**Credit Union In Bad Light**

**Endorsement Tactic “Unethical”**

by Mikie Lee

A Student President Paul Feldman from SUNY Albany’s student government has been under fire for his endorsement of a credit union.

The credit union, Seiden Sound, has been accused of using unethical tactics to promote their products.

**Tax Fee Is Questioned:**

**Students Make Decision**

**Mandatory Or Voluntarily?**

by Wendy Green

In addition to raising the student tax, the SUNY Albany Board of Trustees is considering the possibility of voluntary contributions.

A spokesperson for the school Board of Trustees said, “We are considering a voluntary contribution plan to help fund the student tax.”

The student tax is a mandatory fee that is currently levied on all SUNY students.

**W-CDB Off The Air**

**For 28 Long Hours**

by Rich Barlow

WCDB's power supply forced a brief turn off Sunday night.

A technical problem since WCDB's reaction was to make cuts in funding groups.

Kullo said there will be cuts in sports, entertainment, and community service.

Reisman commented that although WCDB has received 10% of its funding this year, the station is not currently in debt.

**ASP Election Endorsements**

P 11
New York: (AP) After months of tension, the United Nations General Assembly on Friday approved a measure that will allow Palestinian refugees to return to their homes in the Occupied Territories.

The measure, which was approved by a vote of 120-0 with 10 abstentions, is expected to be sent to the United Nations Security Council for ratification.

Israelis Pressure Menendez

Israel has threatened to use force to prevent the refugees from returning, but the measure could pave the way for a return of some 4 million Palestinian refugees to their homes.

The move comes as part of a larger effort by the UN to address the plight of Palestinian refugees, who have been left without homes or rights since the creation of the state of Israel in 1948.

The refugees, who are mostly from the West Bank and Gaza Strip, have been living in refugee camps for decades, with little hope of ever returning to their homes.

The UN has been trying to find a solution to the problem, but has been stymied by Israeli resistance.

The approval of the measure is a step in the right direction, but more needs to be done to ensure that the refugees have a real chance to return to their homes.

For Experienced, Credible Leadership

MARK BORKOWSKI

is the obvious choice.

His experience includes service as:

* University Senator
* Colonial Quad Board President
* Assistant Controller
* Central Council Parliamentarian
* Budget Committee Member
* Marshal in 'Fight the Hike' Rally
* Chairperson, Senate Sub-Committee on Residences

His accomplishments include:

* Extension of the SA U selection deadline
* Lead fight to prevent the arming of security officers during the day
* Sponsored Senate Resolution to request that instructors provide some evaluation to students before the drop deadline

His platform includes:

* Support for SUNYA athletics, and development of community spirit through this support.
* Development of a change in attitude in the Student Association, so that the Association responds to concerns of students instead of to the concerns of SA officers
* SA must have campus concerns as its first priority, but must also be concerned with statewide issues such as tuition and funding for athletics. He supports the funding of SASU and NYPIRS.
* SA must be more accessible to its constituency - i.e., SA must cut down on its bureaucracy. This could be accomplished by doing things like allowing Quad Board Presidents to deal with things like solicitations requests.
* Academic Advisement should have high priority for next year.

Clear Proof Of Insanity To Put People In Hospital

WASHINGTON (AP) -- After just one year on the job, new hospital administrator Dr. Mark Borkowski, a former prison guard, has a clear plan to keep his staff healthy: He won't put them in a hospital.

The new chief at West Virginia University's Hospital in Morgantown, the third-largest hospital in the nation, has already received 8,000 letters from nurses, doctors, and patients demanding better care. The hospital's reputation for quality care has been declining for years, and Borkowski is determined to reverse the trend.

"I've already had over 100 proposals to improve the hospital's facilities," he said. "But the one thing I can't do is put a nurse or a doctor in an insane asylum." He added, "I'm happy that after nine months, there are no more nurses or doctors in the hospital."

Freed Soviet Jews Receive Warm Welcome In Israel

WASHINGTON (AP) -- States may soon have to accept their share of refugees from the Soviet Union under a new federal law.

As a result, the amount of refugee applications will increase, and the government will have to pay more for housing and other services.

"We're going to have more admissions to our mental hospitals," said one government official. "It's a moment of truth, of judgment."

"Thanks to your efforts we have freed Soviet Jews and other displaced persons," said Prime Minister Shimon Peres.

Norma Rae, The Flying Union Maid

Norma Rae is an engaging, premier, Confessional work about a female, labor leader's struggle against démarche railroad worker, Sidnie Youngblood in the gritty, '70s, New York textile factory. In this narrative, the working class, woman, Norma, who is a labor organizer, is shown as a strong, independent, and determined individual. The film captures the lives of the factory workers and the struggle for unionization, which is a central theme throughout the film. The story is set in a textile mill, where the workers are oppressed and exploited by their employers. Norma, played by Sally Field, is a union organizer who helps the workers unite and fight for their rights. The film is a testament to the power of workers coming together and standing up for their rights.

Raiders Continue To Dominate Albany; Feldman, Lerner Only Singles Winners

by David Osborne

The Danes this weekend were both relieved and excited about tonight's results. They beat Gotham 8-1 in doubles and 6-3 in singles. The game was played on the Danes' home court.

Albany's loss was due to the fact that they had already lost the first singles match of the day. The Danes then went on to win all three doubles matches.

Colgate led off with a 6-1, 6-1 win over Albany in the first singles match. Then, they went on to win the second singles match 6-3, 6-1. Finally, they won the third singles match 6-2, 6-1.

The Danes have been dominant in doubles matches this season, and tonight was no exception. They won all three doubles matches with ease.

Weakness In Throwing Events Foils Trackmen

At Reger Memorial on Saturday afternoon, the Danes faced their first track meet of the season. The meet was held in the Danes' home court. The Danes were able to come out on top, winning both the men's and women's events.

Albany's weak point in the meet was in the throwing events. They were only able to garner 15/1 points while Albany had 52.7.

The Danes then went on to win all four of the throwing events. They defeated Albany in the shot put, discus, javelin, and hammer.
