To Fete New Students

The class of 1952 will hold its first state dinner this September to find stained walls and stoves and toothbrushes. The living areas of all residence will be swept clean by the students with the help of their parents and friends. In the dormitories, the students will paint, rearrange, and redecorate to make the halls and rooms more pleasant. The in-room furniture will be cleaned and repainted. The furniture was ineptly placed in the dormitories and rooms by the students of the classes of 1951. The future students will accomplish this task with more care and efficiency.

Dead ?? ?? From the transmittal number of persons eligible to participate in the college athletic program, which had been notified to the student body by the office of the athletic director for the fall semester, it appears that no one was interested in being a member of the football, basketball, or track teams for the fall semester.

One might think that this is a rather rare example of the frequency with which so many State College students are notified of after-school activities in which they might participate. In many cases, none of the offices of the athletic director has been notified of the after-school activities in which they might participate.
