Welcome Sigma Lambda Sigma

The News takes this opportunity to welcome the students of Sigma Lambda Sigma. The increased influx of new students in the college makes obvious the need for expansion. Again, welcome, and best wishes.

Dean Nelson Spends Vacation Traveling Among the Bahamas

The statistic states my own experience clearly, if we feel free we'll have a great time. And if we feel not free our own engagement in the work of fraternities will have been to our great detriment. Let's see how.

A few weeks ago the supreme class president and her committee and the fraternities for which she is responsible met and decided to make an all-out effort to create a spirit of fraternity among the students of the college. The idea was to make the high school students feel welcome during the holiday season and to invite them to visit the college. The students were enthusiastic and promised to do their best to make the high school students feel at home. The plan was to have special events planned for the high school students, such as a Christmas party and a New Year's Eve dance. The students were also encouraged to visit the dormitories and to meet the current students. The high school students were invited to participate in the college activities and to join the various fraternities. The plan was a success and the high school students had a great time. The students were proud of their efforts and the high school students were grateful for the opportunity to visit the college.

Rah, Rah?

The students have recently received a deal of attention from the newspaper. They have been invited to participate in the college activities and to join the various fraternities. The students were proud of their efforts and the high school students were grateful for the opportunity to visit the college.
