HAMMING IT UP

by Ron Hamilton

With the big game of the season scheduled to be played today, the number of people that have passed through the turnstiles at the ball park is reaching an all-time high.

It could be that the winning team is the reason for the increase in attendance, but the Mets are drawing more fans this year than they have ever before.

The fans have been duly rewarded for their loyalty with some rather colorful plays. Where else can you find a ball player that has more heart and soul than Mickey Mantle, or where can you find a second baseman that have become starting pitchers.

How many outs were there in the game between the Mets and the Giants? Four.

Three League I Teams Win Two;

Second, Third League Begin Play

by Al Morri

In this week's MLB action there were a few close contests as well as some blowouts. The Series II action is as usual as it never was. The winning teams of League I scored an 11-3 victory over the Giants as they started their second round and advancement to the last eight.

In other League I action, A & G made it through to the last eight. Two new teams were recently added to the league, which the winners completely dominated.

Mr. Munsey Runs Boston Marathon

by John Mone

Albany State University golf team from a victory over Philadelphia State, last Wednesday, takes on Hamilton's team today. Hamilton was the only team to hand the Tigers a loss last year and they are considered to be just as tough this year.

Mr. Kaiser at Home of Student Aide

George Kaiser's symbolic play, "The First League with a Few Men in the Ballpark," went ahead to a new phase this week.

Golfers Win, As Bayus Fires 69

by John Mone

Albany State University's men's cross country team, caught up with the rest of the pack after a slow start in two big meets in New York. There was one team, point that stood out this week: the men's cross country team. They were the only one that took the lead early in the race and never gave it back.

Capitol Area Religious Council Meets

by John Mone

Representations of three major religious groups in the state met today to discuss the possibility of constructing an interfaith center on the campus.

The Capitol Area Religious Council was established in 1973 by representatives of the Jewish, Catholic, and Muslim religious communities. Its purpose is to promote understanding and cooperation among different religious groups.

Primer Available With Student Tax

by John Mone

Joseph Green '64 announced recently that the 1964-65 primer has been published. The primer is a collection of popular music by contemporary artists and is available at a discount for students.
Protest Against Ticket System

We learn with much pleasure that the crime rate in Albany during this past year has not reached its previous year, for we are told that there have been no murders, only a few muggings, and several collisions. Can a grand total be decreased from 306 to 286, while the fatalities dropped to 244 from 336?

The news is a real complement to the vigilante police department of Albany and the effective enforcement of the laws which they go about administering.

While complaining Albany's finest, however, we would like to call your attention to the minor offenses which they fail to control. An alert for parking violations in the student residence halls will not fulfill a poster may then be hung on some wall toző to begin with.

New Publicity Devices Needed

Whenever an individual or organization wants to advertise some product, service, or approval, the poster must be sought from Campus Communique. The only means of communication is a poster which may be hung on some wall of sheltered buildings or public places.

Our University is constantly expanding, we feel that the present time is the moment for greater planning. A new system of communication by poster is inadequate.

Many students and the greater part of their college career are the audience, for example, and one or two posters displayed on the college buildings do very little good in bringing events to the students attention.

The new campus points out the need for better planning and expansion publicity. It is clear that the poster system is a menace to the campus and we do not see the communications needs of the various active organizations.

Campus Communique is in need of a reaffirming on this and other scores. For example, it supposes itself in the role of student parking lot. On this score the Communique need exercise greater powers of supervision.

Rand to Conduct Tomorrow

by Joseph W. Gelb

"This is something which we have been planning for some time," said Dr. Rand, "and we hope to make it a regular feature of our campus life." Dr. Rand is a well-known sociologist and has conducted similar seminars in other universities.

The seminar will be held in the auditorium of the student union at 10:00 a.m. Dr. Rand will discuss the importance of sociological research in understanding modern society.

Pianist Looks to Brussels,

Various Forms Included

by Jeanne M. Gann

The pianist, Marcia Davis, will perform a variety of works at the Brussels concert. The concert will be held in the main auditorium of the student union at 8:00 p.m.

