Waterman Closer Than Ever Before

Teaching Excellence Documented

In a recommendation entitled "Action by College of Arts and Sciences," and distributed to Waterman and the University Council, the committee noted the "large number of letters from students," which "appealed to her thoughtful, individual efforts...." and that "Dean Bers' positive recommendation..." signifies the end of the Waterman case. She is expected to receive a rigorous review from outside evaluators.

Final Decisions Soon

In its second statement, the Faculty Personnel Committee commented on what it calls the "relative paucity" of substantive reasons in the chairman's letter of transmittal. Apparently, the Dean recommended Waterman in large part because of student testimony on Waterman's behalf, which would establish her as an emerging national leader in her area of research.

Problems on Alumni

Alumni Quad RA's refuse to unlock doors as part of their protest against insufficient pay. The downtown RA's are protesting this as a violation of their job action. The action followed unsuccessful attempts on the part of the SUNYA Residence Assistants to negotiate with the Office of Resident Life. As a result of this action, the RA's and their counterparts on Alumni Quad were turning in their master keys. Both quads' Residence Assistants were acting in protest of what they feel are insufficient interventions for their services.

RA "Job Action" Continues

By Ann E. Butler

While RA's on Alumni were initiating their "job action" last Friday, their counterparts on Alumni Quad were turning in their master keys. Both quads' Residence Assistants were acting in protest of what they feel are insufficient interventions for their services.

Problems on Alumni

Alumni Quad RA's refuse to unlock doors as part of their protest against insufficient pay. The downtown RA's are protesting this as a violation of their job action. The RA's questioned their intervention in the matter of insufficient pay. The action followed unsuccessful attempts on the part of the SUNYA Residence Assistants to negotiate with the Office of Resident Life.

A Waiting Game

Where everything stands on a University-wide basis is unclear right now. So far, meetings with Residence Officials have proved inconclusive. To date, the Residence Office has shown no serious consideration of the RA's proposals. It appears to be a waiting game.
Would You Like To Be A.U.N. Delegate?

Come to a meeting for the Model U.N. Convention Today, Feb. 6
8 pm  CC 308

As a no-stress way of acquiring a "sounding board" for the U.S. Senate, you may like to be a delegate to the annual Model United Nations convention. And here's your chance: the meeting is at 8 tonight in Chow Hall. So come and join your friends in the U.N. Club, sponsored by the government department of Student Life and sponsored by the Student Senate, to learn about the convention and how you can participate.

State

New York Assembly: The 230-member State Assembly met Monday for the opening session of the 106th legislative session. The new session is expected to continue through June. "There will be a great deal of activity during the session," predicted James H. Shepley, speaker of the House. "We expect to pass as many as 750 bills and measures." Shepley said that the new session will be "a very busy one" for the Assembly.

The Assembly, which consists of 130 Democrats and 100 Republicans, will consider legislation on a wide range of issues, including education, health care, and environmental protection. The Assembly will also be considering bills to provide funding for state and local governments, and to increase the minimum wage.

Study in Guadalajara, Mexico

Early summer session. Study May 11-31, 1973. 15 credits available. Language and cultural immersion in the heart of Mexico. Program offered by the City College of New York, P. O. Box 134, New York, N.Y. 10013.

Graduate Advisor Positions Available for 73-74 at Seyes Institute for Human Rights, Blyth House and Pierce Halls - Alumni Quad

Interest Meetings Will Be Held:
Monday, Feb. 20 - 9:30 pm Seyes Lower Lounge
Wed. Feb. 14 - 4:00 pm Blyth House Mains Lounge
If interested but unable to attend, call 747-7761

Security Officer - Safety Support Effort

Members of the security force who are interested in working with the public are requested to contact the office of the Student Recreation Service at 747-7761. They will handle the many requests for information, advice and assistance that the public will need from the University. They will be provided with a "security badge" and a list of emergency numbers.

Holly Wanted

Two special student assistants for Central Council.

No need experience necessary, but typing skill would be helpful.

Approximately 15 hours per week for the rest of the semester, on a flexible schedule.

Pay is fair and job should be interesting and rewarding.

Have a pleasant and friendly disposition.

Apply in CCA 346 before February 3.

ALBANY STUDENT PRESS
Rash and Arbitrary

The latest edict from Student Organization Administration (SOA) says it is against the law to possess cats on the grounds of Stuyvesant Towers. This is a rather sad commentary, indeed. What is the SOA's reason for existence? As far as I can see, it is to provide students with the opportunity to have pets. The SOA claims that they would have only one half the work to do if it were not for cats. This seems to be a rather weak argument, but none stranger than this recently involved in the SOA's decision to ban pets.

