Bob Borden ’41, Former C & W Chief—Still In The Business

Once a newspaperman—always a newspaperman. At least that is the way it’s been for Bob Borden, ’41, last year’s editor of the Watertown Times, who is now on the staff of the Watertown Times, one of New York State’s largest newspapers.

Bob, who has been working since early fall, must be quite a busy man these days, according to his sister, Miss Betty Borden, ’40, another former editor of the Watertown Times and Warren, who is now a junior at State College.

Said sister Betty, when asked what Bob’s job consisted of: “Well, he works in the advertising department a good part of the time, and is a sort of reporter-in-training or glorified office boy, the rest of the time. He likes the job a lot and especially enjoys the two nights a week when he works on the Times and is the only one in the building. Guess it brings back C. and W. memories.”

We wish you a lot of luck, Bob. The Watertown Times gained a valuable asset, when they hired Bob Borden ’41, as their night editor.

Wilson Presides as BAC Allocs Athletic Money

The Boys’ Athletic Council held its first meeting of the season on Friday afternoon, October 3, Alton Wilson, ’42, president for 1941-1942, presided.

Ways and means to raise money were a chief matter of discussion. For boys’ athletics received a cut in their budget for last year. Sanford Golden, ’42, was appointed to head a committee to study new methods of acquiring the necessary funds.

Of special interest to all Milne students is a new policy to be adopted for the first time this year: that of selling season tickets to parents for basketball games. The tickets will cost one dollar and will cover all eight home games. Only those who sell season tickets will be permitted to attend those games.

Funds were appropriated at the meeting which Coach Kooman Boyce, head of the basketball and foot ball team, will be able to use for the coming season. The money will be used for food, equipment, and transportation.

The advisers from the faculty, and other responsible members of the council were present at the meeting and showed interest in the work of the council to raise money.

Election of officers was scheduled for the next meeting, as the sophomore class has not yet elected members for the council.

"Round Town With Lo-Lo"

"Picnics and Hayrides and mid-winter sleighrides," the lyrics of a popular song fit the mid-season activities. The song, "Round Town With Lo-Lo," is a favorite among students in the Milne School. It's a popular folk song that celebrates the changing of the seasons, with references to picnics, hayrides, and sleigh rides. The refrain of the song, "I love to hear you sing, Milne Maestros!" echoes the spirit of camaraderie and enthusiasm that characterizes school life.

Music in Our Ears

From the moment we heard the Quartet sing at the opening assembly, we have been wanting to hear more and more, not only from these four boys, but from the newly formed A Cappella choir, and the band.

Each morning at 9:00 A. M. we hear strains from the newly formed A Cappella choir, and the band.

"Hello, students!" This column now makes its first appearance in the new CRIMSON AND WHITE. It's purpose is to review the better records of the week and give you some news of your favorite "name" bands.

Milne students to a "t". Picnics are more common to Milne Maestros than to the students of other high schools. This is due to the fact that Milne Maestros are more family-oriented and less inclined to "party" than other students.
