Booters Score Homecoming Win
As Five Goal Half Clobbers Post

By Roy McCarr

Playing before a Homecoming crowd of over 2,500 enthusiastic fans, the Albany State varsity soccer team crushed a determined and swift C.W. Post College squad, 4-0, on State Field last Saturday. The game was closely contested, but it was not until the middle of the second half that Booters stumbled. Post's tendency to move swiftly down the field found the Booters keeping up with only half their strength in the entire contest.

The score was tied at 1-1 until the 33rd minute when Paul Spence of the Booters turned in a nifty goal to go ahead. Bob Williams of the Posters equalized on a resultant move two minutes later. The situation remained the same until the second half.

Despite the lack of a goal, the Booters played to a draw in the second half. The Booters made the most of their possession, but the Posters were equal to the challenge. The weather was sunny, and the grass was in excellent condition.

Lacrosse Club Being Formed

A group of students interested in the formation of a lacrosse club met recently on the campus.

The group, which consisted of a number of students from different organizations, discussed the possibilities of forming a lacrosse club.

The meeting was well attended, and the group decided to proceed with the formation of the club.

Happiness Is a Sure Goal. A Sure Goal Is Sure.

As the old year was being run down, the annual Homecoming game was played on the campus.

The Booters, led by their star quarterback, scored a dominating victory over the Posters. The Booters' victory was well deserved, as they played a solid game throughout.

Committee Votes Against Salaries

A motion to further the cause of students' rights was discussed at the meeting. The motion was proposed by a student member of the committee and was seconded by another student.

The motion, which called for an increase in student salaries, was voted down by the committee.

The motion was then referred to the next meeting for further discussion.

President Collins Expresses Hope
Student Tax Remain Voluntary

In regard to the voluntary nature of student tax, President Robert N. Collins said Monday that Student Association should make every effort to obtain the assessment and collection of student tax in a timely manner, and that the student tax should not be considered a voluntary fee.

"I believe that the student tax is necessary, it would be because it would be on the basis of a voluntary basis," Collins said. "The student tax is necessary, it would be because it is a part of the student's educational experience."}

BUS CROWDING DUE TO IMPATIENCE
Survey Reveals Empty Buses

The survey of bus ridership revealed that the University bus system is overcrowded, with buses often carrying more than their capacity.

"The survey shows that the University bus system is overcrowded," said Mr. Smith, director of the University Transportation Services. "The buses are often carrying more than their capacity, which is a concern for the safety and comfort of passengers."}

Scrutiny Needed

The fact that the student fee is now being used to subsidize the Center to look carefully at all budgets submitted to it this year.

The evaluation of the groups which provide a product, service or event of general interest to the student body will be based on the ability of the group to interest a number of students in attendance. The product, service, or event of the group which was to be subject to such a scrutiny will be evaluated with fire and flight.

We wonder if the Music Council, because of the small size of the group, will decide that the inclusion of a music fee for a musical which may interest a very small number of people. They would not be as happy as anyone if they tried to cut a large part of the population of South Vietnam in an ad which would result in the cancellation of that ad.

We believe that the Music Council would be willing to accept a larger portion of the musicals in addition to the advertisement which would be used.

The administration, with a larger portion of the student body, should be included in the planning of such a musical, so that the student who is interested in a musical can be included.

The administration, however, is not required to accept an interest in such a musical, even if the administration does not believe that a musical is of any interest to the student body, because it has been shown that the student interest in a musical can be affected by the administration.

The Music Council should be responsible for the inclusion of a musical in the programming of the school, and not merely the interest of the administration.

Unfavorable Prospects forDemocracy For South Vietnamese People

Many communists on foreign areas have said that the demonstration is a sign of weakness.

A demonstration like this would show the communists clearly what they have gained.

We believe that the demonstration is a sign of the population's desire to continue its struggle.

The communists are not the only ones who can influence the population. The population can influence the communists.

The communists cannot force the population to continue its struggle.

"These are the times that try men's souls." No, we're not calling for a rebellion against our University system. We just get a little excited when we think about the chance to fill in Frank Belcher's position. We are just expressing the general anxiety that is felt by those who have been following our sports programs in recent years. We are experiencing a loss of identity and direction in our athletic endeavors. The winters are getting longer, the seasons are overlapping, and the sense of purpose is fading. The football team is more interested in its own business than in the welfare of the campus. The basketball team is struggling to find its place in the national rankings. The track team is suffering from a lack of leadership and direction. The swimming team is facing a crisis of morale and motivation. The tennis team is struggling to maintain its level of performance. The baseball team is facing a crisis of confidence and lack of interest. The soccer team is struggling to find its place in the conference. The volleyball team is facing a crisis of identity and direction. The golf team is struggling to find its place in the national rankings.
