ROUNDTABLE CONFERENCE

Dean Horner Speaker on Club Day at Altamont

A conference of the official board of the Schenectady, Troy, and Albany Rotary Clubs met last week in the Missouri Club in Schenectady to discuss activities in which these clubs have a common interest and to arrange for inter-city meets during the coming season.

Dean Walter H. Horner, president of the Albany club, opened the meeting. It was decided to extend the scope of the conference and invite the Amsterdam and Hudson club chapters to join in the movement for promoting the interests of the territory companies owned by these various organizations.

FRIDAY, SEPTEMBER 29, was Club Day at Altamont. Any conference was arranged for the incoming class and invite the Amsterdam and Hudson club chapters to join in the movement for promoting the interests of the territory companies owned by these various organizations.

FACULTY RECEIVE THE CLASS OF ’25

Dr. Brubacher and the faculty of the college met the freshman class, 1925, at an informal reception last Friday evening. We can assure you that thanks as well as freshmen were received, not to be thrust into a formal receiving line, abolished in previous years, and were very happy to meet their faculty and a faculty greeter.

Dr. Brubacher gave an introductory talk to the incoming class and named them the “Baby Class.” Etra Williams, Mrs. Green; students of Miss Pierce, each entertained us by a pleasing recitation.

Two original dances by Miss Bennett were given by students in the Physical Education Department. “Moment Music” was a dainty dance given by Helen Welch, ’22; Marian Brennan, ’22, and Dorothy Tuthill, ’22. Candy and grace were characteristics of the next group of dancers, the Polish girls.

The Physical Education majors and minors gave this striking dance. We were glad again to have Miss Bennett sing for us. Dr. Thompson and Miss Cudney were in charge of the rest of the receiving music, which was enjoyed by all.

Credit is due the committee in charge of entertainment. President Decker; Miss Pierce; Miss Gillett; Miss Bennett, and Mr. Snover.

State College News

Vol. VI September 27 No. 2

Published weekly during the college year by the Student Body as a medium to keep in touch with the New York State College for Teachers, at Albany, New York.

Entered as second class matter at the post office at Albany, New York.

The Student Body manages the Editor and all editorial matters. All articles must be handed in by Thursday of the week of pub­lication.

Articles, manuscripts, etc., must be legible. Lettering should be of such size that two letters may be placed over each other without being indistinct.

Editor-in-Chief, Louise O. Persons, ’22
Managing Editor, Hope J. Persons, ’22
Business Manager, Alice O’Connor, ’22
Subscription Manager, Ethel Hay, ’22
Assistant Business Managers, Grace Fox, ’22
Edith Sanders, ’23
Art Editor, Robert MacFarlane, ’23
Erna Williams, ’22
Reporters, Doris Butler, ’23
Dorothy Dangelmoor, ’23

BE REPORTERS

In view of the fact that there has been much criticism of both the contents of sorority notes and of the fact that only a small part of the college students have been re­ported, the Student Body feels that in the “News,” the board is taking that everyone can co-operate in making it an all college column. We wish to keep it minden, fraternity, and dormitory notes to be handed in as before, but we also wish to reserve the right to cut them down to the judgment of the readers. In addition to this, we are requesting that all houses where there are a number of girls have a reporter. All people aside from these should forward notes to the Editor, in order that we may have any of the things that they think of interest. All contributions should be left on the Editor’s desk so that they may be published. With the co-operation of each student we hope to make this a column for all, not for a few.

THE LONG, STEADY STRIDE

We’re off, we are and daughters of State, and if we have not already done so, we shall each one of us soon set to the stride that shall carry us through the present college year. And as we draw near for an inevitable period of this race that we have entered, for our college life is in a race in which we are all at the same place at the finish line. Most of us have the idea of the starter’s gun, which in the minds of some students, or more than an inner impulse that started our feet toward our first run on this track, has started from the scratch, some well in advance, and a few left behind for a little distance. Where will we be when the distance marker is passed? Among those who are getting in an early start to the steady grind, intent on the goal ahead of them, doing their very best to reach that goal and utterly oblivious of the store of opportunities and pleasures that lie in the way on the other side. Among the haggards who lack either the life or the heart to take the stride that covers the ground with a minimum of effort and leaves plenty of opportunity and strength for taking in everything worthwhile. Follow them all to the end of the year, the grinds are always there to be smothered, but often nothing more. The laggards either not finishing at all or else breaking their necks and wearing out their health in an effort to reach through the and the big crowd of real workers, amusingly easy to recognize, spirited, confident, satisfied, and happy. Let us get our stride going along with the smoothness of well-oiled machinery, and swing along together with the smoothness of well-oiled machinery.

FOR STATE COLLEGE

Put State College on the map. It is the present and at least a good part of its real title. Nine out of every ten persons you meet on the street right here in town do not know that State College is in Albany. The majority of the people know it as the State Normal College, the Albany Normal School, or some such name. Have you noticed how many loggers in the mail have been addressed under one of these erroneous names? Many of them have come from well-known towns, ought to know better.

Why not advertise the college? When anything worth while impinges upon the news. Make public reality that this is a real college. If you have the chance to make State take, it and bust out of your own. It will help a great deal to make State College known to every­one. Get busy and at every opportu­nity talk about your Alma Mater and what it stands for. You are proud of it. Tell others why you like it and why you feel interested in this “best college in the world.”

When you have done this, State College will get proper recognition. It deserves recognition. See that it gets it. How will you know when this is accomplished? That will be your first question. Least you get the trouble of finding out about college. Begin to advertise now.

