lectures. His pictures on the Italian offensive are said to be unusually interesting. Professor Clark speaks Italian like a native and will be able to give the Italian point of view and reproduce to some extent the Italian atmosphere of the war. Students should be in their seats promptly at 9 o'clock in order that the lecturer may have all the necessary time.

Frosh M. Aroney

Returns

Corporal Arthur M. Aroney, former mens' gyn, instructor, returned to college last Thursday, after being discharged from Camp Grant, III., where he was in an O. T. C.

As yet Mr. Maroney has not decided whether he will return as an instructor this year or not. The entire student body hopes that he may, and that he may remain as instructor, and to coach the Basketball team, as he so ably did last year.

Y. W. C. A. CHRISTMAS PARTY

W. C. A. held its annual Christmas party last Tuesday afternoon in the college gymnasium. Every year the C. A. Christmas party has been an event looked forward to, for even a year always has such a good time. Moreover, this year's party surpassed all previous ones, for we not only enjoyed ourselves, but were entertained. Continued on page 3.

Student Assembly

Dr. Matzek of Cornell Speaks

Student Assembly opened last Friday morning with the customary singing of Alma Mater. The meeting was in charge of Myra Waterhouse, '19, introduced Dr. Brubacher, who expressed his pleasure at being able to officially give his approval of the Red Cross campaign. He said that although the country is war weary, still it will not deny the continued importance of the Red Cross organization exists primarily to soften the hardships of war, but also to alleviate suffering in peace times. It makes itself indispensable in case of disaster.

Art Students Attend Lecture

Professor Zug Discusses War Cartoonists

Thursday afternoon the members of the Art Department, including the Art Assembly, had the pleasure of hearing a lecture on war pictures and cartoons by Professor George B. Zug at the Historical Art Rooms. Professor Zug has been at Dartmouth College for some time and is practically the only person to speak on his topic authoritatively.

He opened his talk by declaring that in the early days of the war people said: "There is no art now; art is too unessential for war." But Professor Zug promptly at 9 o'clock in order that the lecture may have all the necessary time.

McMahon Elected Cheer Leader

Last Year's Leader Gets Lead of Fraternity

As a result of Monday's all-day balloting, Lawrence M. McMahon, '20, was elected cheer leader by 46 votes, against J. F. Baker, '21, the other candidate, will hold the position of assistant cheer leader. The success which McMahon had last year undoubtedly won the election for him. Bakers being a new and untutored candidate, came in second in the race, but his work in the position of assistant will surely show up his ability. With two such leaders as McMahon and Baker, State College will surely hold its own in noisemaking at games and assemblies.

Spanish Club

Spanish Club held its first meeting of the year last Wednesday afternoon at 3:30 o'clock in Room 269, Beatrice Sullivan, '19, the president, opened the club, gowned. A short business meeting was held at which Miss Sullivan asked the members of the club if they would consider another day or hour for the meeting. It was said they are now barred.

Professor Edmund was then introduced, and gave an interesting lecture on South America. It is Continued on page 4.

Cafeteria Cleared by Rule Breakers on Second Penalty Day

The second Freshman penalty day of the year came last Friday. The fresh whose name had been posted on the bulletin board by the sophomore vigilance committee, assembled in the lower hall at 4:15 p.m. From here they were escorted to the college cafeteria, where they had a taste of real army life, doing KP. Pots and pans were scored, tables cleaned, floors scrubbed, under the able supervision of sophomores and cooks.

Three Letter Men of Last Year's Team are Back

The basketball season has started at last and is going at a good rate of speed. Captain Fitzgerald, '19, has had the men working out in the Albany high gymnasium every morning beginning Monday from 5:30 until 7:00. The men are being worked hard in dribbling and shooting.

The outlook for a successful sea- son is bright. With the return of Lieutenant Currie, '19, a winning team surely can be built around Captain Fitzgerald and Marty Barry, '21, all stars of last year's Varsity.

Arthur C. Maroney, last year's coach, is pleased to know that this year he has a desirable candidate for coach. The splendid work done by him a good reason for his choice. Continued on page 3.

MERRY CHRISTMAS AND
HAPPY NEW YEAR, EVERYBODY!

That is what the "News" wishes for everybody at college.

Come home and have a glorious vacation, full of good times and real Christmas spirit. Then come back, rested, loaded with New Year's resolutions, and full of spirit which will conquer the exams and bring the first semester to a victorious ending.

The next issue of the "News" will be published January 9, 1919. The New Year will be more than a week old, so the "News" wishes everyone a Happy New Year now. And may success be the cause of much of the happiness!

IS COLLEGE TO BE A DEAD REFORMATORY?

Everyone knows that the spirit of State College is improving. Real college spirit has been born here, and is alive and well, and it will grow along side the famous "High School spirit" which will conquer the exams and bring the first semester to a victorious ending.

The students are "playing up" remarkably. The Frosh have shown that they are really with us — and the other classes have been "there" all the time. The men are working hard to make a team. They have worked hard all year to keep a college spirit going while working hard to make a team.

The foregoing may sound slight to the outside world, but it is true. The men have done it, and it is only fair that they be touched for any other purpose.

We want to point out that ignorance of the matter does not prevent the students from being conscientious. The Frosh have shown that they arc really with us and doing their share.

To lecture to college people on such a subject as punctuality — ridiculous! — ridiculous still, the "News" will not attempt to do so.

There is not a person here who does not want to have the necessity and the spirit of proper punctuality.

Therefore it is only necessary to state that every student is expected to be in class or at sports practice at 8:00 every Friday morning. And every student must and will be there.

A FRESHMAN SPOKES FOR RED CROSS

While we are making preparations for a Merry Christmas, we should not forget that there are many people who are suffering and who need help from us all. We are given an opportunity this week to show our thoughtfulness of them by doing something for the Red Cross.

The Red Cross Membership Drive is being held in college under the leadership of several committees and their lieutenants. These people will be sure to look us all up, when they come to us.

Perhaps, now that the war is over, we think the work of the Red Cross also comes to an end, but very many are still suffering in the future, but there are always home-made and newly made, just as conditions by fires, earthquakes and floods. It is always the Cross that is on hand at such times. How much personally do we know of these misfortunes, nevertheless they exist all over the world.

A great effort is being made to have a one person or two person membership in The Student, Sophomore and Freshman classes, as well as in the faculty. There is a desire that each person in State College may be seen wearing a Red Cross button. While we are buying our Christmas presents, let's be sure to buy one dollar for the good causes. What are we waiting for? Why not do it? Why not do it? Why not do it?

NOTE—The list printed below contains the names of those students who are slackers in the matter of paying their student tax. This list will be published weekly until it ceases to exist. Names will be dropped as fast as tax is paid in. The names of those honor men who have just received the opportunity to pay are omitted this week. They will be added hereafter if unpaid.

Interesting to note that though Spanish is spoken in the countries along the western coast of South America, Portuguese is the language of the whole of the eastern part of Brazil, and that pure Indian is still spoken in the interior, while dialects of English, French and Dutch are spoken in the Guianas.

Professor Stinard also described very vividly for us the social conditions now existing in South America. He demonstrated how many centuries must pass before the races can become absorbed sufficiently to bring about such a unity of feeling that South America can progress as North America has done.

He then went to Honolulu, and was head of the mathematics department in the McKinley High School for seven years. At the end of that time he returned to college, this time to Columbia, where, after two years, he received his degree of Bachelor of Arts. During part of this past year he has been pat­ternically doing his bit by farming, since he was unable to enter active service.
