LET US PASS

Today seems to be an inappropriate choice of a day with class, but for this year's Sophomore dance will be tomorrow night, and it is rather the same in another way. Tomorrow night is being advertised as Dr. West's last of the term, where the student body is to be entertained with good food, and a splendid program, including the following:

10:00 P.M. Polka

10:15 P.M. Tenor and Baritone Duet

10:30 P.M. First and Second Violins

This program will be under the direction of the Idyl Club and the Students' Association.

ONLY EIGHTEEN MORE DAYS

Eighteen days more to New Year's with all the merriment, all the fun, and all the parties. This is the last chance to have a good time before the New Year arrives. The time is short, but the fun is long. It is difficult to believe that the end of the term is near, but it is.

The last formal dance for the term will be held tomorrow night in the student center. It is being advertised as Dr. West's last, and it is hoped that it will be a success. The music will be provided by the Idyl Club, and the program will be under the direction of the Students' Association.

COMMUNICATIONS

GONE BUT NOT FORGOTTEN

This is the last issue of the term, and it is fitting to say that the Statesman will not be seen again until the beginning of the term next year. The Statesman has been a part of the student body for a number of years, and it has been a source of information and entertainment for the students. It is hoped that the Statesman will be continued next year, and that it will continue to be a source of information and entertainment for the students.

Semester Cards Must Be on File

The Statesman is now in the process of preparing for the next term. It is necessary to have all semester cards on file in order to continue publication. The Statesman will be published every Friday during the term, and it is necessary to have semester cards on file in order to continue publication.
