Women booters fall short

By Dan Prentice

The Alumni Women's soccer team faced off against the Spikers on Saturday afternoon, and were beaten by the Spikers' offensive attack. The Spikers scored 21 goals, while the Booters could only manage 7 goals. The game was played in beautiful weather and the crowd was very enthusiastic.
**Substance found in Anacin**

(AP) Doctors said Wednesday that there is no evidence that a mysterious substance found in a popular antacid is dangerous to the public.

The substance, which was found in Anacin, an over-the-counter medication, has been identified as a contaminant of an industrial chemical used in the production of the antacid.

**Trick-or-treating banned**

(AP) With police in four states warning that Halloween is no place for a trick-or-treater, the nation's biggest candy company is banning the traditional holiday from its stores.

The National Confectioners Association said Monday that it would suspend trick-or-treating in its stores following the recent fatal shooting in New York City.

**Recession rises**

(Washington, D.C.) U.S. factories were shipping out more goods in October than in the previous month, but the overall economy was only growing at a slow pace.

The Commerce Department reported Tuesday that the nation's factories shipped goods worth $94 billion, up 0.3% from September. That's the second straight month of gains, but the overall economy is still growing at a slow pace.

**Reagan defends program**

(Chicago) President Reagan defended his economic program Tuesday, saying it was helping to create jobs and reduce inflation.

"We have made progress," the president said. "We have reduced government spending, reduced tax rates, and increased productivity. And you can see the results in the job market."

Citizens' Party's Mark Dunlea reduces race to three issues

By Anthony Silber
According to Mark Taylor, Citizens' Pa-
ty candidate for the 23rd Congressional
district, his party is committed to the
idea that the people are the focus of the
process. While the major parties feel the
system is in need of a fine lining, in actuality it has
been a matter of priorities. "The American
people are the focus of our campaign ideas.
Taylor's campaign ideas include education,
health care, jobs, nuclear arms freeze,
and civil rights. The people are the focus of our
campaign ideas, and we are committed to
improving the lives of our constituents.

**ELECTION ‘82 PREVIEW**

Frank Wicks

*—*3*

For — New York to me and they would have access to the
better schools. Wicks also said that
women's rights could be seriously weakened with a SUNY graduate not participating in it.

Military expansion is an issue that is
the because it has been a major point of criticism
and strait is the way the AIU-CIO should be in the
future. Wicks also said that he was in favor of
women's rights and the Equal Rights Amendment,
and he supports gay rights.

*

Citizens Party candidate Mark Dunlea

Dunlea said he is the most qualified
candidate for the 23rd District. He believes that Pat Mayberry
alienates voters by yelling at them. Dunlea also pointed out that the Citizens Party fulfills the constituents' letter within two weeks.

Additionally, Dunlea said he supports increasing
spending on nuclear power and weapons. He also advocated a federal policy of selling bonds to
the public to fund social programs.

John Dow

Dow was the last to enter and is
the Jacob Wicks calls himself a fiscal moderate to conser-
vative, but he believes that the University should be SUNY graduates. On whether or not students
should have the opportunity regardless of income.

On student issues, Dow also supports public
police and stop student protests. He favors the balanced budget
amendment, explaining that “It is a sound program
that Pat Mayberry supports the balanced budget
amendment, explaining that “It is a sound program
while students should not run the University. Dow also said, “It isn’t if the students go to college in the first place, but they
don’t have access to it.”

In terms of his approach, Dow is hard at work with every
campus. He said, “We have a lot to lose and it is very important
to the University to maintain our standards.”

Stratton, Dow

Stratton is a candidate in the 23rd District, and he is a
right wing warhawk. He is said to be SUNY graduates. On whether or not students
should have the opportunity regardless of income.

On student issues, Stratton also supports public
police and stop student protests. He favors the balanced budget
amendment, explaining that “It is a sound program
while students should not run the University. Dow also said, “It isn’t if the students go to college in the first place, but they
don’t have access to it.”

In terms of his approach, Dow is hard at work with every
campus. He said, “We have a lot to lose and it is very important
to the University to maintain our standards.”

Pat Mayberry

Mayberry is a registered Democrat and in the 23rd District. He is a
right wing warhawk. He is said to be SUNY graduates. On whether or not students
should have the opportunity regardless of income.

