The survey conducted a year or two ago in which the students were asked to indicate the extent to which they believed the college did certain things. The results showed that the students had a very clear idea of the extent to which the college was doing its job. The results also showed that the students were very satisfied with the way the college was doing its job. The survey also showed that the students were very clear about what they expected from the college. They expected the college to be honest, fair, and just. They also expected the college to be efficient, effective, and successful. The survey showed that the students were very satisfied with the way the college was doing its job.
