Father Starks Criticizes Speakers and Publications

By Linda White

The Rev. Donald L. Starks, Moderator of The Stu­dents Senate, expressed disagreement with the State University's Speakers and Publications committee as stated in the November edition of The Siena College Student Association News. In his letter, Starks stated that one of his students was denied permission to speak to the college on his views on the Catholic Church.

In the letter, which was addressed to the committee, Starks criticized the committee for its activities and its role in the university's history. He also expressed his concern about the committee's influence on the university's policies and the way it is run.

Starks stated that the committee was established to handle matters related to students' safety and was not intended to be used as a tool to control the university's policies.

In conclusion, Starks expressed his concern about the committee's role in the university's policies and the way it is run. He asked the committee to reconsider its activities and to make changes to ensure that the committee is run in a way that is consistent with the university's policies and the students' interests.