CONCERNING CONTRIBUTIONS

Since the day for publication of the “News” has been changed, it will be necessary that all articles and any type of material for the columns of any nature reach the Ed­itors not later than 4 p.m. Wednesday. Please remember the usual regula­tions, about about text of about 500 words on paper, unless otherwise notified. The Board of Editors welcomes notes from all organizations and hopes that the reporters will co-operate in getting the paper out on time.

FACULTY NOTES

A daughter, Jane Marion, was born to Mr. and Mrs. W. Thompson upon the arrival of a daughter, July 5, 1921.

NEWMAN CLUB

We congratulate Dr. and Mrs. H. W. Thompson upon the arrival of a daughter, July 5, 1921.

At Coblenz, the American Army of Occupation Headquarters, there is a display of flags of wars and with our soldiers, and the general public. There is a visitation of presence of many companies. Here, at the American postoffice, there is a display of St. Louis States stamps. And as for example, is any company, we have a lot of old sailors who has made anyone feel rich.

What Does It Stand For?

It is really the Girls' Athletic Association, but it stands for the following:

G—stands for Good Times.
A—stands for Athletics.
R—stands for Recesses.
O—stands for Other Sports.
L—stands for Lunches.
A—stands for Announcements.

S. T. P. A. - Western University to start work on November 21.

K. F. —stands for Kappa Phi, a sociology club.

What Does It Stand For?

Dora Schwindley, '21, is attending the School of Philosophy of Columbia University.

Gusta Johnson, '21, is teaching in Walden, N. Y.

Sherbrook Holmes, one of our basket girls, has been graduated and is now at Fletcher, N. Y.

The Girls living in the K. F. H. House are: Yolanda, '22; Mary McNeese, '22; Mary Clune, '22; Susan Collier, '22; Ethel Cummings, '22; Esther Tumber, '22; Marjorie Haggard, '22; Mary Smith, '22; Hilda Ostrander, '22; and Dorothy Roulston, '22.

One of our alumni attending are: Mildred Smith, '21, at Watertown, N. Y.; Elida Ersado, '21, at Madison, N. Y.; Nellie Kettler, '21, at Oconomowoc, L. J., New York; Elise Rigouard, '21, at Cortland, N. Y.; and Elizabeth Strong, '21, in the City Hospital recovering from an operation.

The K. F. H. girls will have an opportunity to pay a social visit to the C. C. U. on September 3.

Dorothy Hill, '21, spent the week end at Poughkeepsie, the home of her sister, Miss R. H. Hill, '21.

The marriage of Dorothy Hill, '21, to Lee, Herbert Baker, '22, took place at her home in Highland Falls September 3. Lee Baker is from New York, and has just finished a course in chemistry at the State College.

The P. G. H. girls welcome Ethel Wight, '20, married Winson Johnson, '24, on September 2.

On Thursday evening last Sigma X.Kapora entertained a few of our girls in the physics house. As a starter, the house sent the lady to the Hall to see the "Seven Keys to Romance," then a thesis was written, followed by an oral examination, which the members had to pass in order to be called out. Nearly breaking up the show, the men returned to the Brown high school where they played a series of games of basketball and football, which was a great success.

ELISE RIGOUARD TELLS OF HER EXPERIENCES

Elise Rigouard, '22, has returned to State College this semester after spending part of last year abroad. We copy the following from the Poughkeepsie Evening Star:

Miss Elise Rigouard, daughter of Mr. and Mrs. H. R. Rigouard of 46 North Clinton street, who has just returned from America as the American legation, is teaching in the University of Paris, France, having completed her education there in 1920.

Miss Rigouard graduated from the Poughkeepsie High School in 1918, going then to the State College at Albany. Her study in the art and science department at the Paris University will go to her credit on the completion of her course at the State College this June.

She returned to this country on the boat abroad which was the American Legion contingent of six men.

Some accommodations for students in Paris are poor," said Miss Rigouard, "but the superior depth of study you receive from the French students and the faculty at the Université make up for the lack of accommodations and the many inconveniences you are forced to endure while there. The French students apply themselves more diligently to their work than we do. They think nothing of studying twelve to fourteen hours. Examinations are much more difficult, for first there is a written exam, then an oral examination followed by an oral examination. They are conducted on a competitive basis and even the students that

the water, you know, upside down.

The University is foreign students and 75 of these would be refused there would pass in schools here.

"The thing that impressed me most in all France was the art, the wonderful art in historical monuments, splendid paintings and unusual architecture. All the buildings were beautiful, even those most simply designed. Of course, much relief was given on all over in France and the warmest sympathy exists between America and France."

Send-Off for Legionnaires

"When the 104 Legionnaires were leaving France all the orphans from miles around—die war orphans adopted by Americans—came to Saint Lairs and cheered the boys. Each child carried an American flag and all shouted three cheers at the tops of their voices. Hands played patriotic airs. The station there was elaborately decorated with American flags. The scene, upon the boys' departure from France, was so impressive that it brought tears to many eyes. As the train stopped at Rome the mayor delivered a farewell address, and Havre they were accorded a cordial welcome.

"On reaching New York the welcoming contingent occupied the police boat with Mayor Hylan. The fire department band, from the bow of the police boat, greeted the 'Lodzold with The Star Spangled Banner,' and greetings from both boats were exchanged across the water."

"John G. Emory, national commander of the American Legion, issued a statement immediately after stepping ashore saying that the welcome extended the Legionnaires abroad exceeded all expectations."

"The Legionnaires during their stay overseas spent nineteen days in France and two days in Belgium. While with Marshal Foch they were given assurance that he would come to America for the disarmament conference. In time to be the guest of honor at the third annual convention of the Legion at Kansas City opening October 31. The tour of France extended from Bordeaux to Strasbourg."
