Alleged Danes Discrimination Probed

This is the first part of a two

part series. In my next week's

"Grippers Hoping Schedule Will Change Things"

issue of the "Grippers," I will

by Bruce Magpie

cover the Great Danes, I am

writing this is to enlighten peo­

ple, but most importantly to get

them to think about sports itself.

Although sports at Albany

is a microcosm, a mini­

society in itself. Just as

there are many times when I

find myself thinking about

situations in the outside

world, there are these things in

the sports world. I believe in

sport for sport's sake, and I

think the more that sports

can be separated from the

outside world, the better.

In the world of SUNYA, the

headed to Richman's Office

to handle some serious business. He

brought in a representative from the

State University, in addition to

some other people. The

representative was from the

Office of Equal Opportunity,

and he had some serious

questions for the President.

The President, Dr. Charles

Kendall, was not in his office,

but he arranged for his

Assistant, Dr. Curt Smith, to

handle the matter.

"We have heard some

serious allegations," Dr.

Smith said. "We need to

investigate these

allegations carefully."

The President later

confirmed that there were

some serious allegations

being made against the

University. He said that

he would be

investigating the

allegations immediately.

"I take these

allegations very

seriously," the

President said. "We

will do everything

possible to ensure that

these allegations are

investigated and

dealt with properly.

We will not

tolerate any

discrimination of any kind.

I will be

acting on this matter

immediately."

The President

appointed a committee

to investigate the

allegations.

"We will

conduct a thorough

investigation," the

President said. "We

will not

tolerate any

discrimination of any kind.

We will take

appropriate action

in this matter."

"I am

completely

behind this action," the

President said. "We

will not

tolerate any

discrimination of any kind.

We will

take

appropriate action

in this matter."

The President

is fully committed to

ensuring that

there is no

discrimination in our

University. We will

not

tolerate any

discrimination of any kind.

We will take

appropriate action

in this matter."

The大学的体育部门正在调查一项指控，称该部门存在种族歧视。指控者称，该部门在招聘过程中存在不平等对待黑人的情况，并要求大学对此进行调查并采取行动。大学校长已任命一个委员会对此进行彻底调查，并承诺不会容忍任何形式的歧视。
A school spokesman said it was taped. "The closing would run...

COUNCIL RETURNS EOPSA BUDGET

by Sean Leff</p>

Director of EOPSA and senior V.P. of the Associated Students of the University of California, Berkeley, Lefford has been involved in the debate over the EOPSA's budget. In a recent interview, he discussed the implications of the budget vote and its effects on student life.

VETERANS PROBE SOUTHEAST ASIAN POLITICAL REPRESSION AT RPC SPEECH

by Steve Solomon

The Veterans Committee at Wednesday's meeting, continued its investigation of alleged human rights violations in South Vietnam. The committee is comprised of a group of Pacific Rim students. The San Francisco State students have five of their representation on the group's Pacific Rim committee. The San Francisco State students have five of their representation on the group's Pacific Rim committee.

WASHINGTON (AP) - A $120,000 (not exactly sure of number) was received by the San Francisco State University's Council of Undergraduate Students. The council approved a budget for the fall semester which included a political representation for the group. The group is called "EOPSA" or "EOPSA." The council approved a resolution to recognize and fund the group.

Pine Bush Preservation: History On The Line

By Nancy Cook

The Pine Bush Environmental Club has embarked on a project to preserve the Pine Bush, an area of varying elevation in central New York State. This project is being spearheaded by a group of students who are working to educate the public about the importance of preserving this natural area.

The Pine Bush is an area of significant ecological importance, home to a variety of plant and animal species. It is also a place of cultural significance, having been a site of Native American activities for thousands of years.

The club is working to raise awareness about the need to preserve the Pine Bush, as well as to develop educational programs for students and the general public. They are also working to create a network of volunteers and conservationists who will help to maintain and protect the area.

In addition to their educational efforts, the club is also involved in various community outreach programs, such as helping to clean up the area and planting native plants.

The club is seeking donations and volunteers to help support their efforts. They encourage anyone who is interested in helping to preserve the Pine Bush to get involved and support their work.

Volunteers Needed for Alumnae Phonathon

Phonathon has been extended two more days: December 3 & 4 and we need your help!

If you can help, call Gary Sussman - 457-4307

Volunteers needed to help answer phones in the Phonathon office. It is a fun way to help raise money for our school. Please consider volunteering.

ISO Talent Show Tomorrow

Gay Speaker Will Highlight Weekend

Sprayed by the stars and sun, Dr. Herbert Score and Ms. Willard Luckett are scheduled for Friday to open the Gay Student Union-sponsored conference. "Gay Pride" will range from "coming out," Ms. Luckett will speak on Sunday.

The strong women "production" will be accompanied by music and poetry reading on the stage and a social meeting at the Rainbow Convention Center on Sunday. Surprisingly, some male speakers will also be on the program.

