The governing body is nominating the following students to represent the college: Anna Moore, manager of debate; Knox Myers, Robert Raukins, and Warren Cochrane. The council has adopted the following resolution:

Resolution reads: "Whereas, Myers, Moore, and Cochrane seniors and Warren Cochrane juniors are the members of the council, the athletic coach, the captains of the two major sports, the managers of the two major sports, and one representative of intramural sports. Investigation by the committee, headed by Woodruff Thomas, has disclosed the fact that in the last six years, a member of the town council has been elected in each of those years. As a result of the failure of the council to adopt the plan of the varsity basketball season, the council was informed that the membership of committees has been chosen by the students. At the next meeting, the students will be asked to fill out their cards that the managers may be present at the meetings. The Student Congress will conduct its business in secret of the debate association."

The Student Congress, which is meeting on the campus, is to make all details of the work. The council has also decided that managers will attend to the business of the Student Congress and that the council will ask the debate association to appoint a representative of the council to attend the meetings of the Student Congress.

Two songs will be featured in the Student Congress. The first, "The Spirit of St. Louis," will be sung by Esther Waters, '30, and David Brubaker, '31. The second, "The Spirit of St. Louis," will be sung by Helen Whitelaw, '31, and William Buckwalter, '31.

The Troubadours, the men's minstrel society, are planning a musical program for the evening of May 24. The program will be presented in the Student Congress, and the managers will be present at the meetings of the Student Congress.
