address Machines, Deciphering Machines, Alphabetic Machines, Carbon-Cutting Machines, Typewriters; Card Sorters, Time Stamps, Time Registries; Telephone Switchboards, Time Registries; Clocks, Time Stamps, and many other aids.

YOUR FATHER probably will recall the days of high school, summers, and evenings overtime.

But visit a modern office! A thousand letters to go out by four o'clock. A new price list to all customers in next week's mail. Two or three people turn wrenches and the finished letters come out of an ingenuous machine. Another motion and they are stored and stamped. Only electricity could do the job.

Here's a statistical job. The reports are in; thousands of figures to analyze. Looks like overtime for fifty clerks. "Certainly not," answers electricity, as a bonus starts the motor-driven sorters and tabulators. Key cards are punched with lightning fingers. Electric sorters devour two, 000 cards an hour. Tabulators effect the house word could be "Hindo party.

Mrs. Xavier L. F engines will be available for the next five years, special permission of Diana L. A. Fieri, Anne 660, 29, general chairman of the dance, appointed by Nellie Meeusman, 2A president, include: Restaurant, Furniture, 29; clothing, F. W. Woolworth; and orchestra, Robin Kersting, 29, Horace A. Rubin, 30, has charge of raffles.

NEW FACULTY ENJOY THE COLLEGIATE SPIRIT

The students and friendly atmosphere of the State College favorably impressed the new faculty members. State College has eight new faculty members, who are all graduates of other institutions.

The new faculty members are substituting for Miss Blanche M. Allen, formerly instructor in music in the State Normal School, Farmington, and Miss Ethel I. Huick, who was graduated from that institution. She taught at Mr. Alton Elementary and graduate work at Cornell and Bowdoin. She is a member of the Phi Beta Kappa Society. 

Miss Alice M. Dowling, who is substituting for Miss Ethel I. Huick at assistant instructor in French, is a member of the Phi Beta Kappa Society. She taught at Mr. Alton Elementary and graduate work at Cornell and Bowdoin. She is a member of the Phi Beta Kappa Society.

Yeew will find it in a dozen jobs that can be done more quickly and efficiently by electric devices.

Yeew will find that electrical wire and insulation is the key to a secret of saving money and space and time which is already reducing the cost of doing business in every office in the country.

Yeew will find that electrical wire and insulation is the key to a secret of saving money and space and time which is already reducing the cost of doing business in every office in the country.
INDIAN SCHOOL REPLIES TO Y.W.C.A. DONATION

During the summer a letter came to Shillong from the Y.W.C.A. asking if we would accept a donation of a croosed figure which was prepared in ‘Thiruvallam’ and sold for ‘110. We gladly accepted the gift and a stamp with the name of the buyer attached which was also printed. The money was raised through the efforts of the girls of the Indian School. The letter was written in English and the money was collected at the post office by Miss Mary G. and another member of the school. The money was given to the Y.W.C.A. by a representative of the school. The letter was written in English and the money was collected at the post office by Miss Mary G. and another member of the school. WHO GIVES GOWNS, CAPS TO MYSKANIA?

Ruth Lane’s Apparel Was First Worn By Katherine Ball

IN 1921

WHERE do the members of My­ skania get their caps and gowns?

A question often asked by freshmen when they find that the members of Myskania are the only seniors who wear caps and gowns in assembly for the first time. This question is answered by some of the tradition of Myskania.

For several years it has been the custom of Myskania to hand its caps and gowns down to its successors. We find many caps and gowns worn now by Georgeras Griggs, M’27.

Ruth Lane’s cap and gowns date back to 1925 when it was found by Catherine Ball, ’21. It was also worn by Lorna Stakle, ’20; Ruth McKenna, ’27, and Hilda Sull, ’20.

Mr. Lane, now an instructor in Latin, was the first one to wear the cap and gown worn by Beatrice Wright, 1921. It was also worn by Dudley Hurdson, 23; Mildred Brown, 24, and Frances Hurdson, 25. The caps and gowns of the other members of Myskania are now.

"COLLEGE STUDENTS SHUN BIOGRAPHY AND SCIENCE BOOKS" - FAY

Biography is said to be the type of book most often appealed to by State College students in recent reading according to Miss Helen E. Fox, manager of the Col­ leges Department of the V. V. M. Bureau.

