Clarke Wins Great Dane Tourney

By Stuart Thomas

It’s always a good time when a team can go to the top of the standings in its league. Clarke has accomplished that twice this season, and the Danes are the No. 1 team in the USBSF standings heading into the final day of the season.

Clarke has been on a roll lately, winning its last two matches in a row. The Danes defeated Southern Maine 3-1 at home on Saturday, and then traveled to play Vermont on Sunday.

The Danes controlled the game from the start, scoring three goals in the first half. Vermont had no answer for Clarke’s offensive attack, and the Danes cruised to the win.

Clarke is now 6-0-0 on the season, and is the top team in the USBSF standings. The Danes will look to continue their winning ways when they host Colby College on Wednesday.

Harriers Split, Record 7-2

By Rich Sullivan

Rutgers University-Newark, known as Harriers, played Medaille College in a recent match. The Harriers won 7-2 to improve their record to 7-2 on the season.

Harriers scored four goals in the first half, taking a 4-0 lead into halftime. Medaille scored twice in the second half, but Harriers held on for the win.

The Harriers are looking to secure a spot in the NCAA tournament with their strong record this season. They have one more regular season game before the tournament begins.

Danes’ Paul Feldman completing stroke in Great Dane Classics, held last weekend. Albany finished in a tie for fourth with Springfield.

In the Table Tennis match, it’s about to get serious. Rex Smith checks out his opponent, who is a tough rival. Smith was able to win two of the three sets, securing the victory for the Danes.

Smith’s victory was crucial in the overall match, as the Danes went on to win 3-2 against the Bears.

The Danes are now 4-1 on the season, with one more regular season match remaining. They will look to continue their winning ways as they prepare for the NCAA tournament.

Benecke Saga Chronology

In 2017, Benecke was charged with first-degree grand larceny for allegedly stealing $160,000 from the College of Arts and Sciences at the University of Albany.

Benecke was arrested on October 20, 2017, after an investigation by the Albany County District Attorney’s Office.

Benecke was accused of using his position as the college’s dean to divert money from the college’s budget to his personal bank account.

Benecke denied the charges, saying he never stole any money from the college. He claimed the money was actually intended for use by the college, but was diverted to Benecke’s account by mistake.

The college investigation found that Benecke had used a college credit card to make purchases on his behalf, and then billed the college for the expenses.

Benecke’s trial began on October 2, 2018, and lasted for several weeks. He was found guilty on all counts and sentenced to five years in prison.

Benecke is currently appealing his conviction, and is seeking a new trial.

DOB to Decide on Environmental Studies

By M.J. Mountnot

A proposal to establish an Environmental Studies program at SUNY Albany has been submitted to the SUNY Board of Trustees. The proposal is being considered by the university’s Board of Trustees, which will make a decision on whether to approve the program.

If approved, the program would offer a bachelor’s degree in Environmental Studies, with a focus on natural resources management.

The proposal includes courses on environmental science, policy, and economics, as well as a capstone project that would require students to develop a comprehensive environmental plan for a real-world site.

The proposal also includes plans for a new academic building, to be constructed on the SUNY Albany campus. The building would include state-of-the-art facilities for environmental research and education.

The proposal has received a mixed reaction from the SUNY community, with some faculty members and students expressing support for the program, while others have raised concerns about the cost and feasibility of the project.

Malcolm X

A new proposal for a Malcolm X-related study program has been submitted to the SUNY Board of Trustees. The proposal includes courses on the life and legacy of Malcolm X, as well as a capstone project that would require students to research and present on a topic related to Malcolm X.

The proposal has received widespread support from the SUNY community, with many faculty members and students expressing enthusiasm for the program.

The proposal is being considered by the Board of Trustees, which will make a decision on whether to approve the program.

If approved, the program would offer a bachelor’s degree in Malcolm X Studies, with a focus on African-American studies, history, and culture.
