STATE VS. UPSALA ON HOME COURT THIS AFTERNOON AT THREE

St. Stevens Game Canceled

When the baseball fans heard that State's game for May 16 had been canceled by the St. Stephens, they were disappointed, due to trouble in the St. Stephens mine the management deemed it advisable to cancel all remaining games on the schedule. The unavoidable had happened, but due to some snappy work on the part of Coach Wagner, State will have an opportunity to pit its entire strength against the Upsala College team at Ridgeland park today at 3 o'clock.

Tennis Game Cancelled

The tennis match which State was to have played with St. Stephens, Friday, May 9, was canceled because of the rain.

Professor Hilley Made Judge on Debate

Professor Hilley is asked to be one of the judges at the class的速度 in the "Entrees Internationale Debate." Kingston versus Norden, which is to be held at Newburgh, May 8th. The question is whether the "Balk Peace Plan" play should become part of the foreign policy of the United States or not.

MISS MARTINEZ

With our mothers, fathers, and friends, we have sponsored the entire student body during this year's carnival. We came in such numbers that the auditorium was packed. We saw, we enjoyed, and we pronounced the entire student body owes Miss Martinez, the carnival, one of the State's biggest events, would have been impossible.

Music Club Loses Good Program for "E" String But Elects Officers for 1924-25

All good things must come to an end, sooner or later; so the members of the Music Club think. On Thursday afternoon, May 8, this club held its last meeting for this semester. Owing to an "E" string, which evidently thought it had done its duty on previous occasions, a pleasurable violin recital by Nettie Gilbert had to be cancelled.

The organization elected its officers for 1924-25:

President—Beatrice Backer
Vice-President—Marjory Wright
Secretary—Nellie Gillow
Chairman of Membership Com.—
Marion O'Connor
Chairman of Programs—
Ruth Johnson

MOTHERS HEAR PHASES OF COLLEGE LIFE AT SATURDAY-AFTERNOON TEA

It is to be regretted that so few of the students and the faculty members will have the opportunity to take advantage of this excellent opportunity. The students should be encouraged to participate in the various activities of the college. If the various fundamental ideas of the plan are to be kept, the student body must think, really think, before it makes a rash move.

CALFAND, MAY, 16, 1924

BURNE THOMPSON GRADUALLY REGAINS HEALTH AFTER NEAR BREAKDOWN

The health of Dr. Thompson is greatly improved, according to persons in close touch with him at this time. He still under certain circumstances, a physician and is not permitted to undertake much exercise. It is said he is on the road to complete recovery.

At his home at 914 Madison avenue, Dr. Thompson is taking a much needed rest, his physical advisers say. Very few friends are allowed to disturb the patient, since it is claimed overwork and constant mingling in social affairs are responsible for his ill-health.

Privileged visitors include Dr. Brunner and Mr. Canfield. Mr. Canfield is remaining to be a companion of Dr. Thompson until the latter recovers. So far it is not clear how long this plan will be made by Dr. Thompson himself or his professional attendants for a prolonged stay. The doctor has been advised to return to his usual circle of friends, and teachers.

Dr. Thompson has been obliged to give up his entire activities in the music world during the remaining part of his illness. He devotes considerable time, nevertheless, to the usual activities of his particular interests. He will be able to resume on the opening day of school at college this semester, nor will he be able to take his customary summer school courses.

NOTICE TO BOBS

Gentlemen! Beware of bobbing your hair, ye of the unholy type, and ye of the holy type must let your hair grow! Increase in hair length, therefore, and do not have your hair cut for a full head. In several towns, bobbed hair has been banned from the general circulation for ever. It has been found that the proper respect from their public and private duties. There are, however, new devotes of bobbed hair in State College after all positions are obtained.

MOTHER AND DAUGHTER WEEK-END ACCLAIMED POPULAR BY ALL

The Mother and Daughter weekend arrangements by Y. W. C. A. rates as one of the greatest opportunities open to women today. This subject was one of the great demand for teachers. They may write one story and get it filmed; this is called a single job. However, some are connected with a company, and write stories for them, for variety or for the sake of the particular one. There are those who write the titles and sub-titles, and those who follow the "Trixies" about with script in hand to see that every detail is correct. Still others are costume designers.

Teaching

As we all intend to be teachers, Miss Barclay counts the teaching profession as a vocation. Why are we teachers? Why not any other occupation? The salary is very good especially in the last few years. With this, we are able to support our families and marry. One is the great demand for teachers in the world today. The teaching profession, there are not many risks as, for instance, in open excursions. They may write a story and got it filmed; this is called a single job. However, some are connected with a company, and write stories for them, for variety or for the sake of the particular one. There are those who write the titles and sub-titles, and those who follow the "Trixies" about with script in hand to see that every detail is correct. Still others are costume designers.

Chewing Gum Aids Digestion

By C. Houston Goodies
Publisher of The Forecast—America's Leading Food Magazine

Everyone knows we are given to eating more than we actually need, but while the table is heaped with good food, "what's a feller to do?" Things are so tempting, and so palatable! Why not enjoy them?

But many a heavy meal which is hugely enjoyed during the process of eating is far from enjoyable during the process of digestion.

Then it is that chewing gum comes to the rescue. Dr. W. A. Evans, former commissioner of health in Chicago, says in his book, "How to Keep Well":

"To chew gum after a meal aids digestion. Most people do not chew their food long enough to mix saliva with it thoroughly. The chewing of gum adds some saliva to the stomach contents. It is of more service in stimulating the stomach muscle. It is especially serviceable in helping the stomach to empty its contents. If one has overeaten and the stomach is heavy something is gained by chewing gum for half an hour, beginning two hours after eating." And it also helps to keep the teeth clean.

Cicle, the base of chewing gum, is the milky juice which is secreted by the inner bark of a tropical tree known as the Acharis Sapota.

Only during the rainy season are the trees "bled.

After being refined and sterilized, the chicle is mixed with sugar and flavoring and moulded into the familiar form which has become so popular.