Some student observers have gone so far as to suggest that the SOA is trying to control the student body by prohibiting them from having pets. This seems to be a rather ridiculous argument, but none stranger than this recently involved in the SOA's decision to ban pets.

The SA s reason for existence would be gone. It seems that the Administration no longer considers it necessary tu maintain a student organization. The only trace ever found was the halfillaume iron cross. No other trace had been seen. This is good because it allows the community to maintain a better sense of community. As it turns out, Housing is really the leader of the cats. The leader of the cats was named Ken, and he and Killard had come to dislike each other after Killard refused to let the cats roam in the hall. Edith Jones was never seen again, and neither was Miss Stompers. No other trace had been seen. This is good because it allows the community to maintain a better sense of community.

Brooks Conducts Bloch
The University/Community Center is happy to announce that Daniel Barenboim, performing with the Contemporary Chamber Orchestra at the Community Church, Lower East Side 105, will perform on January 18. The program will include Bloch's "Sacred Service". The performance will take place at 8:00 PM. For more information, please call the box office at 212-529-3310.

Heartbreak Kid - Inescapable Cruelty?
By Mike Lippman
Every young woman must face the inevitable question: "Who will I be when I grow up?" In the case of "Heartbreak Kid," the film, the answer is clear: a sophisticated, cunning, and manipulative lover. When the 1960s, the era of sexual liberation and free love, collided with the conservative values of the "square" generation, the results were predictable. A young woman, played by Ann-Margret, is lured into a relationship with a married man, played by Tony Curtis, who uses her for his own amusement and pleasure. The film explores the themes of power dynamics, the struggle for identity, and the consequences of actions. "Heartbreak Kid" is a cautionary tale about the importance of self-awareness and the dangers of infatuation with someone who is not ready to commit.

Heartbreak Kid was released in 1969, directed by Arthur Hiller, and produced by Dino De Laurentiis. The film starred Tony Curtis, Ann-Margret, and Pat Harrington. It received mixed reviews upon its release, but has since become a cult classic and a beloved film of the 1960s era.

Swimmers Sink Again; Only 8 Make Trip
By Steve K. Katz
Can you believe it? Our university, SUNYA, has once again failed to qualify for the swimming and diving championships. This year, only 8 swimmers made the cut, down from the 19 last year. The reasons are many, and I think it's time we take a closer look at what's going on.

First of all, the team is missing a few key players. Our former star swimmer, who was always a source of inspiration and motivation, is no longer with us. His absence is definitely felt, and we are struggling to replace him. Another problem is the lack of depth. We have a few strong swimmers, but we need more of them to be successful.

But the biggest issue is probably the coaching. Our coach, who has been with us for years, seems to have lost his way. He's not pushing us hard enough, and we're not getting the best out of our swimmers.

There's also the matter of recruitment. We need to find more talented swimmers to join our team. This is crucial if we want to compete at a high level.

But let's not forget the support system. Our parents and fans have been incredible, and their support has been a driving force for our team. We need to keep up the good work.

In conclusion, we have a lot of work to do. We need to recruit more swimmers, improve our coaching, and develop our depth. We're not going to win gold medals overnight, but we can certainly improve our performance if we work hard and stay focused. Let's make this year a success, and show the world what SUNYA's swimming team is made of!

**Danes Make It A Sweep; Top Potsdam**

By Bruce Magnus

The University of New York at Albany continued its winning streak by defeating Potsdam College in a thrilling match. The Danes took home the victory with a score of 9-2.

**Fisher Gets Tough With RA's**

In a controversial move, the Office of Residence Life moved to dismiss several resident assistants (RAs) from their positions. The action was met with widespread criticism and protest.

April 6, 1975

The move was initially met with widespread support, but as the story unfolded, it became clear that the action was based on miscommunication and misunderstandings.

The RAs in question had been working hard to address student concerns, but their efforts were not recognized. The university administration, on the other hand, was quick to act without fully understanding the situation.

Capacity Crowd Attends Senate Nixes Anti-Search Bill

**By Jay Hurd**

On Monday, February 5, the University Senate convened for its monthly meeting. The meeting was marked by passionate debate over an anti-search bill.

The bill, which was intended to prevent university administrators from searching student dormitories without consent, was heavily debated. Many senators expressed concern about its impact on student privacy.

The bill was ultimately defeated, with a vote of 125 in favor of the bill. The vote was seen as a significant victory for student rights advocates.

Senate Nixes Anti-Search Bill

The Senate rejected the anti-search bill, a move that was widely welcomed by students and faculty alike.