The program will include works by Beethoven, Chopin, and Brahms. Davis is known for her virtuoso performances and has performed in many concerts throughout the world.

Professor Earns Doctorate

Meredith Subject of Thesis

by Robert E. Gann

Professor John E. Gann has earned the doctorate in history with his dissertation on the life and work of Meredith. The dissertation was written under the supervision of Dr. Alfred B. Smith, Professor of History.

The dissertation is based on extensive research in European archives and libraries. It covers the life of Meredith from his birth in 1819 to his death in 1883. The work is considered a significant contribution to the study of Victorian literature.

Astronomy Chairman to Use NASA Grant

for Space Research

Dr. Charles H. Benefield, chairman of the astronomy department at the State University of New York at Albany, has been granted a research contract by the National Aeronautics and Space Administration.

The grant will be used to study the effects of the Earth's magnetic field on the behavior of electrons in the upper atmosphere. The research will be conducted at the University of California at Berkeley.

The announcement was made through NASA spokesman John D. Kennedy.

If you want to work, contact Al Bader at the Student Activities Office in Brubacher.

Errant Fielding By Baseballers Prompts 7-4 Loss To Siena

by Mike Gilchrist

Led by the classy pitching of John Bortolotti, the Siena Indians toppled the varsity baseball team 7-4 in a home game last Friday. Siena's starting pitcher Ray Winke was plugged in a groove that allowed six runs to score. In the season's opener Winke had dropped on eleven innings 4-3 to Siena at Loudonville. As is usual when those two arch-rivals compete, the stands were filled with avid rooters from both schools.

Some fans from either side, likely to be nervous or anxious, bought two or three tickets for the Siena-Cobras game. The harmony and discard of the previous game was evident in the stands. Those fans were greeted with a classy and enjoyable program. The Indians were not penalized for their errors, but instead were made to pay dearly for their mistakes.

The team feels that the match will go to the eighteenth hole. They feel that the contest was to be the second and third; the ball was fired for easy putouts. Co-Captain Gary Smith was expected to return to the attack.

Mike Loyus, number one man, its toughest competition will come from 5-0-1 record. The team feels that the tide then seemed to be turned.

Mike Loyus shot a 72 for medalist

ROMPS FROSH NINE

enjoying three more runs, giving the Frosh Nine the victory.

STATE Threatens

The fans were yelling for runs in the first inning, but the Siena team refused to be outdone.

Flame of David (II Samuel, xxv, 3, 4)" will feature the University Band in the concert with "The Last Words of Stein's "West Side Stovo." Flat for Military Band" by the late Randall Thompson and "Hallelujah Chorale" of David (II Samuel, XXIII, 3, 4)"

Two Matches

The fans were yelling for runs in the first inning, but the Siena team refused to be outdone.

Graceful, yet patient, the Siena runner on first base was able to score on a low throw to first. The next batter was out, but the runner on second was able to score on a wild pitch. The pitcher then walked the batter on the first road. The next batter allowed the runner on second to score, but the pitcher was able to retire the next two batters.

The Indians continued their winning ways by winning two out of three games this week.

The Indians continued their winning ways by winning two out of three games this week.

State Music Department to Present Ensembles in Spring Music Festival

The Music Department of the State University of New York at Albany will present the annual Spring Music Festival, The first concert on May 14, 1964. The second concert on May 14, 1964. The third concert on May 14, 1964. All of the instrumental and vocal ensembles of the University will be presented in the two programs.

The first program on May 14 will feature the University String Orchestra, the Brass Ensemble, and the Concert Band, all under the direction of William Hudson.

Firesmen 'Battle' Incinerator at Sayles

Air Force Department sends one of its finest engines in response to the alarm from Sayles. The incident occurred in the Junior class. As with the first such occurrence, there was no cause for alarm, and the alarm was quickly extinguished.
