College Theatre

State College Theatre will present a play this week. The play is titled "The Diary of a Madman," and it will be performed on Tuesday at 8 pm in the main auditorium. The play is directed by Professor J. M. Smith, and it features a talented cast of actors. The play is sure to be a hit with audiences.

State Plays Host To Renowned Vienna Choir In Page Program

The Vienna Choir will be the guest of honor at the State College Theatre this week. The choir will perform several classical pieces, including "Ave Maria" by Mozart and "The Sound of Music" by Rodgers and Hammerstein. The performance will take place on Friday at 7 pm in the auditorium. The choir is known for its high-quality singing and will undoubtedly impress the audience.

Legislature Will Decide Voting On Camp; Discusses New Sites

The legislature is currently discussing the possibility of voting on a new campsite. They are considering several options, including a site near the lake, a site in the mountains, and a site on the coast. The decision will be made after thorough consideration of all factors, including cost, size, and accessibility.

June Releases Notice

Notice of Christmas recess begins at 11:50 a.m. on December 15. This is the first official break of the winter semester, and it will last for two weeks. During this time, students will have the opportunity to relax and enjoy the holiday season.

Reduction of Seats Available

Due to low enrollment, the University has decided to reduce the number of available seats for the upcoming semester. This decision was made after careful consideration of the budget and enrollment figures. The reduction will affect all classes, including upperclassmen classes.

Discussion on three available campsites has begun. The sites include a site near the lake, a site in the mountains, and a site on the coast. The discussions will continue until January 7. Tickets will be available until then.

An organizational meeting, comprising students with outstanding plans, will be held on Tuesday at 8 pm in the auditorium. The purpose of the meeting is to discuss the upcoming election and to plan for the future of the organization.

No Time For Quibbling

To the Editor:

Today the college will vote on the motion postponing attendance at the Warrensburg Camp until after Christmas. We are of the opinion that no case has been made for the postponement of this camp. We feel that the students who are used to attending this camp every year should be allowed to participate in this year's camp.

Student Council Wednesday evening, voted to begin discussion on the possibility of postponing attendance at the camp until after Christmas. Furthermore, they voted to send a memo to Student Association to vote on the postponement of the camp for the fall semester. It is our belief that this motion will be approved when it comes before the Student Association for discussion on Monday afternoon.

We believe that postponing attendance at the camp is not the answer. The students have been looking forward to attending this camp for years. To postpone attendance would be unfair to the students who have been looking forward to attending this camp for years.

We urge the Student Association to vote against the motion to postpone attendance at the camp until after Christmas.

Supreme Court Outlaws Segregation
On Public Conveyances In South

The Nation

Big news in the nation this week is the recent Supreme Court ruling outlawing segregation. The Supreme Court ruled that there shall be no segregation on interstate travel on interstate railroad companies, one rail terminal company and one steamship company. This ruling has been hailed by segregationists as the beginning of total segregation in the South. The ruling will not affect all parties practicing segregation, and does not affect segregation in intrastate travel, however, this is one of the most sweeping rulings issued by the Supreme Court.

The prospects for an increase in farm income are just about nil. Most speculators agree that the farmer is in for another bad year. Farm incomes have dropped from 16 billion dollars in 1952 to an estimated 19 billion dollars in 1956. Most people seem to disregard the plight of the farmer since he does not begin to holler until it really starts to plow in.
