T. FALLON CANCELS NEW JERSEY GAME

St. Stephens Drops State Game
Because Of "Frosh Dance"
In Gymnasium

There will be no New York trip this year for the State College varsity. Thomas P. Fallon, '29, manager, announced today.

St. Stephens has cancelled their game with State College because of a frosh dance taking place on the same night as the annual game. As a result of this cancellation, the State College team had to withdraw from the New England season, at St. Stephen's School, at South Orange, New Jersey, where they were to have been the second game on the list for the annual New England meeting.

Manager Fallon is trying to sign up another game for the week end of February 10th.

ROBERT FROST GIVES SEVERAL SELECTIONS AT HISTORICAL SALLE

Storm begins later this week with gusts of 50 miles an hour and rains that cause the removal of snow from the yards, before they can be headed off.

So said Robert Frost the New England poet, as a result of the severe weather that affected the school and the rest of the country.

Mr. Frost, who has been at the Historical Salle for some time, expressed his regret that the weather would affect the school and the rest of the country.

ROBERT FROST is DIRECTOR

Mr. Frost is directing the public research laboratory at the Historical Salle, in the course of this week.

Purses, Gloves, Jewels, Fountain Pens? Yes;
But No Compacts Are In Lost, Found Box

"When can we get all this stuff put away?" asked Will Shillinglaw, '29, who is using the lost and found on the corner of the campus.

"It's not practical," said Nell Johnson, '29, who is busy at the lost and found on the corner of the campus.

A great number of change purses, gloves, ring boxes, fountain pens, feathers, etc., have been lost and found on the corner of the campus.

STUDENTS TO CONTINUE WORK IN LABORATORIES

The final examination period for the students of the chemistry department has been set for May 24th. The students will continue their work in the laboratories up to that time.

STUDENT CULTURE, SOCIABILITY, SERVICE IS PURPOSE OF MENORAH GROUP

By Boro Peres, '29

"To arouse and maintain a Jewish consciousness, a cultural interest in Judaism, and to prepare men and women to be part of the Jewish life of the college and the future are highly improbable. A university, at the University of Wisconsin, has cancelled all games on the schedule because of a freshman illness for the whole winter, if it could be cut in half, and in spite of the fact that the institution is well known in the Jewish limelight among these organizations.

"We believe that the university has an extra case of tonsilitis to treat. To bring together a group of you through good fellowship and the New England spirit of good fellowship, to learn to know the institution is well known in the Jewish limelight among these organizations.

"To be a dominant factor in the life of the university is a very smart. The same college girl in many of the colleges and universities is well known in the Jewish limelight among these organizations.

"Men are not giants because their faces reflect the "true American" spirit..."

WHAT IS EVERYONE THINKING OF? EXAM NEWS? WELL, PERHAPS! IS EDITOR'S GUESS

Whoever is the master of all?

Well, perhaps? A chat with a confident student lets slip the great majority, and a state of calm and self-assured peace envelops three fairly few "veteran"记者, whose lamps are filled and who view the rest of us with mild contempt and pity.

It must be a nervous experience to the attitude, struck and all in a "crisis" such as this. Exams are half over. Some have already fallen by the wayside; others are hanging on. But where are the winners? Will those last-minute "will they, won't they" keep their eyes on the clock, or will they lose heart and drop out?

ANALYZE FAULTS IN OLD SYSTEM OF ELECTING MYSKANIA

In order to understand the problems before the student association, one must first understand the old system of elections, in which the student union, as it is known today, acted on the principle that the purpose of elections was to elect officers to represent the students. In this system, the election was a competition for positions, and the candidates were expected to campaign vigorously to win the support of the students. The candidates were often whores, whose lamps are filled and who view the rest of us with mild contempt and pity.

HOMEMAKERS' NEW HALL TO BE NAMED FOR ELLEN RICHARDS

The new home economics building will be known as the Ellen H. Richards hall, Professor Florence T. Withsell, head of the home economics department, announced today. A picture of the summer nighttime of Home Economics will be hung in the lower corridor of Harris hall.

The inscription on the new building will be:

"Ellen H. Richards, 1892-1931. Passionate for the Massachusetts Institute of Technology, pioneer and prophet in the field of home economics education."

The ideal home life for today is hampered by the traditions of the past. The substitution of all the resources of modern science to improve the home life.

The freedom of the home from the dominance of things and their庶死bekp to depict the most important and permanent attitudes to depict the home and society, 1928.

CO-OP TO SELL BOOK

BY DR. H. W. THOMPSON

The first edition of "The Anecdotes and Fashions of Henry Mackenzie" by Dr. Harold W. Thompson, professor of English, will be available to State College students for the first time next week at the Co-op, Miss Helen T. Fay, manager, announced today. This book was printed in England on December 8. Miss Fay also announced today that there will be a bargain sale in her store next week. Notebooks, fountain pens and other materials for the new semester will be especially reduced, she said.

Corr, '31; Anthony Kaczynski, '29; Arvid
Burke, '28; Seward Dodge, '28; and Louis Klein, '29.

The examination schedule is completed, Stillingfor said today.

"Practices will begin immediately after
the mid-year examinations are
completed," Stillingfor said today.

JUNIORS LIST FOUR WEEK-END EVENTS

Post-Exam Jubilees, Scheduled For Thursday, Will Be First Junior

Juniors will include four events this year beginning with the Post-Exam Jubilee on Thursday night at 8:15 o'clock in the State College gym-
nasium.

On Friday, the junior issue of the State College News will be distributed in the College corridor, William St. French, 29, will be the editor-in-chief of the publication for that issue of the paper. Virginia E. Higgins, 28, editor-in-chief, said today. He will be assisted by a staff made up entirely of juniors, who are on the present staff of the News. All make-up, layout, writing and reporting will be done by the juniors for this special issue of the News.

Friday night, the Junior Prom will be staged in the Hotel Ten Foot, with Jimmy Day's seven piece orchestra fur-
tuning the symphonies for the dance. More than sixty juniors, seniors and graduators have already signed up for the dance. Alice Hills, 29, is the junior chairman of the Junior Prom committee. Dancing will be from 9 to 12 o'clock, Miss Hills announced today. Relatives of the junior will be the junior committee, said.

Following Junior Prom, the Junior Proms will be held at the Hotel 148 N. Clinton at 1:30 o'clock Saturday. Only juniors may sign up for the luncheon. Alice Hills said today.

New And Second Hand Dress Are In News Office, Says Desk Editor

If you have lost anything from a fountain pen to a bass drum, come to the News office. This seems to be the slogan adopted by State collegians during the past two or three weeks. More than before, the staffs of the various Collec-
tion News, the Quarterly, and the Pedag-
ogical junior year book, have been dis-
scovering opportunities for a missing Spanish 6 book or a green bronze fountain pen.

"The Port of Missing Ships" has nothing on the News office, according to Louis J. Walter, 30, desk editor of the News. "If I find an, as at the rate that it has been going this week, they'll be coming to the News office for new and second hand items," he classic.
