PROF. SAMUEL B. BELDING

Dramatic and Art Association to present "Yellow Jacket"

At Albany High School, May 23

On next Friday evening, May 23, the "Yellow Jacket," a fantastic Chinese play, will be presented in the Albany High School Auditorium by the members of the Dramatic and Art Association, under the direction of Miss Agnes Putnam. Those of us who have been fortunate enough to be present in any or all of the previous plays given under Miss Putnam’s direction are fully assured of something worth while.

The "Yellow Jacket" is the most difficult production ever attempted at State College. The costumes, language, ideals, and manifestations of the Chinese history have been carefully studied. The costumes, from T’oung, New York, are extremely Oriental and will materialize the necessary atmosphere. The whole production will be very elaborate. Lights, music, furniture, and other properties will be distinctly Chinese.

One of the facts that the Dramatic and Art Association was formed after the appointment of the Modern Language tax fund was voted, will be a great benefit for this play. In the future students’ tickets will admit them to all productions. Prices will be 35, 50, and 75 cents. The expenses are large and very many tickets must be sold.

"Yellow Jacket" offers many opportunities for cooperation between the dramatic and fine art departments.

Don’t miss this opportunity to see a really artistic production, to back up a new and very worthy organization, and to show your loyalty to State College.

ENSIGN FLOODY VISITS COLLEGE

Has Made Seven Trips Overseas

Ensign Ralph J. Floody, ’19, of Camp Detro, was a visiting officer at College last week. "Floody" has always been called while at State, is a line officer on the converted German liner "Friederike Grosser," and has made seven trips overseas. He was graduated from the same naval officers’ school as "Bobby" Burns and "Cash," having enlisted with these men in the early part of last summer. While at College he was a student in the Indus- tral Department and maintained an excellent standing throughout his four years.

"Floody," expressed himself as being glad to be back at State again if only on a visit, and may we add that State was equally pleased to see "Floody."

Have You Signed Up for the Senior Ball?

STUDENT ASSEMBLY

At Student Assembly on Friday, May 9, the entire student body marched into the Auditorium in the same order in which they will march into the Auditorium at the "Moving-up" which was practised and which went very smoothly.

Professor Belding, head of the music department, has been with this institution thirty-three years. He was appointed instructor in the music department, May 26, 1886, at that time being a State Normal school. He is a person who registered as a student was required to turn in all their work which consisted of sight-singing and chorus work. The chorus class included all the students, and furnished the music at commencement, of which there were two, in June and February. When the change to a college was made, methods, history, melody writing, and harmony were added to the course, which is now efficient.

Don’t Fail to See "Yellow Jacket," May 23.

SHAKESPEARE CLASS TO GIVE PRESENTATION

Will Act Scenes From Twelfth Night

The class in Shakespeare are going to give a public presentation of scenes from the comedy, "Twelfth Night," on Monday, May 19, at 3 o’clock. The scenes which will be acted, have been selected on account of the adaptability of the students for the parts, not for a connected story of the play.

One of the best scenes will be the one in which Dorothy Wight plays the part of Malvolio. "Dot" interprets the character very cleverly. Those who saw her play Malvolio before will remember her amusing performance.

Everyone in College, whether faculty or student, is cordially invited to attend this performance. It will last only one period; and furthermore, no admission fee will be charged.

21, DO YOU REMEMBER?

Well, 21, how do we feel about it?

Just great! But then why shouldn't we.

Just reflect a few moments first on last year's banner rush the night before "Moving-up Day," and who 21 showed up in the athletic events at Ridgefield Park, and lastly on the splendid day in which our Perfect Day by winning the football game at night!

Doesn't it thrill you to think of what we have done? And don't you feel it fills you with enthusiasm to do as much and more to-night and to-morrow?

Do you remember the splendid spirit of our sister class '19? Can any of us ever forget that '19 do anything?

Our last banner day, '21, we are going forth in the spirit of victory. To-night, to-morrow, and to-morrow night we are going for the Red and White.

