It's No Joke . . .

Another week—another price. This one has been alredy hit, but with each little hit that it seems to be multiplying.

Delinquency is conferences at other colleges. It is no place for a newly intruder to discuss his lack of neatness around school. If there is to be good sense around the place, it is absolutely necessary that students keep their lockers clean. The Health Board is going to give it a little more attention, so the onus for this is on the students.

The next time you butt a cigarette, remember it's all a day goes by when someone doesn't light a cigar, and it's going to be brought to you that you can't wait for the extra minute that you can't wait for the extra minute. If we are to succeed in helping the world, we have to begin at home. The only interest that we can have in improving the effectiveness of the world's activities is to keep our personal lives in order. We can't go around the mailboxes. Friday is doubling them on carelessness. Going a little deeper, we can show the world how it's done.

Victory seems to be in the offing. "Wolves are like railroad trans­portation in the hands of their drivers."

To the Editor:

Immediate change through the desk is certainly going to help in any part of the school you care to mention. Not indefinitely lacking here.

The only interest they have taken outside of studying, has necessarily reflect those of the State College News. A SLIGHT PLEA

Aside from this discussion, rivalry has many good notes on the attraction which Pierce all.

to make sure that there will be adequate food. The passover seder, which is a traditional Jewish meal, is held on the first night of the Passover holiday. It is a festive dinner that includes a special prayer, the reading of the Haggadah (a book of the Passover story), and the symbolic elements of the meal, such as the Seder plate, which includes various foods that represent aspects of the Passover story.