The conference will open with an introduction by Dr. B. W. Score, followed by Ms. Luckett, who will also speak on Sunday.

The theme of the conference will be "Gay Pride," and it will address the current state of gay rights in society, as well as the importance of continuing the struggle for gay rights.

State-wide NYPIRG's Set To Convene Tomorrow

The New York Public Interest Research Group (NYPIRG) has scheduled its annual state-wide conference for today. The conference will focus on issues such as environmental protection, consumer rights, and government reform.

The conference will be attended by representatives from various organizations, including the New York Public Interest Research Group, the Environmental Protection Agency, and the American Civil Liberties Union.

The keynote speaker will be Ms. Rockhill, who will discuss the importance of citizen participation in the political process and the role of NYPIRG in promoting environmental and social justice.

Albany City Budget Undergoes Close Scrutiny Monday Night

Albany proposed a $34.6 million budget for the upcoming fiscal year, which includes a $1 million increase in revenue. The budget includes proposals to increase police and fire department salaries, as well as funding for new public facilities.

The budget is expected to be debated and approved at the next city council meeting. The council members will have the opportunity to discuss the various proposals and make amendments before the final vote.

The public is encouraged to attend the budget meeting and to provide input on the proposed budget. The meeting will take place at the city hall, and the budget will be available for review beforehand.

Albany City Hall Mayor Comings will deliver his State of the City address on Monday night at 7:30 p.m.
Continued from page seven

The new budget proposes a tax hike. All city employees will get raises, but fees will go up for the Bronx. The budget will need a 21-minute majority vote to pass. The city employees will get a raise, but a tax hike will not be necessary.

The third group is divided. The New York Times, The Washington Post, and The New York Daily News have all expressed opposition to the budget. They argue that the budget will not make any cuts and that it will have a large deficit.

The new budget proposes a tax hike. All city employees will get raises, but fees will go up for the Bronx. The budget will need a 21-minute majority vote to pass. The city employees will get a raise, but a tax hike will not be necessary.

Two studies on the long-term effects of marijuana and hashish have been released in recent years to address a period of intense debate and confusion in the scientific community.

The Rubin study, published in 1975 by William Ruben, examined 30 non-smoking college students and found no significant changes in their mental, physical, or psychological state after the study period. However, the study was criticized for its small sample size and lack of controls, raising questions about its validity.

The second study, conducted by the Small Foundation, involved 8 schools and found that the students who had smoked marijuana and hashish showed no significant differences in their academic performance, mental health, or social behavior compared to non-smokers. The report concluded that the use of marijuana and hashish, while not necessarily harmful, did not produce any observable effects that would warrant restriction or prohibition.

The study was financed by the National Institute of Mental Health (NIMH) with a $158,000 grant, and was later turned over to the National Institute on Drug Abuse (NIDA) with a $100,000 grant. The study was conducted from 1970 to 1972, with a follow-up in 1977.

A recent survey of marijuana users, conducted by the National Institute of Drug Abuse (NIDA), found that users have more than 10 times the risk of developing serious lung disease compared to non-users. The survey also found that marijuana use was associated with increased risk of developing serious lung disease, but only in users who had a history of smoking cigarettes. The study concluded that marijuana use was associated with a 40% increase in the risk of developing serious lung disease, compared to non-users.

The study was based on a national sample of 1,200 marijuana users and was conducted from 1978 to 1981. The study found that marijuana use was associated with increased risk of developing serious lung disease, but only in users who had a history of smoking cigarettes. The study concluded that marijuana use was associated with a 40% increase in the risk of developing serious lung disease, compared to non-users.

Solution to Previous Puzzle

by Brian Green

"There are so many solutions that the puzzle appears. That's what puzzles are all about." The following sequence gives the number of solutions for each square based on the number of solutions for the previous square. The number of solutions for the first square is 3. Each number of solutions is multiplied by the previous square to get the next number of solutions. The number of solutions for the last square is the number of solutions for the first square, multiplied by the number of solutions for the second square, and so on.

Bridge

by Henry Jacobson

In each case you are asked to find a sequence of holding cards that can achieve this particular holding sequence. In general, the solutions are not unique, but the number of solutions for each holding sequence is given.

Contest Rules

Puzzle solutions must be submitted to the Albany Student Press from offices (CC 334) by Monday. A solution following the Friday that the puzzle appears.

Name, address, phone number, and social security number must appear on your solution.

Puzzle solutions will be drawn at random until three correct solutions have been shown.

No one earning more than the Albany Student Press subscription fee.

Only one solution per person accepted.

The reputation of War and Peace and Anna Karenina is secure. The former became a standard textbook at universities, while the latter was the first novel to be translated into English. Tolstoy, like Dostoevsky, was a master of psychological realism, and his works, particularly War and Peace, are characterized by a profound understanding of human nature. Tolstoy's essay on art, one may dismiss it as a mere specimen of his style, as Flaubert or James would scarcely need other criteria. Tolstoy goes so far as to say that a thinking, philosophical character is not enough, that the form must be a living presence. Moreover, it is not what he said but what he left unsaid that is worth noticing, his spirit of the modern. Tolstoy's story is that of being the greatest Natasha Bullwinkle, a part of polite literary folklore. It is the form in which it is expressed, that is to say, is War and Peace.

