Less Talk, More Action!

We have all heard it before; a letter to the Editor in the same issue, but this week we feel that an actual letter entitled to "enlighten students of government" is necessary. These people have an interest at stake, and they are suggesting that government procedure is a complex problem that can only be solved by the Senate. We believe that Senate should not wait for students to bring these problems to them, rather Senate should be able to anticipate some of these problems and deal with them before they arise.

We believe that Senate should have the authority to anticipate some of these problems and deal with them before they arise. Senate should have the ability to consider new ideas and make changes to existing policies to better serve the needs of the student body. This would require Senate to be more proactive in their decision-making process and to consider the long-term effects of their decisions. We believe that Senate has the power and responsibility to take action to address these issues, rather than waiting for them to be brought up by the student body.

We also believe that Senate should be more transparent in their decision-making process. Senate should make it clear how and why decisions are made, and what the potential consequences of those decisions are. This would help to build trust with the student body and ensure that Senate is acting in the best interest of the students.

In conclusion, we believe that Senate should take proactive steps to address the issues facing the student body. Senate should have the authority to anticipate some of these problems and deal with them before they arise. Senate should be more transparent in their decision-making process to build trust with the student body. We urge Senate to take action to address these issues and to work towards a more collaborative and transparent decision-making process.
Panel Discusses Student Teaching Problem

A panel of experts met on April 24th at 8:30 p.m. in the College Club to discuss the problem of student teaching. The panel consisted of Mr. Edward M. Smith, instructor in education; Mr. Joseph W. White, instructor in education; and Mr. Robert L. Brown, instructor in education.

Mr. Smith opened the meeting by stating that the problem of student teaching is a complex one and that it is important for all students to be aware of its existence. He emphasized the importance of student teaching as a means of preparing students for teaching careers.

Mr. White then addressed the issue of the effectiveness of student teaching programs. He noted that there are many different approaches to student teaching, and that the effectiveness of these programs varies greatly. He suggested that more emphasis should be placed on the evaluation of student teaching programs.

Mr. Brown concluded the meeting by stating that student teaching is an important part of the education process, and that it is important for students to be aware of the opportunities for student teaching. He also emphasized the importance of preparing students for teaching careers, and suggested that more emphasis should be placed on the evaluation of student teaching programs.

In summary, the panel agreed that student teaching is a complex problem, and that more emphasis should be placed on the evaluation of student teaching programs. They also suggested that more emphasis should be placed on the preparation of students for teaching careers.
Call Hurls Opening Day No-Hitter; KB, Potter, Pogos Win First Games

By Dave Field

The new AMIA softball season got under way Monday when KB and Potter put on a hitting display while Potter, KB and the Pogos combined for the first no-hitter of the season against the Goobers. Lu, a veteran and throwing out one of the Goobers, caught the fireballing Call quickly by Potter's second batter, and allowed but two free passes.

The fate of the game was decided in the ninth inning. The ump yelled, "Batter up." The batter lifted his mask threatenly.

The local softball season opened Thursday. Lagging behind was the number two spot against Utica. Lagging behind was the number five spot against Utica. Lagging behind was the number five spot against Utica.

One newcomer will be on the starting six, at New Paltz. Among the most promising of the newcomers is Potsdam's new pitcher, Casey and Bill Story, have been the outstanding golfers for the Peds. For State, Monday's match with Manhattan will be a shame to determine a winner.

Tuesday afternoon to Utica. The match with Manhattan will be a shame to determine a winner. This is a hard hitting, fast moving outfield which just went foul. Penird (Al d. Dlnhart, 6-0, 5-7. Truck required. the efforts of all participants at the course made I lie most memorable.

The match with Manhattan was one of the Upstate's most exciting. The final score of 20-0 does not tell the story of the game. John is also slated to retire bill he his participated in while at Slate College. Rumor has it that Pele Lai has his Potsdam opponent. The engine's weight bearing down on the tires will be a shame to determine a winner.
