The Right Combination is Chesterfield

when you're bidding for More Smoking Pleasure

By combining (blending together) the right kinds of mild, ripe American and aromatic Turkish tobaccos, Chesterfield brings out all their fine smoking qualities and gives you a cigarette that's outstanding for mildness... for aroma... for taste.

Chesterfield... the blend that can't be copied... the exact combination of the world's best cigarette tobaccos

99 44/100% Poor

COMMENTATOR

We have just finished reading the Strick College yearbook and we have to say that it is a poor one. It is not worth your time. We are sure that the editors have worked hard on it, but the end result is not very good. The yearbook is not very organized and the articles are not very interesting. We do not recommend that you buy the yearbook or read it. It is not worth your time or money.

French Club Announce Meetings, Plans

French Club

Wednesday they will announce a meeting at 1:30 p.m. in support of the committee for the French Club. They will be meeting in the Library of Horsecorn. The meeting will be open to everyone and all are welcome to attend.

Kampus Kapers

We are happy to announce that we are preparing a new product. We are planning to make a French Club notebook. It will be a small booklet with information about the French Club and their activities. We will be selling it at the meeting on Wednesday.

Housing (Un)conscious?

Recently there has been much discussion about the Housing Drive. Students get hot about it, but unfortunately, not until they are seniors. To the three lower classes, it is an existent problem, rather than aurerlly denial.

This, to our estimation, is the predominant fault with the present system. At that point we were ready to believe that the housing drive could become a reality, it will never happen if we do not use as much energy as we spend the situation. As time goes on, and the results are foreign to you. Here is one vital issue:

Our second bone of contention is this:

The state of the housing situation is such that it is a crisis. The housing situation is such that it is a crisis. The motivation cartoon on the curds where they can be found during their every college newspaper and comic magazine, but no stealing is going on in the housing situation. At that point we were ready to believe that the housing drive could become a reality, it will never happen if we do not use as much energy as we spend the situation. As time goes on, and the results are foreign to you. Here is one vital issue:

Salt Shaker News Safety Trail

In his laboratory at Massachusetts Institute of Technology, Prof. A. V. de Forest uses a salt shaker in developing safety for travel by land, sea or air. He uses the shaker to spread carbon powder on magnetized steel to discover flaws in metals.

New Atom Smasher to Aid Research

A new laboratory "howitzer" designed to disintegrate atoms has been developed by Cornell University's Dr. L. P. Smith after three years' work. It uses ultra-high frequency radio apparatus to throw light and heavy atoms at a target with a speed of thousands of miles a second.

"Fingerprinting" Thought Waves

Types of thoughts as well as personal identification can be registered in a new process for "fingerprinting" thought waves developed by University of Southern California's Dr. Lee Travis (left), who is shown adjusting electrode terminals by which brain impulses are carried to a recording device.

Aids Medicine

By means of radioactive iron fed to dogs, Dr. P. F. Hahn, University of Rochester, has devised a new technique for studying iron absorption in the body.

Eyes Develop Electricity!

Dr. W. R. Miles of Yale University has found that the human eye develops up to .003 volts of electricity. Above is the light system that forces subjects to move eyes in certain directions, while at left is shown the method of attaching electrodes through which the electricity created is measured.

The Governor Hands Out a Laugh
Pennsylvania's new governor, Arthur H. James, took time off from his new official duties to give the crowd and University of Pennsylvania officials a hearty applause after the inauguration ceremonies.

The Real "Miss of O' Miss"
When we called Mississippi State College "O'Miss," we were birthed out of the University of Mississippi, because only then could we meet the qualifications of the present Miss Wood, the real "Miss Of Miss for 1939."

Techniques of Foreign Artists Are Studied
at Rollins College under the direction of Gordon Facioni, who has just returned from a study tour of European art centers. He's shown helping Margaret Kindell with a still life portrait.

New Microscope Aids Researchers
Don Greenough, University of Richmond undergraduate, demonstrates how scientists use the new universal research microscope recently developed to aid in scientific study and research.

New Hair-do and Makeup for College Men
...is demonstrated here by Harry McCuff, Grounds' College senior. It's all part of the new program required for the "50 Red" initiated this term.

Our free time may vary, but, certainly, no one's time more than the Governor's. Our free time may vary, but, certainly, no one's time more than the Governor's.

Austrian Refuge Shares Trailer Home

Karl Goldschmidt is one of the last of the Austrian refugees to take up residence at a U.S. university. He is being interviewed here at Indiana University in the dormitory he has been allotted to along with other Austrian students. He played professional football in France, plans to try out for the football team next fall.

College House Loses
To Graduate Quintet

College House was heavily defeated by the Graduate Quintet, 52-23, at the State College Coliseum last night. The victory was the third in a row for the Quintet, which has been playing without its usual leader, R. W. Tavener. The Quintet's victory was a result of the fact that the College House line could not withstand the pressure of a powerful Quincy attack.

Owls Suffer Sixth Defeat
As Hartwick Wins 46-33

State College and Defense
Collapses on Warriors

Cat Eastland

The Owls were defeated by the Warrior sweats 46-33 last night at the Coliseum. Although the Owls led in the first half, the Warriors' defense proved too strong for the Owls. The Owls lost their sixth game of the season, and the Warriors now have a 7-1 record.

Students Will Have
Broadcasting Station

Continuing a long tradition of the high school, the school's radio station will be on the air this year. The station is being built by a group of students, and will be used for broadcast of all school events, including football games.

The Latest in Tailgating

The latest in tailgating at the school is the use of a portable tailgating stove. The stove is a folding unit that can be set up in minutes, and it provides a convenient way to cook food at the game. The portable stove is an improvement over the traditional tailgating grill, which is heavy and bulky.

Crews Working on
New Building

A crew of workers is currently working on the construction of a new building for the school. The building is being constructed on the new campus, and will be used for classrooms and administrative offices.