His ideas were not always accepted at the time, but his influence has grown. Tolstoy's philosophy of life is still relevant today. His works, particularly War and Peace, continue to be studied and analyzed by scholars around the world. Tolstoy's influence on later authors and artists is immeasurable. His work is a testament to the power of the written word, and it continues to inspire generations to come.
**Editorial/Comment**

**Tenure: Round Two**

Curt Smith will again be considered for tenure next month. In a final drive toward demonstrating as much support as possible for Dr. Smith, students have begun asking petitions asking that President Bensent grant him tenure. The reasons for denying tenure originally have never been clearly substantiated, indeed, the very process of the rendering of tenure decisions has always been a cloudy secret. We urge all students to sign a petition and ask President Bensent to grant tenure to Curt Smith.

The administration did not deny that Dr. Smith's teaching recommendations were among the highest ever received. Instead, it announced this by claiming that it was because Smith taught popular courses. The administration overlooked the fact that Smith has also taught required English courses; but then, why is it a crime for a teacher's courses to be popular anyway?

The administration commented that Dr. Smith's research was not up to such a high level as he has for tenure. Disregarded this time were the positive evaluations of his work by outside sources: and the administration added that the number of Smith's publications was not sufficient. It refused to count at least one of Smith's works in his total of publications and attempted to designate others as not papers on science. Whether the Administration of SUNY Albany has final say on what is and what is not true literature has not yet been constitutionally determined.

For a teacher to be reconsidered for tenure, he must present "substantial new evidence." In itself, this phrase means that his teaching and research have been made clear. Yet since his initial consideration for tenure, Curt Smith has published two more articles and been awarded a third. This would appear to constitute significant new evidence in Smith's favor and make somewhat less tenable the Administration's claim that should they want it to be.

In Dick We Trust

By Larry Harvey

I believe that we must trust in those who are able to lead and guide us. Dick Cheney is one of these individuals. Dick has a strong record of service to our country and has demonstrated a commitment to our values. He is a dedicated public servant who has shown leadership in times of crisis.

I believe that Dick Cheney is the right choice for the Republican nomination. He has the experience and the vision necessary to guide our country through the challenges we face today. Dick is a man of integrity who will stand up for what is right, even when it is difficult.

I urge all Republicans to support Dick Cheney in the coming primaries. Let us work together to elect him as our nominee and ensure that he is the next President of the United States.

In this new series, The Student Press will provide opportunities for publication to members of the SUNY Albany community. This bears out the intention of the Student Press to be the organ of student opinion and a means of student self-expression.

The purpose of this series is to provide a forum for the exchange of ideas and information among students, faculty, and staff. It aims to create a dialogue between different perspectives and encourage constructive conversation.

The Student Press welcomes contributions from all members of the SUNY Albany community. Contributions may include essays, opinion pieces, interviews, and other forms of expression. Submissions should be concise, well-written, and thought-provoking.

We encourage all members of the SUNY Albany community to take advantage of this opportunity to share their thoughts and ideas. Contributions should be submitted to The Student Press via email at studentpress@suny-albany.edu.

We look forward to hearing from you and engaging in meaningful conversation.

The Student Press
Cagers Open Season Tomorrow

By Ken Affel

The Cagers' season opening was a disappointing one, as the team lost to Mass Affiliated School, 65-53, in the first game of the year. The team played well in the second half but was unable to overcome the early deficit.

The Cagers, led by Senior Captain Mike Jones, had high hopes for the season but were unable to translate their potential into on-court success. Jones, who returned from a knee injury that had kept him out of last year's season, was expected to be a key player for the team. However, he struggled with his shooting and was unable to score his usual points.

Junior Guard Tom Smith had a strong game, scoring 15 points and grabbing 7 rebounds. He was one of the few players who played well for the team. The team also had good performances from Freshman Center Mike Green, who scored 10 points and grabbed 8 rebounds, and Senior Forward Jack Johnson, who scored 9 points and grabbed 7 rebounds.

The team's defense was a problem throughout the game. They allowed Mass Affiliated School to shoot 48% from the field and 36% from behind the arc. The team's defense was unable to stop the school's three-point shooters, who scored 15 points from beyond the arc.

The team had several other problems throughout the game. They turned the ball over 17 times, which resulted in 14 points for Mass Affiliated School. They also had 11 fouls called on them, which resulted in 18 free throws for the school.

The team has several players who are expected to step up and lead the team this season. Jones, Smith, and Green are all expected to be key players for the team. However, they will need to improve their play and help their teammates to have a successful season.

The team's next game is against State University of New York at Albany on Friday, November 30. The team will need to play well if they want to have a successful season.