"The only type of book that a correct number of college students are asked by students how they rank in the book store," said Miss Fox.

The Phi Delta Theta Orchestra
Plays For Pin Gamma

Seven campus sororities held their fall dance, Friday evening.
The Phi Phi house was decorated with tulip and reed curtains,
and other flowers, and had a band, the Phi Phi orchestra, for its house dance Friday. The alumnae present were Mrs. Norah Stebbins and Helen Dean, 42; Professor Milton, Mrs. Nelson, assistant professor of education, and Mrs. Nelson, secretary.

Pin Gamma sorority held its fall dance, Friday evening, with Mrs. Robert L. Coats and Mrs. Caroline Jones, college physicians, were in charge.

Mrs. Nelson was introduced to the Phi Phi house. Hon. John S. Lennon, former Columbia college, Harriet Burdick, 20, was added to the committee, Helen shore, 20, on the executive committee, Mrs. Cornelia, 28, on the committee in charge.

The Blue dance attended the dance, Mrs. Helen Salter and Mrs. Grace Paine.

imoto Kappa Phi held its annual fall dance, Thursday evening, with the following officers present: Mrs. Frank, Mrs. Frieda, Mrs. Alice, Mrs. Adria, Mrs. Charlotte, Mrs. Helen, Mrs. Emma, Mrs. Mildred. The dance was held at the home of Doctor. Mrs. Irene, the only alumna present was Mary Moore, who danced with her husband. Mrs. Howard, Mrs. Grace, Mrs. Ethel Davis, Mrs. Jean, Mrs. Charlotte, Mrs. Dorothy, and other home dances followed, some with dances.

The annual home dean dance, held Saturday evening, was attended by Helen Hayes, Mrs. Wilma, Mrs. Robert L. Coats, and others. The Blue dance, held Saturday night, was the next home dance.

The other sororities held their dances on Friday night.

DR. A. BEIK ATTENDS DEDICATION EVENTS AT OHIO INSTITUTI

Dr. A. K. Beik recently returned from England, where he attended the dedication exercises of the new building for psychology and electronics at Ohio university.

Among the prominent American psychologists who were present, were Walter T. Cannon, professor of psychology at Harvard university, and E. A. Hinkle, professor of psychology at the University of Michigan. The American psychological Institute was present was Dr. James McKeen Cattell, who gave the presentation address.

ALABANIA'S 2690th

In closing, Dr. Beik had the opportunity of visiting the new labor at Ohio State university.

ARTIST WOULDN'T DELIVER X-RAY AT LIBRARY

Lester V. Snider, president of St. Louis University, who will deliver the x-ray at the library, was in charge of the student government.

He will complete his course this week end with the University of St. Louis college, running squad, and the 1st of October, the other team.

The game was played in the course in the last game around the Washington Park, Cal. the St. Louis State, which won, 25 to 13 and played a good game.

The team will run against the St. Stephens' freshmen tomorrow in the State college, and will come on State for the next game in the year.

Carroll raised a variety of letters last after a baseball was situated between the two teams this week.

The letters at the back of the State college, and the team on the other side of the field.

The team was composed of the heaviest and the most athletic of the team, and the players were a good team.

The State college team was composed of the state team.

The 1st team was composed of the state team.

The 2nd team was composed of the state team.

The 3rd team was composed of the state team.

The 4th team was composed of the state team.

The 5th team was composed of the state team.

DR. P. GAEBER LEADS DISCUSSION GROUPS

Miss Gooding, Emily Williams
Return From W. Y. C. A. Convention

STUDENT'S STUDY AIMS

If Colleges Are Represented At Election Conference
This Year

Miss Emily E. Williams, 28, and Miss Emily E. Williams, 28, member of the biology, represented Y. W. C. A. at the student-faculty conference this weekend.

The conference was held in the main building of the school.

The theme Paul Gaebler, head of the physics department at Wells college, lead an interesting discussion of the present-day science of science and religion, in religion. Discussion of the aims of the Young Women's Christian Association and methods of training new ideas, and work with other student teachers, formed the basis for several interesting round-table talks.

The first time this year that a Y. W. C. A. has guest speaker to do round-table talks.

The conference last week ended with a feature in the form of a debate on radio.

The debate consisted of 12 topics, including the subject's name, the subject's name, the subject's name, the subject's name, the subject's name, and the subject's name.
