**Danes Open with Capital District Tournament**

By Bob Dullstone

The Associated Press

If there's one thing about the Danes, it's that they like to play. They like to get out on the court and show off their stuff. And when they do, they usually do it with style and grace. The Danes have a reputation for being a tough team to play against, and tonight was no exception.

The Danes opened the Capital District Tournament with a bang, taking on the Globals in a hard-fought battle. The game was close throughout, with the Danes leading for most of the night. But in the end, they pulled away to win 85-75, showcasing their skills and demonstrating their dominance on the court.

The Danes' defense was key to their victory, holding the Globals to just 75 points on the night. They also had a strong offensive performance, scoring 85 points on their own. The Danes' forwards, in particular, were dominant, with several of them finishing with double-doubles.

Overall, it was a great night for the Danes, and they look forward to the rest of the tournament. They'll be playing against some tough teams, but they're confident in their abilities and ready to face the challenge.

**New Elections Are Conducted by SA**

By Brian McNeely

The Associated Press

The Student Association of State University of New York at Albany (SA) conducted its third election last Thursday, with over 400 votes cast. The election was held to select new SGSC (Student Government Council) representatives and executive board members.

The election was well-attended, with over 400 students casting their ballots. The SGSC candidates were intense in their campaigns, with many of them focusing on issues such as budgeting, academic affairs, and campus life.

The election results will be announced soon, and the new SGSC representatives will be sworn in to begin their duties. The SA is a student-run organization that represents the interests of the student body and works to improve the quality of life on campus.

**Comptroller is to Suspend Pre-Audit Program**

By Lisa Mirabello

The Associated Press

The Comptroller's Office has announced that it will suspend the pre-audit program for the academic year. The program had been in place for several years, but the Comptroller has decided to halt it due to budget constraints.

The pre-audit program had been in place to ensure that budgets were allocated fairly and efficiently. However, the Comptroller has determined that it is no longer financially feasible to continue the program.

The suspension of the pre-audit program is a blow to the University, but the Comptroller has assured the campus that it is committed to maintaining transparency and accountability.

**Cortland State Considering Cut From SASU**

By Howard Katz

The Associated Press

Cortland State is considering cutting ties with SASU (State University of New York System Athletic Council). The move is being considered due to budget constraints.

SASU is a conference that provides athletic opportunities for members of the SUNY System. However, Cortland State has been facing financial difficulties, and the move to cut ties is being seen as a way to save money.

The decision is not yet final, and the University is consulting with its athletic department and other stakeholders before making a decision. However, the move is being viewed as a significant development in the world of college athletics.
A New York City program aimed at finding children with a disorder known as cretinism, a disease that causes retardation unless promptly treated by hormone therapy, has been described as "a wonderful opportunity to save children." The program, which tests children for the disorder at birth, has been praised for its success in catching the disease early and preventing further damage.

Weatherman Arraigned

A Weatherman Arreigned, deposed, and forced to change his name to "Weatherman." The Weatherman was charged with the recently discovered "Plan to Destroy the World." A grand jury inditing the Weatherman for his alleged involvement in a plot to destroy the world has been convened. The Weatherman has been arrested and is currently under investigation.

China Discusses Exchange

China has discussed the possibility of exchanging parts with the United States in the context of the Sino-American relations. The Chinese government has expressed interest in acquiring advanced technology and equipment from the United States, and the United States has offered to provide such assistance.

EPA Appeals Ruling

The Environmental Protection Agency (EPA) has appealed a decision by a federal court that ruled against the EPA's regulations concerning water pollution. The EPA argues that the court's decision is inconsistent with the Clean Water Act and that the agency has the authority to regulate water pollution.

South Africans Kill 14

In South Africa, where the government has been under increasing international pressure to end apartheid, 14 people were killed in clashes with police. The incident is the latest in a series of violent outbreaks that have occurred in the country in recent weeks.

Congress OKs Spending

In a vote that could have far-reaching implications for U.S. policy, Congress has approved a budget that includes increased funding for defense and foreign aid. The budget, which has been criticized by some as too generous, has been signed into law.

CAMPUS BRIEFS

Focus on Irish Culture

The University of Washington's Irish Studies program has been expanded to attract more students and to provide a more comprehensive study of Irish culture. The program includes courses in literature, history, and political science.

Work in England

If you are interested in working in England, the University of Washington's Study Abroad Program is offering opportunities for students to gain experience in the British Isles. The program includes language immersion, cultural exchange, and economic development projects.

PISRGs Are Struggling for Survival

The Public Interest Research Groups (PIRGs), which are known for their work in environmental and consumer protection, are facing financial difficulties. The groups have been forced to lay off workers and to cut back on their programs in response to a decline in donations and a decrease in government funding.

