Suspects Linked to Burglaries

According to one victim of the burglaries, who walked in on the burglar at 7 a.m., "When I came home from work, I found my front door open and my house had been ransacked. I think someone was trying to get away with my stuff, but I couldn't catch them." The woman said she had left her dog inside, which was later found dead in the back yard.

Police are now investigating the incident and have released several surveillance images of a person of interest.

Suspect in Custody

A 31-year-old man was taken into custody by the police and charged with burglary. According to the police, the suspect was seen on camera entering the victim's home and was later found with stolen items.

"We're confident that we've made an arrest," said Detective John Smith, lead investigator in the case. "This is a significant break in the case and we hope it will lead to the return of the stolen items."
Black Alliance Renamed ASUBA

by Neville Hubert

The Educational Opportunity Program (EOP) at SUNY Albany has changed its name to the Black Alliance at SUNY Albany, effective July 1. Although staff and members of the old EOP, Campbell said ASUBA will have new programs for students, and an emphasis on leadership.

The new name came with a tough decision to make, said Campbell. "I didn't want to lose the name," he said. "But the name had to change." He added that the new name better reflects the organization's goals.

ASUBA has already developed a stronger focus on black student issues, said Campbell. "We have to try to do better," he said. "And the new name fits that." He added that the organization will be more active in the future.

The old EOP will continue to exist, but will be merged into the new ASUBA organization. The new organization will have a more active role in the community, said Campbell. "We have a lot of things we want to do," he said. "And we're going to do them."
Helping Each Other Work!

By MICHAEL FRIED

It was with great joy that I received the letter from Bob Douglas, the well-known producer of "The Beatles," who was visiting the Albany area recently. He expressed his delight at seeing the Albany Student Press, and mentioned that he had been reading it regularly for many years.

Bob Douglas is also a great admirer of The Beatles, and particularly of Paul McCartney, whom he considers to be one of the greatest songwriters of all time. He was very impressed by the way the press had covered The Beatles' concerts, and he was pleased to see that there was a positive image of the band in the press.

Bob Douglas also expressed his support for The Beatles' message of peace and love, and he encouraged the readers of The Albany Student Press to continue to support the band and their message.

In conclusion, Bob Douglas's letter was a great boost of morale for all of us on the Albany Student Press staff. We are very grateful for his support, and we will continue to do our best to cover The Beatles and their music in a positive and accurate manner.

Can Students Score?

by Leslie Vignes

For as long as I can recall, I have been the woman working at Dippikill. Much to everyone's surprise, I am not there for coffee, but rather for some 'student-sitting'; when needed, and have been known to successfully turn some students away. I have learned to deal with the situation of a 'busy' student, a 'distracted' student, or a 'sleepy' student. Some say that my job is to be 'Motherly', but I disagree. The job is to be 'Studently' and help them when they need. I have learned to deal with the situation of a 'busy' student, a 'distracted' student, or a 'sleepy' student. Some say that my job is to be 'Motherly', but I disagree. The job is to be 'Studently' and help them when they need.

Dippikill

Are you tired of going to the same old place for vacation? This Spring - do it differently! There are still cabins at Dippikill available during vacation.

Come to the SA office (CC 346) for reservations.

/anumber of influences. One of them is the Undergraduate Bulletin, providing general academic information, university regulations and course offerings. The other is the University of King's College. We are a small institution in King's ACT, supposedly providing just that. The Undergraduate Bulletin is making the claim that it is not. The journal however, King's ACT is making in a similar way. The King's Bulletin is, however, more specific and accurate. Its total and accurate information makes it useful. Whether it is a true statement or not, it is still a valuable resource. The journal is made for the academic year, not the academic calendar. The Undergraduate Bulletin, on the other hand, is made for the academic year, but not for the academic calendar. The King's Bulletin is made for the academic year, not the academic calendar.

So the question remains, are you going to use this issue of the BONEZ as a study guide or a reading aid? I would recommend you to use it as a study guide. It is a great tool for the academic year, not the academic calendar. The journal is made for the academic year, not the academic calendar.

(Psyche Development)

The groups of social, emotional, and intellectual development are considered to be the three main factors in student development. The social group is made up of the students in the elementary and middle schools, the emotional group is made up of the students in the high schools, and the intellectual group is made up of the students in college. The social group is made up of the students in the elementary and middle schools, the emotional group is made up of the students in the high schools, and the intellectual group is made up of the students in college.

Threwback In Tourneys

Mattie, who clocked in at 9:18 in the double with a leg, said, "I got a good third, fourth, and fifth."

Donnie, who finished third in the double, added, "I was convinced that this was the race for me."

A week ago, the Hunt double placed fourth in the state tournament. Despite not qualifying for the state tournament, the team continued to train and prepare for the upcoming meets.

The team's next meet will be against Woodstock on Tuesday, March 14th. The meet will be held at the Woodstock High School track.
