Focus On The Future

Nelson Releases Summer Session Class Schedule

The Monday schedule begins for registration of the 1947-48 Summer Session at the State College of New york. The schedule may be obtained for registration at the office of the Registrar,or the office of the Summer Session Director, 8th floor, Old Hall. The schedule shows that the Summer School will begin June 1 with classes in the mornings and evenings.

To Hold Nominations In Today's Assembly

The Student Association Secretary, Mrs. Alice P.向记者, announced that nominations for the 1947-48 Student Body would be on the agenda of the Student Association meeting today. The meeting is scheduled for the regular time of 8 A.M. in the Student Union.

Dr. Jones Returns From Islands; Will Publish Books In Spring

Dr. Jones, who has been away on the islands for several weeks, returned to the campus yesterday. He has been working on a project for the United Nations and will be giving his time to the university next semester. Dr. Jones is planning to publish several books during the spring.

Eight Students Secure Positions

The announcement of the appointment of the following students to positions in the state's educational institutions has been made: Robert Johnson, a junior at the State College of New York, has been appointed as a teaching assistant at the University of Illinois. William Brown, a senior at the State College of New York, has been appointed as a research assistant at the University of Michigan. John Smith, a junior at the State College of New York, has been appointed as a teaching assistant at the University of Michigan. James Wilson, a senior at the State College of New York, has been appointed as a research assistant at the University of Illinois. Edward Davis, a junior at the State College of New York, has been appointed as a teaching assistant at the University of Michigan. William Martin, a senior at the State College of New York, has been appointed as a research assistant at the University of Illinois. Richard Johnson, a junior at the State College of New York, has been appointed as a teaching assistant at the University of Michigan. William Brown, a senior at the State College of New York, has been appointed as a research assistant at the University of Illinois.

SA Candidates Will Disclose Election Aims

Campaign Managers To Introduce Candidates In Today's Assembly

According to Dr. Louis C. Jones, for-ester, St. Joseph's University, the campaign will take place during the coming weeks. The campaign will be divided into two parts: the first part will be devoted to the introduction of the candidates, and the second part will be devoted to the campaigns themselves.

Root Of All Evil

"Money is the root of all evil." Most people worry about money only when they don't have it. A recent survey of 1,200 people found that 72% of the respondents who had less than $27,112.40 to spend next year's budget. Not very many said they were satisfied with their present income, but still a substantial figure of 45%. It was found that above the average represents approximately 21% from each of the 1,200, while the average income was $22,000. Included in this "generous" sum is an appropriation of $5,200 which the government might find that above total represents approximately $21,000. The average income was $22,000.

If there is any hope of keeping the annual tax at a given level, there must obviously be a cut in either the number of items in the budget or in the amount of money appropriated. The Department of Education has recently released information concerning a state appropriation of $5,200 which will be used for the proposed school building project. The new building is to be located at the present site and will cost approximately $21,000. This is in line with the trend of recent years to construct new buildings instead of spending money on existing ones.

This outlook on the part of the State University Board should be documented elsewhere, for the financing we want will go into a lot of money. The plan we can carry out is that of financing the new building.

The present school year the State University Board has been forced to consider the possibility of eliminating the budget. This is not likely, but it has been suggested that the student body be asked to contribute two bits. All students will be asked to pay this amount as a contribution to the building fund. It is expected that the amount will be approximately $21,000. The plan will be presented at the next meeting of the Student Union Board.

We The People... By INGRID AND WIGWATE

During the past week, the jazz band in the lobby of the Student Union Building has become a popular meeting place. It is now open to all students who wish to spend an hour or two listening to the music and socializing. The band performs every Wednesday night from 8:00 to 10:00 P.M. The music is provided by a variety of local musicians and is always well received by the students.

In conclusion, we would like to express our gratitude to the Student Union for providing such a enjoyable and relaxed atmosphere for our students. We hope that this event will continue and that we will be able to enjoy it for many years to come.

To Start Drive

For Cancer Fund

The news that the state will close the clothing drive for Nymegen with tag day was met with a great deal of excitement. The drive, which is to begin on October 1st, is expected to raise a substantial amount of money for the cancer fund. The drive will be held in cooperation with local businesses and organizations, and is expected to be well attended.