CAMP DIPPIKILL
ADIRONDACK MOUNTAINS
INTERSESSION
Skiing, snowshoeing, ice-skating or just sitting around the fire; that’s what Camp Dippikill is all about. Our Student Association-owned camp is a vast 4,400-acre tract of forest land dotted with rustic cabins and lodges located only 13 miles north of Lake George Village and just 10 miles from Gore Mt Ski Center. Open every day of the year, the camp has three seven-building complexes with capacities from 4 to 24 maintained for overnight accommodations. rustic cabins and lodges located only 13 miles north of Lake George Village. It is a great place to get away from it all, relax or get involved in a variety of winter activities. Our Student Association-owned camp is a great place to bring the kids or just get away from it all. Gore Mt Ski Center is located in the Adirondack Mountains, just 10 miles north of Lake George Village. SA Faces The Issues And Answers

Good News?

To the Editor:

I feel compelled to write this piece in response to what I read in the Nov. 17 Senator.

All of the students of SUNYAC would see some benfits from the proposed new pay policy. However, I am concerned about the potential effects of such a policy on students, such as the following:

- The current wage policy is designed to meet the needs of a diverse group of students, including those who are employed part-time or full-time, as well as those who are studying full-time or part-time. The proposed new pay policy may not adequately address the needs of all students.

- The proposed new pay policy may have a negative impact on students' ability to access financial aid, as the new policy may not provide the same level of support to students with lower incomes.

- The proposed new pay policy may also have a negative impact on students' ability to balance work and school, as the new policy may not provide adequate support to students who work long hours.

In conclusion, I believe that the current wage policy is more effective at meeting the needs of students than the proposed new pay policy. I urge the administration to consider these concerns and to work towards a new pay policy that is more effective at meeting the needs of all students.

Make Your Beef

To the Editor:

I am writing to express my concern about the recent changes in the University's policy on student participation in government-owned businesses.

Many students have been participating in these businesses as a way to gain valuable work experience and to support themselves financially. The new policy limits student participation in these businesses, which could negatively impact the students who rely on these opportunities.

I urge the administration to reconsider this policy and to work towards a solution that better meets the needs of students.

---

1981-82 Great Dane Schedule

**Wednesday, Dec. 1**: Binghamton

**Tuesday, Dec. 3**: Hartford

**Thursday, Dec. 5**: R.P.I.

**Saturday, Dec. 7**: Stonybrook

**Wednesday, Dec. 11**: Oneonta

**Friday, Dec. 13**: Cortland

**Wednesday, Dec. 18**: Buffalo

**Wednesday, Dec. 25**: Hamilton

**Saturday, Jan. 1**: Hamilton

**Tuesday, Jan. 14**: Union

**Wednesday, Jan. 22**: Union

---

Venus Albany — The Danes lost their first game against Albany when Albany triumphed 73-49. Liedtke scored 10 points for the Danes.

**Saturday, Feb. 1**: Union — The Danes barely edged them 66-64.

**Saturday, Feb. 10**: Stonybrook — The Danes lost 81-66.

**Saturday, Feb. 17**: Hamilton — The Danes lost 66-62.

**Wednesday, Feb. 21**: Cortland — The Danes lost 86-66.

**Saturday, Feb. 24**: SUNYAC — The Danes lost 71-64.

**Wednesday, Feb. 28**: Oneonta — The Danes lost 73-62.

---

**Wednesday, Dec. 1**: Binghamton — The Danes lost 76-61.

**Tuesday, Dec. 3**: Hartford — The Danes lost 76-67.

**Thursday, Dec. 5**: R.P.I. — The Danes lost 66-55.

**Saturday, Dec. 7**: Stonybrook — The Danes lost 71-64.

---

Expectations — Albany (21-4)

Weaknesses — Albany's big men, who average 15.3 points per game, may struggle to get shots off against SUNYAC's defense.

Strengths — Albany's outside shooting and rebounding are key.

Prediction — Albany wins.

---

**Wednesday, Dec. 11**: Oneonta — The Danes won 82-62.

**Friday, Dec. 13**: Cortland — The Danes won 86-66.

**Wednesday, Dec. 25**: Hamilton — The Danes won 66-62.

**Wednesday, Jan. 14**: Union — The Danes won 71-64.

**Wednesday, Jan. 22**: Union — The Danes won 77-64.

---

**Wednesday, Dec. 1**: Binghamton — The Danes lost 86-66.

**Tuesday, Dec. 3**: Hartford — The Danes lost 79-68.

**Thursday, Dec. 5**: R.P.I. — The Danes lost 73-54.

**Saturday, Dec. 7**: Stonybrook — The Danes lost 71-64.

---

Gatto is Ready According to Plan

by Bob Belfiore

The 6-foot-3-inch guard, a natural scorer, had a lot of fun watching the Danes beat SUNY-Buffalo. "It was great to see them play," he said. "I thought they played well, and I think they have a chance to go far." Gatto, who starred at Linton High School in Schenectady, has been a key player for the Danes this season. "I think he's ready to make the jump to the varsity," said Sauers. "He's got a lot of confidence, and he's playing well. He's been a big factor in our team's success."
SUNYAC Champs Face Inexperience

by Larry Kahn

The 1980-81 SUNYAC trophy belongs to the Albany State basketball team. Nobody can take this from us. But neither can anybody bring back the four seniors who were an instrumental in winning that championship and leading Albany to a 23-5 finish — their greatest season to date.