On student issues, Mayberry also supports public
police and stop student protests. He favors the balanced budget
amendment, explaining that “It is a sound program
while students should not run the University. Dow also said, “It isn’t if the students go to college in the first place, but they
don’t have access to it.”

In terms of his approach, Dow is hard at work with every
campus. He said, “We have a lot to lose and it is very important
to the University to maintain our standards.”
The inevitable tool

I have written in the past about the importance of understanding our political system. One thing that has become clear to me is that we need to understand the role of individualism in politics. It is not enough to simply read about politics and expect to understand what is going on. We need to actively participate in the process.

Individualism is important because it allows us to see the world from a different perspective. It allows us to see how our own actions can affect others, and how others' actions can affect us. It also allows us to see how our individual goals can be aligned with the goals of others, and how our individual actions can contribute to the greater good.

One of the most important aspects of individualism is the idea of liberty. Liberty is the freedom to make our own choices, to pursue our own goals, and to live our own lives. It is not something that is given to us by others, but something that we must work for ourselves.

Unfortunately, politics is inevitable. It occurs in every government, and in every society. It is a necessary part of human nature, and it is something that we must learn to live with. The key is to understand the role of individualism in politics, and to use it to our advantage.
Editor’s Aspect

War is the experience of every war is so great only because you must be 2a introspective in the face of death. It is not just the "good things" that you have done, but the way you have treated the simple, loyal community around you, it shatters you when those other extensions represent change in a realm which we inhabit. Well-wishers of us. Nothing is given without something your friends of mine dressed as such diverse ob­

Which Craft?

Where you place it out of your view. You'll probably be burning a lot of candles, but it's not the same as a bonfire. It promises a lower cost than a bonfire, and won't cause as much damage to the neighborhood. But it can still be very effective. You can make it bigger or smaller depending on your requirements. The most important thing is to make sure you have all the materials you need before starting the process.

P.S. I guess we must write to ourselves to remind us that when we are saying something, it's not enough. We must also try to be serious, some think you're being egotistical when you're really being your soul. In any case, it's never mean to differ.

It seems that this situation presents itself in many different ways—something that is more or less objective and universally ap­

Halloween Blues

E ver wonder where people get the courage to dress up as something else? It's not just a matter of the costume, but also the context. A lot of people do it to celebrate the season, or to have fun. But there are also those who do it for more serious reasons. For example, some use it to express their identity, or to make a statement about their beliefs. Others do it to connect with their cultural heritage.

Some people might think that dressing up is just a form of self-expression, but it goes beyond that. It's a way for people to come together and share their experiences. In fact, it can even help to break down barriers between different cultures and communities.

I wish I could arrive at a very different understan­

Halloween is more important than you think; it's one of the only days that you can say but the cards that they deal with you and address. That's what a lot of people do. The trick or treaters, the candy, the costumes—it all becomes a big party.

You can't have Halloween without the candy. It's just plain fun, and it's a great way to get your kids involved. So don't be afraid to let them enjoy it. This year maybe we'll try some new things, like a pumpkin carving contest or a costume contest. Whatever you decide to do, just make sure it's a safe and enjoyable experience for everyone.

Scat Gehrshier

Well, we're doing it a little late this year. It's already on December 21st or something. But we're still going to dress up in our costumes and have some fun. I don't know if it's the same thing as Halloween anymore, but we're going to keep doing it. It's a tradition, you know.

So much for the month. TV's forgotten.

This Halloween event is a part of the Mexican American Studies Program, and celebrates the culture and history of Mexico and Mexican Americans.

Springsteen's Classic

Bruce cleanses his soul in a mornful, traditional attempt

When Springsteen's 'The River' album was released in 1980, it was a turning point in his career. The album marked a shift from his earlier, raw, punk-influenced sound to a more polished, pop-oriented style. It was a success, reaching number two on the Billboard album chart and earning Springsteen his first Grammy Award for Best Rock Vocal Performance, Male.

Springsteen's writing has always been accessible and personal, touching on themes of family, love, and the struggles of everyday life. 'The River' is no exception, with songs like 'Born to Run' and 'Hungry Heart' becoming instant classics.

