of the entire budget. Marion E. Hotto, 20, president of the Student Association, announced today.

Consideration of the contents of the budget, which have not yet been voted upon, will be continued until a special meeting will be called next week to complete discussions. The meeting will be held at 8:00 a.m.
To Music Club goes the credit for exhibiting costume enough to keep an organization which the members thought was on its last leg. And to Music slip goes the credit for attempting to realize a goal by the ob-

servation of another method. They are not quitters. The success of the new policy depends upon the cooperation of student and faculty, and of the public.

There seems to be no reason why the Music Club should not offer an event to present itself. Perhaps the plan would be to do away with the entire costume form and to plan the exhibit around the actual presentation of songs. Helyon:\n

SOPHOMORES WILL PAY DUES DURING NEXT WEEK

Collection of sophomore dues will begin Monday and will continue throughout next week, according to Carrie M. Smolik, treasurer.

Instead of making appointments with students in classrooms, as was done to the tradition last year, the collection this year will be made in the former News office under the stairs in Draper Hall during the next week. Notice will be sent out ahead of students informing them of the day when they are to make payments. Much unnecessary confusion and misunderstanding is avoided by this method, Smolik said.

The sophomore who will receive the funds with the collections in Room B, E. J. Eastman, treasurer.

JUNIOR DUES ARE PAID

Junior class dues will be paid in installments of $25 each. At the beginning of the semester each student will be notified how much they still have to pay. When they come to the office they will pay their instalments, according to Dr. Eastman.