No, the 1981-82 version of the Great Danes will be without the services of guards Rich Clarke and Ray Zarrella, forward Fred Storch and center Steve Lynch. All four are off to new professional careers after the Danes' overtime loss to Fredonia in the SUNYAC final. basketball game last year. Together the quartet averaged 40 points per game.

"We just had a tremendous amount of experience," Clarke said. "This is the first year we've had the luxury of playing without three seniors who were not only valuable players, but leaders. They were the team's mainstays in helping me develop the Albany State basketball program."

Three-point men: Clarke, Zarrella, Storch and Lynch

The four just graduated as the playwrights of the Albany State basketball team. The late-named Danes and Fredonia face each other again this year, with Clarke and Zarrella now on the Freddy's side, but Clarke said they will still be watching the game to see how the young men fare without them.

"We played a lot of the games together," Clarke said, "and we know what we can expect from each other, so we're not concerned about how we will do. We just want to see how they do without us."

Clarke said he's not sure how many points the Danes will score without the four seniors. He said they averaged 12.5 points per game.

Zarrella said he's not sure how many points the Danes will score without the seniors. He said they averaged 10.5 points per game.

Storch said he's not sure how many points the Danes will score without the seniors. He said they averaged 8 points per game.

Lynch said he's not sure how many points the Danes will score without the seniors. He said they averaged 6 points per game.

All ASP Supplement Photos

by Marc Henschel

As he had before now, when pursuing stories of interest to Albany, the most frequent occurrence this year was the absence of the seniors who were on the team last year.

"Those four seniors started the last year, and we're not sure if they're coming back this year," Clarke said. "It's been a very tough year for us, but we're hoping to get back on top next year."

A member of the Albany State basketball team, Clarke said there was no question that the seniors were missed.

"They were the key players for us," Clarke said. "They were the team's mainstays in helping us develop the Albany State basketball program."

The Heisman Campaign Picks Up

(AP) The polls are open and voters are already coming in for college football's coveted Oscar — the Heisman Trophy. As in any election, there are early leaders and also likely latecomers. This year, however, there are no early leaders. Top candidates have been hard pressed to sell themselves to voters. They have had to work overtime to gain momentum.

One voter in the South Carolina campaign is a University of Georgia fan. He has been collecting signatures from fans for the past three weeks and has already collected more than 2,300 signatures. He says, "I've been working hard to win the election. I've been talking to people at games and in the lobby. I've been collecting signatures from fans. I've been talking to people at games and in the lobby. I've been collecting signatures from fans."

America is So Fine

**Men Swimmers Come in Fourth**

By Marc Haspel

As the men's swimming and diving team opened its 1981-82 season on Thursday, November 19, with a meet against Rensselaer Polytechnic Institute (RPI), the Danes came in a very close fourth as only a mere five points separated the first-place Engineers from the Danes. While the Dane entry of Dave Zabala, Troy, N.Y., 785-3907, who swam with such a great effort, the performance of the men's swimming and diving teams was solid. The men's swimming and diving teams are fourth in the annual Great Dane swimming meet. The meet was held at the University Pool. The Danes have been partaking in the event for the past few years, but this year's performance was particularly impressive. The Danes were able to deal with them (RPI) and will only get better as the season progresses. The men's swimming and diving teams are currently the best in their division. Among the top performers in the meet was John Anderson, who placed second in the 100-yard freestyle with a time of 49.2. The team also earned an impressive second place in the 400-yard medley relay. The relay was led by Marc Haspel, who also swam in the 200-yard freestyle. The men's swimming and diving teams have been working hard throughout the season to prepare for the annual Great Dane swimming meet. The team has been practicing every day, and the results are showing in their performances. The men's swimming and diving teams are currently the best in their division, and they are looking forward to continuing their success in the future.

SUNYA's basketball team was always thinking one step ahead of the game. They had the lead in the opening game, and they refused to relax. The Dutchmen's gamble did not pay off. It took us too long every time to make the right move. The Dutchmen's gamble did not pay off. The Dutchmen's gamble did not pay off.

Pay Raise Denied; SA Workers Stage Walkout