TO A FRESHMAN

As a Freshman the thoughts of "Moving-up Day" are very sweet indeed. They are mingled with a feeling of wonder as to what is really going to happen. "Moving-up Day" isn't as important as it was round before we were seniors, but memories come to us. We are sure each college remembers what "Moving-up Day" hadn't meant very much to them.

The papers of last year's banner rush the chimney and pole?

Do you remember the splendid spirit of our sister class '19? Can any of us ever forget that '19 do anything?

Our last banner day, '21, we are going forth in the spirit of victory. To-night, to-morrow, and to-morrow night we are going for the Red and White.

MRS SIMONS ADDRESSES ENGLISH XX CLASSES

"The New York State Examination Board, for the past ten years has been the governing power in the matter of examinations. At this meeting a resolution is to be painted on nominations of question committees. This committee selects a number of the question committees of English who make out tentative examination papers. Then this committee enquires and discusses and revises the tentative drafts.

It has been necessary to make question papers for the pupils of a whole state. The groups in the literature questions must be complete; the paper must be well balanced, composed of several questions, in verse and prose; questions should not be repeated (from year to year); religious prejudices should not be aroused by any questions; topics must be chosen for casting by suit and to suit both cities and towns; party politics must be avoided; and finally, ambiguity must be avoided.

When the questions have been decided on the papers are edited and set up in type. They are subjected to the same process known as 'trying it out' in the spirit of victory. To-night, to-morrow, and to-morrow night we are going for the Red and White.

The answer papers, when removed from the metal box, are tallied, and each package is tied in blue or yellow string, according to the color of the exam. The papers from schools and teachers who rated well in the last examination are tied in blue string and put away for rating by sample. Those from schools and teachers whose ratings in the former exam was not satisfactory, are tied in yellow string and sent out for thorough examination. This is not a hard and fast rule.

SILVER BAY PARTY

A strawberry-shock cake supper a Silver Bay sing, and all sorts of stunts by Vassar, Smith, Wellesley, Wellesley College, and Mount Holyoke. They don't sound interesting and exciting, we will tell you. The strawberry sandwiches have been freshly grown and picked, the singers are musical, the beating is loud and clear, and we are sure each college representative will do its very best to forget the time, Wednesday, May 14th, right after the regular V.W. meeting at 4:48.

ALL OUT FOR THE SILVER BAY PARTY

JOURNALISTS TO WORK IN REAL NEWS "SHOP"

Through the courtesy of the city editor of the "Salt Lake Herald," an opportunity for real newspaper experience is being given to Journalism, 12, at the University of Utah.

The class members are allowed to work two weeks each, right in the heart of the city. They have to go through all the phases of the craft. They have to get out and go by the rounds with experienced reporters. Their stories will appear under the names of the "Herald," if acceptable.

The men and women who do this work will receive per credit therefor in the course in newswriting—at the University of Utah News Bulletin.

HOME ECONOMICS

Miss Blackman, head of the Department of Household Arts, Skidmore College, and Miss Josephine G. Still, instructor of Household Arts, were entertained in luncheon management, visited the Department Friday, Observations were made of the cafeteria, lunch-room, and of all equipment. The visitors also were touched upon, the method employed in obtaining statistics, and their results.

The Skidmore guests and Miss Blackman were entertained at luncheon by the Home Economics Faculty. The class in lunch-room management prepared and served the food.

IS THIS YOUR TRUNK?

About a thousand pieces of personal baggage go astray each year. Most of the trouble is due to the fact that trunks, unlike the students, cannot speak for themselves. There are several rules to consider when the address label on your trunk is not accepted by the baggage department. The proper address label should have the following points:

- Name of shipper, where from: Same of shipper, where from: usually a thousand pieces of personal baggage go astray each year. That is best.
- Name of consignee; local address, city; name of consignee; local address, city; value (state in full), and date of consignment.
- Name and tags.
- Rules:

- Don't entrust your fineries to a strong tag. One oughtn't to go.
- If you do not want your vacation ruined, or a romance shattered by a lost trunk, follow these general rules:
- Remove or cancel all addresses on the luggage.
- Don't. You shouldn't entrust your baggage to a baggage agent; it's best.
