"Checking a second half State surge, the Siena Indians dumped the Purple and Gold Tuesday night to the tune of 63-41. Sophomores. The average number of pledges is 120. This year, however, the number of pledges is much lower, with only 249. This is due to the fact that the pledges are spread out throughout the year, rather than being concentrated in one month.

The pledge process begins in the fall, with the new members of the fraternity or sorority being chosen. They are then pledged to the fraternity or sorority and are expected to live up to the rules and standards of the organization. The pledges are then initiated into the fraternity or sorority, and they are expected to continue to live up to the rules and standards of the organization.

The pledge process is an important part of the fraternity and sorority experience, and it is a way for the new members to become part of the fraternity or sorority. It is also a way for the new members to learn about the organization and its values.