Robert Schneider

Lukewarm Water

A problem that often afflicts us is the feeling of being stuck in a rut. One way to break free is by finding the right balance between new and familiar. This can be seen in the case of a musician who is known for their past work but is looking to try something new.

The musician, for example, could incorporate new elements into their music, such as different instruments or styles, while still maintaining their signature sound. This can keep fans engaged while also allowing the artist to explore new creative avenues.

Wayne Peereboom

F*cks Translated

When asked what he dislikes about his bandmates, Springsteen famously said, "I don't..." He then added, "I don't like their..." This statement was often misconstrued as a dislike for the band itself, but it was actually a humorous way of saying he didn't like their behavior or actions.

Springsteen's attitude towards his bandmates has always been one of respect and admiration. He has praised the hard work and dedication of his band members, and has often credited them with making his music possible.

Fucks Translated

Gordie McCarron

The translation of "F*cks Translated" reflects the musician's playful yet serious approach to the concept of "f*cks." It's a reminder that while we may not be able to control external circumstances, we can control our own reactions and responses.

Springsteen walks on his one good leg and is an alluring good-looking man with a powerful voice. His music is a combination of rock and roll, folk, and country, and he is known for his intenselive performances. His concerts are often filled with political and social commentary, and he has used his platform to speak out on issues like race, class, and gender.

The translation of "F*cks Translated" reflects Springsteen's willingness to confront difficult topics head-on, and his dedication to using his music as a tool for social change.

OCTOBER 25, 1982

By Howard Burch

The women's soccer team was edged out 1-0 by a Vassar side that defended well and scored a goal in the dying minutes of the game. Although the game went to the 90th minute, the Danes were unable to score after the Grenadier's lone goal.

The game was controlled by the Grenadiers, who had the better opportunities in the first half. Both teams played an up-tempo offensive game, with the Grenadiers making their move through the middle of the field. The Danes responded with quick counterattacks, but were unable to penetrate the Grenadiers' defense.

In the second half, the Danes' defense held firm, with goalkeeper Lori Cohen making several saves to keep the score even. However, with only seconds left in the game, a Vassar player found an opening in the Danes' defense and slipped the ball past Cohen to score the winning goal.

The Danes' defense, however, was solid throughout the game. Sophomore backfielder Lisa Trance had a strong performance, and senior sweeper Mary Sullivan was effective in shutting down the Grenadiers' forwards.

The Danes, now 0-1-1 overall, will look to bounce back against the Siena Saints in their next game. The Saints, although inexperienced, will provide a good challenge for the Danes' defense.

Playoffs out of sight but Danes' chance at respectability remains.

By Marc Hagel

The NCAA is not a very excitable environment, but the Danes' playoff berth is a significant achievement. The Danes have not been a factor in the playoffs for many years, and to make the playoffs is a major accomplishment for the team.

The Danes' victory over Vassar was a memorable moment for the team. The Danes had been struggling for much of the season, but the win over Vassar was a turning point. The Danes are now 5-2 overall and are looking forward to their next game.

Incumbents sweep in state and local elections.

By Howard Burch

In an election that was largely overshadowed by the debate over the state budget, incumbents swept in state and local elections.

The results were a victory for the status quo. Democrats won a majority of the state House and Senate seats, and most local offices were held by the incumbent party. The only significant upset was the loss of a seat in the state Senate to a Republican candidate.

The election was a referendum on the state budget and the performance of the incumbent administration. Voters were looking for change, but most of the candidates who ran on a pro-change platform were defeated. The incumbent party was able to hold on to most of its seats.

The results were a setback for the pro-change candidates, but they were not unexpected. The incumbent party has a strong base of support, and it was able to mobilize its voters to Turn out in droves.

The election was a turning point for the state budget debate. The incumbent party was able to win a majority of the seats, and it was able to pass a budget that was acceptable to most of its voters.

The results were a victory for the incumbent party, but they were not a mandate for the pro-change candidates. The incumbent party was able to hold on to most of its seats, but it was unable to win a majority of the state House and Senate seats.

The election was a referendum on the state budget, and it was a victory for the incumbent party. The incumbent party was able to hold on to most of its seats, but it was unable to win a majority of the state House and Senate seats.
